

MANY GAMES SCHEDULED

Commercial Club Football Team to Meet Best Elevens of Northwest.

MULTNOMAH TO COME HERE

Will Play Return Match Early in December—Two Games to Be Played With Sound Team.

The Commercial football team has several good matches in view and the season will be the most active one that the local eleven has ever gone through. The Multnomah game took place very early in the season, but the Commercial are to get another chance at the Portland clubmen. The team will also go to the Sound and make a trip to Hoquiam, where there is said to be a fast eleven.

Ever since the Multnomah game local football enthusiasts have been talking football. All agree that Multnomah was lucky to have scored and all are quite as positive that the Portlanders can not win the next game. There is a prevalent idea here that the Commercial is just as good as any other team on the coast and that it is in direct line for the championship.

The next game on the schedule will be played with Hoquiam, on the 23rd inst. Just where the game will take place is yet to be decided. Negotiations are in progress, and in a day or two the matter will be settled. In the event of the game being played here, a return match will doubtless be played at Hoquiam.

On the 29th inst. the Commercial eleven will meet the team of the Puget Sound university at Tacoma. The Tacoma eleven is a strong one and football enthusiasts will recall that it defeated the Nevada university last season. Nevada cleaned out the California big teams, Stanford and Berkeley, but Tacoma vanquished the Nevadans. The Tacoma eleven will play a return match in this city November 12.

On November 5 the Albany college team will meet the Commercial on the local gridiron. The Albany bunch was defeated by the U. of O. a few days ago and the Commercial believe they will also be victorious over them.

On Thanksgiving day the Chemawa Indian team will play at Astoria. Last season the Indians had a rapid aggregation, including some men from the Sherman, Haskell and Carlisle schools. They were beaten by the Commercial, 5-0, in the fastest game ever played in the northwest. A return match with the Indians at Salem is probable, although no date has been arranged for this contest.

The return match with Multnomah will be played in December, probably on the 3rd. Coach Murphy wants to bring the Multnomah team here. He was very much pleased with the work of the local team at Portland on the 8th, and all of the Multnomah men praised the Commercial for their fine showing. By December both teams will have had lots of football experience and the game ought to be the very best of the season, and a record-breaker so far as attendance is concerned.

In view of the hard games ahead,

the Commercial players will continue to practice and plays that were inaugurated this season will be perfected. Henderson will continue to play guard for Commercial. For 10 or 15 minutes during the Multnomah game he did not show up as well as expected, but after that no gains were made through him. He is regarded as an excellent man in the front line.

A game with Oregon was contemplated, but the university wanted a large sum of money and the locals couldn't see it that way. There is no regret at the failure of the negotiations, as the Oregon team is weak this season and could not make a showing against Commercial.

Two juvenile teams will meet at A. F. C. park today in what promises to be rather an interesting contest. Youthful interest in the game is intense.

Football Scores.

- Yale 17, Syracuse 0.
- Harvard 4, West Point 0.
- Cornell 24, Bucknell 12.
- Amherst 12, Columbus 0.
- Pennsylvania 4, Brown 0.
- Haskel Indians 39, Missouri University 0.

- Oregon Agricultural College 26, University of Washington 5.
- Carlisle Indians 100, Albright 0.
- Northwestern University 34, Detroit 0.
- University of Oregon, 16; Willamette university, 0.
- Portland academy, 0; Multnomah's second team, 0.

HUSBAND SAYS HIS SPOUSE NEEDS FREQUENT BEATING

Clatsop County Girl Secures Divorce at Portland in a Case That Attracts Much Attention.

Mrs. Mabel Montag has been granted a divorce from her husband, William Montag, at Portland. Mrs. Montag was formerly Miss Mable McGuire, daughter of ex-County Judge McGuire, of this county. The case developed more or less of a sensation, because of the allegations. Mrs. Montag declared her husband had said a woman was like a dog—that she should be whipped about once a month to make her keep her place. He proceeded upon this hypothesis. The domestic tribulations of the couple commenced when Mrs. Montag undertook to rescue a cat which had foolishly poked its head into a tomato can. Her husband was waiting for his dinner when the cat incident came up and he whipped his wife for keeping him waiting. Mrs. Montag further alleged Montag had been receiving endearing epistles from a Hood River girl who called herself "Blue Eyes," and that a woman signing herself "M" also received his attention. While Montag was at Seaside, where his wife's parents reside, the letters reached his spouse, who forthwith appropriated them. Montag is a barber, and in letters to his wife admitted that he was unworthy of her and that it was his intention to continue to devote his attention to other women. The case attracted much attention among friends of the principals.

