ASTORIA, OREGON, SUNDAY, OCTOBER 23.

NUMBER 16.

OREGON IS BEATEN BY HOME TEAM

California Varsity Eleven Victorious Over Visitors in Hard Fought Game by Score of 12 to 0.

Webfooters Play Gritty Game and Do Well to Prevent Greater Score Being Made.

WEST POINT DEFEATS YALE

Army Team Plays a Splendid Game, Scoring One Touchdown on Run by Torney Full Length of Field.

Berkeley, Oct. 22.—In a spirited football contest California defeated Oregon today, 12-0. Oregon played a gritty game and did well to keep down the score. Latourette, the Oregon star, in the second half made a spectacular quarterback run of 50 yards. He brought the ball near to a touchdown, and a field goal was tried. California blocked the ball, spoiling Oregon's chance of scoring.

Joe Templeton's punting was spectacular. California made the first touchdown after 19 minutes' play. The second touchdown was scored a few minutes before the end of the game. Force kicked both goals. California was most effective in smashing center backs. Hug, Oregon's center, was injured in the early play of the game, the muscles of his left side being wrenched.

WEST POINT DEFEATS YALE.

Long Runs Give Army Victory in Most Spectacular Contest.

West Point, Oct. 22.—West Point defeated Yale today in the third annual football struggle, 11-6. It was the first time the army ever won from Yale.

The soldiers' two touchdowns were the result of long runs and quick work in taking advantage of their opponents' mistakes. Cadet Torney's run from Yale's 10-yard line the full length of the field for a touchdown was the feature of the game.

EASY FOR THE QUAKERS.

Columbia Beaten at Philadelphia by Score of 16 to 0.

Philadelphia, Oct. 22.—The Pennsylvania football eleven today defeated Columbia, 16-0. Pennsylvania scored two touchdowns in the first half and one in the second, one goal resulting.

NO MATCH FOR WASHINGTON.

Utah Goes Down to Crushing Defeat on Seattle Field.

Seattle, Oct. 22.—Washington today defeated the football team of the Utah Agricultural college by a score of 45-0. After the first 15 minutes the game was a walkover for the Washington team.

HARVARD BESTS CARLISLE.

Both Teams Fumbled Repeatedly in Hard Fought Game.

Cambridge, Oct. 22.—Two brilliant end runs by Captain Hurley and another by Nichols, backed by sturdy defense at nearly all times, enabled Harvard to defeat the Carlisle Indians in the stadium today by a score of 12-0. Both elevens fought a fierce contest in the first half, neither getting within striking distance of the opposing goal. The discouraging feature of the game from Harvard's standpoint was the inability of her runners to hold the ball, the Indians getting the ball several times on fumbles. Harvard was also weak in the kicking department, making only 12 yards in seven kicks. The Indians were only a trifle better.

Stanford 17, Nevada 0.

Stanford University, Oct. 22.—Stanford defeated Nevada today by a score of 17-0. The game was Stanford's throughout. Stanford's teamwork

showed great improvement and the team played with snap and speed.

Princeton 60, Lehigh 0.

Princeton, Oct. 22.—Princeton gained the easiest football victory of the season today, defeating Lehigh, 60-0.

Scores of Other Teams.

At Annapolis—Navy 6, Dickinson 0.
At Providence—Amherst 5, Brown 0.
At Ann Arbor—Michigan 13, West Virginia 0.
At Chicago—Chicago 32, Northwestern 0.

At Albany—Albany college 28, Chemawa 0.

OFFICERS COURT-MARTIALED.

Men Who Permitted Burning Of Negroes Are Penalized.

Atlanta, Ga., Oct. 22.—By the verdict of the Statesboro court-martial, which was signed today by Governor Joseph M. Terrell, Captain Robert M. Hitch, who was in command of the troops when the negroes Read and Cato were burned at the stake, was dismissed from the service of the Georgia state troops.

Lieutenant Lamell, who was in command at the capital, while Captain Hitch was at the courthouse was suspended for a year and will be publicly reprimanded.

Lieutenant Griner, who was in command of the reserve, will be publicly reprimanded.

Lieutenant Cone and Morrison were acquitted of the charges against them.

EARTHQUAKES IN BALTIMORE.

Seismograph Records Fifteen From April to October.

Baltimore, Oct. 22.—Fifteen earthquakes have been recorded on the seismograph, or earthquake machine, at the Johns Hopkins university since last April. This is shown by the number of films used from April to October, which have just been developed.

