Hood River to Advertise-Salmon Running in Yaquina Bay—Salem Liquor Dealers Organize—State News.

Eugene, Ore., Oct. 14.—W. Waddle and C. W. Henline, proprietors of the Oregon saloon, were yesterday fined \$100 by Police Judge Dorris for allowing a gambling game to be conducted in their place of business.

The arrest was made upon complaint of A. W. Ream, and was the outcome of some misunderstanding between Ream and the proprietors of the Oregon. It appears that Ream yesterday opened up a game in the rear room of the saloon, but the proprietors had promised that privilege to some one else. Ream, however, conducted his game for awhile, but was soon forced to quit, whereupon he lodged a complaint against Waddle

and Tipton are all prosperous. The question will be submitted to the voters of Marion county on November 8th, and the outlook for the future is quite bright.

Salmon Are Running.

Salem Ore., Oct. 14.—Word was received from Yaquina bay yesterday to the effect that the salmon are running, and biting well, and trolling for them is pursued with great success. The recent heavy rains have started the run of the fish and fishermen on the bay are finding great sport in trolling for them. The silver sides, the gamiest fish trolled for anywhere, are late in running this season, but they are now coming in.

Mines Prospering.

Baker City, Ore., Oct. 14.—Frank Gardiner, agent of the Sumpter Valley railway in the Hill Town was in Baker yesterday accompanied by his wife and two children. YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.
Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.
When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busy at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Hair-Preparer to the scalp—it will kill the germs and healthy hair is sure to result.

fact that that the question of prohibition would mean the doing away of the present licensed liquor traffic that is now being carried on in this city and county, those engaged in the traffic throughout the country have deemed it essential to organize for their protection. The officers of the local organization are: A. G. Magers, president; E. Eckerlien, treasurer, and an executive committee consisting of M. Klingler, A. Cornoyer, F. P. Talkington, David Kell and W. F. No One Would Shoot.

Salem, Ore., Oct. 14.—Tuesday afternoon a finely bred dog ran under a street car on North Commercial street, and was struck by the motor on the small of the back. His spine was broken, and he dragged his hind-quarters about after in a most pitiful manner. The accident happened in front of Dr. Cusick's residence. A crowd soon gathered, and the poor animal soon had plenty of sympathizers. Mrs. Morse offered the men a revolver to put the animal out of its misery, but no one had the heart to shoot the fine looking canine. Dr. Willis Morse, a physician, finally put the dog out of his misery.