OUTLOOK IS FAVORABLE

Lumbering Industry in Clatsop County Never So Prosperous as at Present.

SEASIDE MILL REORGANIZED

Mr. Hammond Is Behind the Enterprise, Which Will Have Payroll of Fully \$10,000 a Month.

A. B. Hammond is now back of the Seaside Spruce Lumber Company, and the mill will shortly resume operations. Agents of Mr. Hammond are now making preparations to commence work and plans are being made to get out logs to supply the mill. Yesterday George F. Shirley, one of Mr. Hammond's logging representatives, visited Seaside, with Attorney Curtis, for the purpose of examining the route of the proposed logging road. The road will run close to the route of the Seaside water system, and the two gentlemen visited the scene to determine whether or not the logging road would in any way interfere with the water road, or vice versa. Mr. Shirley will report upon the matter to the Seaside council. While he has not yet given out any intimation of the probable nature of his report, it is likely he will inform the council that the logging road will not necessitate any change in the route of the water system.

The reorganization of the mill company is a source of much gratification to the people of Seaside. Mr. Hammond's connection with the enterprise assures its stability and makes it certain that the lumbering interests of the town will be developed. A sash and door factory and planing mill will be operated with the saw mill. The concern will give employment to 150 men, including loggers, and it will have a monthly payroll of fully \$10,000. This will be an item of vast importance to Seaside and will have the effect of increasing the population of the town. The mill will cut 60,000 feet of lumber daily, but it is believed that its capacity will be added to in the near future.

The reorganization of the mill company is believed by many to be a forerunner of the extension of the A. & C. to the timber lands of the Nehalem country. Mr. Hammond is heavily interested in that section and residents of the coast town believe he will run the road 20 or 30 miles further south in order to get out the timber for his mill. If any such improvement is in contemplation, nothing official has developed with reference to it, although, of course, it is within the range of probability.

The lumbering industry of Clatsop county is rapidly assuming proportions. The new Warrenton mill is running daily and is sending away cargoes to California points. The four mills at Astoria are also running on full time, the depression in the market apparently having had but little effect on them. The outlook for next year is regarded as favorable, and the establishment of other mills here is anticipated.

THESE KEEP THE SHAPE!

All Suits, Pants and Overcoats Bought at WISE'S Are Pressed and Kept in Shape FREE OF CHARGE.

Alfred Benjamin & Co., the makers of our finest clothes, have the reputation for making and trimming all of their clothes so that they will "STAY PUT." So many ordinary kinds of clothes come out of the rain like a dish rag; not so with our clothing. We have suits and overcoats as low as \$10. But we pride ourselves on the kind made and guaranteed by BENJAMIN. \$17.50 to \$30.

WELL-KNOWN WOMAN DIES AS RESULT OF OPERATION.

Mrs. R. B. Campbell Passes Away at Portland—Was Prominent as Member of W. C. T. U.

Mrs. R. B. Campbell, of this city died in Portland yesterday as the result of an operation for tumor. Mrs. Campbell had gone to Portland last Tuesday and yesterday the operation was performed. The shock following resulted in her death a few hours later. Mrs. Campbell was one of the most active women of Astoria. She had long been identified with the Women's Christian Temperance Union and the Congregational church, and held the office of president of the W. C. T. U. She had suffered with malignant tumor for many years and 10 months ago was

operated on. She seemed to recover very rapidly from the first operation, but there was a recurrence of the trouble and the second operation was deemed essential. Even had the operation performed yesterday been successful Mrs. Campbell could not have lived many months. The deceased is survived by Mr. Campbell, a daughter, Miss Anna, and a son, Alvin. She was quite well known in Astoria and her death will be mourned by many friends. Arrangements for the funeral have not yet been announced.

BASEBALL SCORES.

Seattle-Los Angeles: game postponed on account of rain.
Tacoma-Portland: game postponed on account of rain.
San Francisco 0, Oakland 2.

PERSONAL MENTION.

J. H. Seymour was out yesterday on a duck-shooting expedition.
Mrs. H. C. Ingalls, of the Lewis and Clark, was shopping in town yesterday.
Dr. F. V. Mohn, an eastern physician, has located at Astoria. His offices are in the Star building.
W. G. Prescott has returned from Ashland, Ore. Mr. Prescott has bought a home in that city and will reside there.
R. R. Cole, J. W. Reith and L. E. Wilson were among the Lewis and Clark residents who visited in Astoria yesterday.
John Fox left last night for a two months' eastern trip. He will visit the larger cities of the country, and incidentally attend to some business affairs for his firm, the Astoria Iron Works.