Not only has the instrument exceeded its record in number, but the longest shock ever known on the seismograph was recorded during that time. On August 21 last there was recorded an earthquake that began at 4 p. m. and lasted three and one-half hours. The shock moved the register beam two-thirds of an inch. The longest quake previously felt was the one which caused great damage in Guatemala on March 18, 1902. It continued three hours.

RESIGNATION IN ESCROW.

Accounts of Auditor Of Kansas Will Be Examined.

Topeka, Kas., Oct. 22.—Thomas T. Kelly, state treasurer, placed his resignation in escrow last night and invited an inquiry by expert accounting auditors and judicial inquiry into his administration of the office.

If, after full and unprejudiced inquiry it shall be determined that Kelly is not guilty of the charge the state accountant has made against him, the resignation shall be returned to him and be of no effect. If, on the contrary, he shall be adjudged guilty by the inquiry the resignation is to be delivered to E. W. Hoch, who, it is expected, will be governor at the time.

VIOLINIST SUICIDES.

Had Been Accepted At Metropolitan Opera House.

New York, Oct. 22.—On the eve of his acceptance as a violinist by the director of the Metropolitan opera house orchestra, Max Guhika has committed suicide by shooting himself.

Guhika was 25 years old and single. He was accepted formally on a trial by Nathan Frank, director of the orchestra, whose pupil Guhika had been 12 years ago. He left no writing to indicate why he had chosen to die just as he was about to find his ambitions realized, after many years of study.

FAIR TO BE OPEN ON SUNDAY.

Only One Building Will Be Accessible to Visitors, However.

Portland, Oct. 22.—The directors of the Lewis and Clark fair decided today that the grounds will remain open Sunday afternoon, but all buildings except the fine arts building will remain closed. Religious services will be conducted in the auditorium.

LOSSES WERE APPALLING IN GREAT BATTLE FOUGHT ALONG THE SHAKHE RIVER

Japanese Declare That More Than Eleven Thousand Russian Dead Were Found on the Battlefield.

Tokio Estimate Places the Slav Casualties at 60,000, While a German Paper's Correspondent Says Each Side Suffered Loss of 40,000—Indications Are That Battle Will Shortly Be Resumed by Armies.

A review of the 10 days' fighting shows immense losses by both forces, but decisive victory for neither. The opposing armies are still facing each other, though a distance of several miles lies between them. Offensive operations on the part of the Russians are reported 10 miles from Mukden. A heavy engagement is considered certain to occur before many days southward from Mukden. The weather has become much colder. Great suffering among the soldiers is reported.

SLAVS' LOSS WAS APPALLING.

Japanese Estimates Place Total at More Than Sixty Thousand.

Tokio, Oct. 22.—Based on a report from Manchurian headquarters, the Russian dead found on the battlefield were almost 11,000. It is estimated the total Russian casualties exceed 60,000.

ANOTHER ESTIMATE OF LOSSES.

Berlin Paper's Correspondent Says 40,000 on Each Side.

Berlin, Oct. 22.—The Lokal Anzeiger's correspondent estimates the losses in the recent fighting in Manchuria at 40,000 on each side.

A Russian army correspondent says it has been decided to continue the war to an honorable conclusion, and that it is hoped a speedy and decisive victory will be followed by peace on terms acceptable to both sides.

ELEVEN THOUSAND KILLED.

Japanese Report Russian Loss in Shakhe River Battle.

London, Oct. 22.—A dispatch received at the Japanese legation from Tokio today says that Oyama reports the Shakhe river engagement resulted in the capture by the Japanese of 500 prisoners, and 45 guns. Almost 11,000 Russian corpses were counted.

BATTLE WILL BE RESUMED.

Present Suspension of Operations Is Merely Temporary.

Paris, Oct. 22.—The Temps this afternoon publishes the following from Mukden, dated October 21:

"I passed the last two days at headquarters and along the Russian center. Before the door of Kuropatkin's headquarters were 13 Japanese cannon, which were captured by the Russians who took Lone Tree hill.

"The battle is now suspended, with a chasm separating the two armies. The situation is practically the same as at the opening of Kuropatkin's defense. Neither the Russians nor the Japanese were able to secure decisive results. The losses are enormous. Thirty thousand were wounded. The roads are terrible.

"Reports say the Japanese are seriously affected by the climate. The indications are that they are going to retire toward the positions at Yenai. Everything shows that the battle is only temporarily suspended."

RUSSIANS ARE PREPARING.

Changes in Positions of Forces Indicate Impending Battle.

