

TOOK HIM FOR BURGLAR

Well Known Idaho Young Man Shot in the Stomach by Watchman.

WAS A FORMER EMPLOYE

Watchman Shot Through a Window of the Building—Young Man's Story Will Probably Be Buried With Him

Wallace, Ida., Oct. 10.—Paul Graff, one of the best known young men in the Coeur d'Alenes, was shot through the stomach and probably mortally wounded at 1:30 this morning while in the office of the Sunset brewery, the property of his uncle, James Murphy, the night watchman and engineer, did the shooting through a window, not recognizing the young man and suspecting burglars were at work, as there was another man with young Graff. What business Graff had in the brewery office is not known as he was not in the employ of the brewery. Young Graff is unconscious and his side of the shooting may never be known.

Murphy, who fired the shot says: "I heard a noise in the brewery office and went around to investigate. I looked through the window and saw two men crouched down underneath the desk. I called on them to throw up their hands and as they rose up,

other man without that other's consent. Versality is an injurious possession since it can never be greatness. Come what will, I will keep my faith with friend and foe. If any should be slaves, it should be, first those who desire it for themselves, and secondly those who desire it for others. Often a limb must be amputated to save a life, but a life is never wisely given to save a limb. A revelation could not make it plain to me that slavery or the government must be destroyed. Government of the people, by the people, for the people, shall not perish from the earth. Keep the jewel of liberty in the family of freedom. I have been driven many times to my knees by the overwhelming conviction that I had nowhere else to go. As soon as the business of the war is settled the Indians shall have my first attention, and I will not rest until they shall have justice.

WILL STOP SCORCHING

Chicago Authorities to Take Action Against Careless Automobilists.

ARE TOO MANY ACCIDENTS

Over Eighty Mishaps Since Jan. 1, 1904, and Almost All Attributed to Scorching—30 or 40 Miles an Hour

Chicago, Oct. 10.—Reckless automobile driving is to be stopped by the authorities of Chicago. Warned by the appalling increase in accidents, many of them fatalities, City Electrician Elliccott tomorrow will take up with the West Park commissioners the matter of enforcing the speed limit ordinance and after securing their cooperation will draft 50 policemen as a "scorching squad" to arrest the drivers of all machines that run faster than 10 miles an hour on the west side.

All the Park boards have been asked to cooperate. The South park commissioners have agreed to work in collaboration with the city authorities in the suppression of mad driving. The West park board has decided to take up the matter at its meeting tomorrow when it will confer with the city officials. The Lincoln park commissioners are expected to come in later, though the police of the North Shore Boulevard system alone have been extremely active in stopping the evil.

A list of accidents compiled by Mr. Elliccott shows that since January 1st, 1904, 80 mishaps have occurred in Chicago. Nearly every one is attributed to reckless scorching. In some cases the machines that maimed or injured persons in their course were speeding at the rate of 30 or 40 miles an hour. Three fatalities are included in the list.

THE FAMOUS RUSSIAN GENERAL KASHALINSKY.
Major General Kashalinsky is one of Russia's most capable commanders. A short time ago he defeated a superior Japanese force in southeastern Manchuria, killing more than 1,000 of them. Kashalinsky, although essentially an aristocrat, is exceptionally popular with his men. He is about 50 years of age.

Thinking they might shoot me, I fired at them through the window. One of them cried out and then both ran to the rear of the building. I fired three more shots to attract attention and when the officers came we found Graff at the rear of the building, shot through the stomach."

Graff was formerly an employe of the brewery but a month ago he quit. He has since been tending bar in the Wallace hotel. The only thing found in the office near where the two men were seen was a box containing a number of packs of playing cards.

ABRAHAM LINCOLN.

Principles Which Made Our Martyred President a Great Man.

The government cannot endure permanently half slave and half free.

Let us have faith that right makes might; and in that faith let us dare to do our duty as we understand it.

In giving freedom to the slave we insure freedom to the free.

You can have no oath registered in heaven to destroy the government, while I shall have the most solemn one to "preserve, protect and defend" it.

That some should be rich shows that others may become rich, and hence is just encouragement to independence and enterprise.

If slavery is not wrong, nothing is wrong.

With malice toward none, with charity for all, with firmness in the right, as God gives us to see the right.

As a nation of freemen we must live through all time, or die by suicide.

Suspicion and jealousy never did help any man in any situation.

No man is good enough to govern another man without that other's consent.

bury Quadrant Congregational church, of London.

One of the particular objects of the revival is to spread the doctrine of Christianity among the Italian residents of the city and, as Dr. Hillis explained, "to break up the evil societies which are flourishing among the foreign population."

WOMAN IMPOSTER DEAD.

Supposed "Widow" of Jay Gould Passed Away at Age of 70.

New York, Oct. 10.—Mrs. John Angell, who created a sensation four years ago by bringing a suit against the heirs of the Jay Gould, saying she was the widow of the multi-millionaire and demanding a share of his property, is dead at Rouse's Point, N. Y., according to a Herald dispatch from Burlington, Vt. She was about 70 years old and had lived in Rouse's Point all her life. The suit was discontinued in 1897 and one woman who had participated in promoting the case was found guilty of blackmail. Mrs. Angell admitted she had never seen Jay Gould.

MUSEUM SECURES MANUSCRIPT.

Original of Keats' "Hyperion" Said to Have Been Discovered.

New York, Oct. 10.—It is announced, says a dispatch from London, that the British Museum has acquired the original manuscript of Keats' "Hyperion." The interest and value of this manuscript are greatly enhanced because it exhibits the poet in the act of revising, adding to, cancelling and metamorphosing, thus displaying a near approach to the glow of original composition.
