**TO ASK FOR INJUNCTION**

Dealers of Meat Will Try to Off-set Effective Work of Black-list of Strikers.

VERY HARD TO PROCURE MEAT

Union Men Have Cut Off Supply From Retailers Who Formerly Dealt With Big Packers.

Chicago, July 30.—The procuring of meat supplies, even at the high prices asked, has become a serious question with many retail dealers of Chicago. A "blacklist" has been put in circulation by the strikers, bearing the names of retailers who have purchased meat from the big packers, and the men listed are finding it difficult to get supplies from the independent packers. The system of picketing in force has made it almost impossible for them to buy of the big companies. The "independent packers" have been warned that the penalty for selling meat to the listed retailers will be the calling out of their own butchers. Several retailers whose business has thus been tied up have stated that unless conditions improve by Monday next they will go into the courts and ask an injunction against the strike leaders who are responsible for the blacklist.

Several big markets on the west and south sides of the city have been forced to close.

**CAN NOT FIND THE STOCK.**

Baltimore Canal Company's Collateral Missing From Deposit Vault.

Baltimore, July 30.—Governor Edwin Warfield, in conformity with the state constitution, has begun his semi-annual inspection of the state's securities stored in the vaults of the safe deposit and trust company, seeking particularly stock supposed to be held by the state in the Chesapeake & Ohio canal, but failed to find it.

Whether the stock was ever issued, or whether, if issued, it has been lost, is a mystery. It was supposed to be in the safe deposit vaults, but all traces of it are gone.

The state's interests in the waterway as set forth in the brief of Attorney General John P. Poe, filed in the court of appeals, amounts to \$29,052,724. This sum has been largely increased by interest accumulating.

The canal is now controlled by trustees representing interests of the Baltimore & Ohio railroad. The Western Maryland railroad, the extension of the Washab to tidewater, wants to buy the canal for railroad purposes and Governor Warfield wants the stocks at the consideration of the question of sale by the board of public works next week.

**CHINESE SAY OFFICIALS HAVE NOT ACTED FAIRLY**

Protest Against Deportation of Woman Who Came From China to Join Her Husband Here.

Portland Journal: Federal officers yesterday caused the deportation of Lo Mol, a young Chinese woman with a child three years old, who claimed to be the wife of Soo Ho Wing, a merchant of Astoria. The investigating board regarded her claims as a ruse to gain admission.

Go Log, another Chinaman, entered this country in 1895 unlawfully, it is said, and was ordered to return to his native land. Wong Si Hee was informed that he was unwelcome even if he is here and the board is now investigating his case.

A prominent Chinaman of this city takes exception to the actions of the federal officers in enforcing the exclusion act. He has sent the following communication to The Journal:

"The recent case of a Chinese merchant, his wife and his son shows more inhuman treatment by the exclusion act than was ever shown before. The case of Soo Ho Wing, a member of the firm of Andrew Kan & Co., is the one I refer to. Six months ago he drew a paper with the intention of bringing his lawful wife and his own son over to live in this country and they reached Portland on the last steamer, but his wife and son were disappointed in landing and the officers of the immigration department decided to send them back.

"I want to ask the public to give me their opinion of the case. The department found that the man is a merchant with their own knowledge and the man has his marriage license to prove the woman is his lawful wife.

But why should the officers give orders for them to depart?

"The worst of the case is that the man is sick with typhoid fever in the hospital between life and death. His wife and son have to depart on the same steamer which they came on. I want to ask, can any man who believes in freedom and lives in the land of liberty and Christianity treat any one this way in such a case? I wonder how would Mr. Barbour feel, or any one else, should some one give an order for his wife and children to be deported from his sick bed. They don't know whether he is going to live or die.

"If you are civilized give your consideration to this question. If you proclaim your land of liberty, Christianity and freedom where every man and woman has an equal right you have to prove yourselves worthy of all these; otherwise you make yourselves or your country become as a heathen nation as you call our Chinese nation. In the evidence of this case I judge you are far away from the principle of liberty and civilization and it is more so and worse than in our own heathen country.

"I would not blame Mr. Barbour about this case if the man were a common laborer, but he himself knows that he is a merchant. Is there any law to exclude the Chinese merchant's wife from the right to enter into this country? If there is none, then Mr. Barbour's action in this case is wrong. Let him suffer the consequences before the throne of the Almighty for his wrong action. He who thinks he is just and good according to his judicial power and renders his decisions against the just cause which makes the applicant suffer, will bear the consequence upon himself. H. E. L."

**Brutally Tortured.**

"I would cough nearly all night long," writes Mrs. Chas. Applegate of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Chas. Rogers' drug store.

**Night Was Her Terror.**

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick, of Colusa, Calif., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Chas. Roberts, druggist.