Tokio, Oct. 22.—The armies of Oyama and Kuropatkin continue to confront each other, but neither has again assumed the aggressive. According to a report from Japanese Manchurian headquarters yesterday, it is rumored the Russians are amassing a heavy force against the right wing, but the purpose is not indicated. The report says:

"In the direction of our right army 200 of the enemy's cavalry crossed the Taitze river. They seem to have ad-

vanced westward. Two battalions of Russian infantry are posted in the neighborhood of Kaokunchair, and it is reported that 20,000 Russians are assembling in the vicinity of Kaotai pass.

"In the direction of the center and left armies the enemy occasionally sends artillery and mortar fire."

OKU'S LOSS NOT GREAT.

Totals 5100, of Whom Comparatively Few Were Killed.

With the Japanese Left Army (Oku's) in the field, Oct. 19 (via Fusan, Oct. 22)—This morning the armies lie facing each other a few miles apart. Ten miles south of Mukden the Russians maintain an offensive attitude. They are attacking the Japanese lines night and day, but are being repulsed with heavy losses. After one attack Monday night the Japanese found 500 Russian dead close to the Japanese lines. The attacks occur along the entire front of the three armies.

The Japanese left army reports casualties to date of 5100. Comparatively few were killed, and many only slightly wounded. Five thousand Russian dead have been buried by the Japanese, who estimate that the Russians removed about 2000 corpses. It is believed that the Russian casualties before the left army equal an army corps. The right army (Kuroki's) reports fewer losses than the left, but greater Russian casualties.

SHAKHE IS EVACUATED.

Japanese Said to Have Abandoned the Railway Station.

Mukden, Oct. 22.—The Russians on Friday and Saturday remittently bombarded the villages of Lamtu, Shalandtzy and Sanyantzy and Shakhe station, which the Japanese have now completely evacuated. A party of Russians approached on a hand car to a point within less than a mile of the station and not a Japanese was visible. The Japanese reply to the Russian artillery fire was extremely weak, but the rifle fusillade increases.

An Associated Press correspondent at the front says that quiet continues. Scouts are actively working and their operations lead to some skirmishing and occasional artillery exchanges, but nothing of importance.

SHIPPING WAR MATERIAL.

Steamers to Depart From Seattle Will Take Cargo for Japs.

Seattle, Oct. 22.—Hundreds of tons of steel are being loaded on the steamship Kanagawa for Hongkong. Much of the material, in the form of plates, can only be used for the construction or repair of warships. Secret service agents of both Japan and Russia are watching the shipment.

The opinion prevails that the material will be reshipped at Hongkong to Japan and there used for naval purposes. The cargo is entered on the manifest of the Kanagawa as building material. In addition to the steel going on the Kanagawa, three flat cars loaded with plates lie beside the steamship Texan, which leaves for the Orient Monday.

FLEET WILL SEPARATE.

Baltic Squadron Will Use Two Routes to the Far East.

Paris, Oct. 22.—The watch is kept up at northern French ports for the Russian Baltic fleet, which is expected to pass shortly. Officials are advised that the fleet, after leaving the northern ports, will pass Gibraltar, enter the Mediterranean and rendez-

vous at Algiers. Thereafter the fleet will proceed in two parts, one going by way of the Suez canal and the other by way of the Cape of Good Hope.

NO CARS FOR WHEAT.

Railroads Unable To Handle Enormous Eastern Business.

Portland, Ore., Oct. 22.—The business of buying Oregon and Washington wheat for shipment to Chicago and other Eastern markets has ceased. The railroad companies cannot supply enough cars to handle the traffic and consequently the business is practically at a standstill. It is estimated that from 12,500,000 to 15,000,000 bushels have already been sold on Eastern account and of this amount not over one-third has been forwarded. Efforts have been made to secure water transportation to the Eastern seaboard, but these have failed owing to the lack of available tonnage.

There is practically no export business at present quotations. Liverpool values have declined steadily in the face of the strength maintained by the American markets and the stiff rates asked by the combine of ship owners precludes any possibility of profit in this kind of trading.

SHOT BY ROBBER.

Grocer Fatally Wounded While Resisting Hold Up Men.

Chicago, Oct. 22.—I. Hersefeld has been shot and fatally wounded while endeavoring to rout three masked highwaymen who had invaded the grocery of his father-in-law, A. M. Tubin.

Hersefeld and Tubin were alone in the store when the bandits entered. The proprietor was behind the counter counting the day's receipts while his son-in-law was in the rear.

