The Effective Remedy

WASHINGTON, IOWA, April 4, 1905.

I was troubled for over a year with so scanty a flow that it was virtually suppression. A heavy cold superinduced this condition and nothing I could do seemed to help me.

The only effective remedy I ever found was Wine of Cardui. Within two weeks I felt the good effects of the medicine and after I had used 12 bottles in all I was as healthy and regular as any woman could wish to be.

My sister used it while expecting to become a mother and found that it made childbirth comparatively easy and after the child was born she found that it helped her to regain her strength.

WINE OF CARDUI

Wine of Cardui cures nine out of every ten cases of the disorders of menstruation. These cures are permanent, whether the trouble is complicated or not.

Wine of Cardui cures the sickness of young girls, relieves the weakness of adults, banishes leucorrhoea, headaches, backaches and nervousness and eases the crisis attendant on the change of life.

Thousands of mothers besides Miss Root's sister have found grateful relief from the pains of childbirth and have had a quick and happy recovery from its use. You cannot afford to suffer when \$1.00 bottles are sold by all druggists.

THE ARISAKA RIFLE.

Deadly Weapon of the Japanese Army of Native Manufacture.

The rifle with which the Japanese armies in Manchuria have been doing such execution upon their Russian enemies is made in the arsenals of Japan and was invented by a native, Colonel Arisaka, after whom it is named.

It is a combination of the best features of the Mauser and the Italian Mannlicher, adding thereto certain original ideas of Colonel Arisaka.

The rifle has a caliber of 6.5 millimeters, weighs nine and a half pounds and carries a cartridge weighing twenty-two grams. Its initial velocity is

George Bruce Cortelyou.

George Bruce Cortelyou showed such ability as private secretary to the president that Mr. Roosevelt took him into his cabinet as first secretary of the department of commerce and labor. A year and a half of work in that office demonstrated that he had fine powers of organization, and it was decided to ask him to act as chairman of the Republican national committee, a position held by the late Senator Hanna. Secretary Cortelyou is not quite forty-two years old, and less than ten years ago he was working as a shorthand reporter, being stenographer at that time to President Cleveland.

Mrs. John A. Logan.
Mrs. John A. Logan, acting president of the Red Cross Society of America, was born in Petersburg, Mo., in 1838, her father being Captain James M.

Cunningham, a native of Tennessee and a soldier of the Mexican war. She married General Logan, then a rising young attorney and politician, in 1855. Through all the struggles and dangers and successes of his career she was his devoted helpmeet.

San Francisco Harbor.

San Francisco may claim to have the most capacious natural harbor and also the safest. Port Phillip bay, the chief harbor of Victoria, Australia, is larger than the bay of San Francisco, but its very breadth leaves it exposed to storms from certain quarters.

Profit In Snake Farming.

Snakes in Australia are now being systematically reared for the sake of their skins, which have a considerable commercial value in London, Paris and New York.