The highwaymen ordered the grocer to hold up his hands. The robbers then started Tubin toward the rear just as Hersefeld came running toward them with a heavy club in his hand. The desperadoes turned and fled toward the door, where one of them stopped and fired at the young man. The bullet went wide of its mark, but a second struck Hersefeld and he fell unconscious.

A crowd of pedestrians, who saw the robbers as they fled, took up the pursuit, but the bandits made their escape.

STOPPED ON CROSSING.

Three Automobileists Critically Injured By Locomotive at Philadelphia.

Philadelphia, Oct. 22.—Horace T. Richards, his wife and their son, have been severely injured in an automobile accident near their home, Thirty-second street and Abbottsford avenue, Falls of Schuylkill. All were thrown some distance. The chauffeur alone escaped.

Mayor and Mrs. Weaver were to have joined the party and the automobile was en route to the mayor's residence when it stopped on a railroad crossing. A freight train struck the machine, which was demolished. Mrs. Richards' skull was fractured, her husband had many bones fractured and the son's injuries are so severe that his condition is considered critical.

ASKED TO CONTRIBUTE.

Powers Which Signed At The Hague Invited To Help.

The Hague, Oct. 22.—The power signatory of the Hague peace convention are to be asked to form a fund of \$100,000 for the maintenance of Andrew Carnegie's palace of peace. The cost of the building is estimated at about \$500,000. It is understood that the interior will be modelled after the magnificent Palais de Justice at Brussels.

WITH REGARD FOR RUSSIA.

Her Friendly Relations Considered in Thibetan Treaty.

St. Petersburg, Oct. 22, 2:15 A. M.—There is good authority for the statement that M. Benckendorff, Russian ambassador at London, has telegraphed conveying Foreign Minister Lansdowne's assurances that the Anglo-Thibetan treaty will be finally drawn up with regard to Russia's friendly relations.

PROPOSAL IS STILL IN ABEYANCE

House of Bishops Has Declined to Agree to Deputies' Compromise Marriage and Divorce Measure.

Amends Specification So Bishops of Diocese Will Not Issue License for Remarriage.

GOES BACK TO THE DEPUTIES

Bishops Concur in Amendment Providing Special Forms of Worship for Foreign Congregations.

Boston, Oct. 22.—At the close of the 15th day of the general convention the house of bishops and house of deputies are still at variance on the question of marriage and divorce. The issue will be taken before the latter body next week for the third time during the convention, the bishops having declined to accept without amendment the compromise measure adopted by the deputies Thursday.

The house of bishops today amended the compromise so that the bishop of the diocese will not be required to issue license for the remarriage of an innocent person, but merely will be called upon to declare in writing that his judgment on the case of the applicant conforms to the requirement of the canon.

The house of bishops today concurred with the deputies in the adoption of an amendment by which special forms of worship for foreign congregations are permitted.

GRAIN RATES ADVANCE.

Two Half-cent Raises Are Announced by the Trunk Lines.

New York, Oct. 22.—Trunk lines east of Buffalo have agreed upon another advance in grain rates to the Atlantic seaboard. It will go into effect November 1, and amounts to a half a cent a bushel on wheat, flax, corn, rye and barley. These new rates will be operative for 15 days only, and on November 15 a further advance of a half cent a bushel will be made in wheat and flour, corn and rye, but only one-quarter of a cent advance in barley.

IN THE DARK.

Oil Steamer Unable To Reach Destination With Supplies.

New York, Oct. 22.—The steamer Canton, chartered to take oil, etc., to Nicholaievsk, at the mouth of the Amur river, has been unable to reach her destination owing to ice, according to a dispatch from London. In consequence of the failure of the Canton, to deliver her cargo the unfortunate inhabitants of Nicholaievsk will, the correspondent adds, be without light during the Siberian winter.

ATTEMPTED ASSASSINATION.

Dynamite Is Exploded Near Spanish Official, Who Escapes.

Barcelona, Oct. 22.—What is believed to have been an attempt on the life of Minister of Agriculture, Commerce and Public Works Salazar occurred today. A dynamite bomb was exploded in the street while the crowds were welcoming the minister, who came here to preside at a meeting of the chamber of commerce.

No one was injured. The crowd was thrown into a panic. Several arrests have been made.

ERNEST BROSS GOES EAST.

Edgar B. Piper to Succeed Him as Oregonian's Managing Editor.

Portland, Oct. 22.—Ernest Bross, for seven years managing editor of the Portland Oregonian, has resigned to assume an important newspaper connection in the east. It is understood that Mr. Bross has taken charge of the Indianapolis Star and Journal. Edgar B. Piper, for several years news editor of the Oregonian, will succeed Mr. Bross.
