COLLEGE MEN CANNOT VOTE

New York Court Makes Ruling in Case of Nonresident Students at Columbia.

RESIDENTS MAY BE BARRED

Those Denied Suffrage Will Endeavor to Have All Students' Names Striken From Registry Lists.

New York, Oct. 26.—Based on a recent decision by the appellate division of the state supreme court denying the right of non-resident students to vote in the districts where they attend college, legal proceedings are to be instituted, at the instance of a political club at Columbia university to mandamus the board of registry and compel them to strike every student's name in the list of voters.
There are 2000 voters attending Columbia. Half of them are legally empowered to vote by actual residence in this city, but the other half are likely to be denied a vote under the appellate division ruling, in which all the justices of that court concurred.
If the mandamus campaign is extended to all the colleges in the state, many thousands of votes will be lost.

VALUABLE FREE INSTRUCTION.

Short Courses in Agriculture And Dairying Given At Corvallis.

Corvallis, Or., Oct. 26.—Immediately following the winter holidays, the Oregon Agricultural College, at Corvallis, will give free of charge two popular short courses of instruction—one in agriculture, the other in dairying. These courses consist chiefly of lectures by specialists from the faculty and from abroad, combined with work in the laboratories, where students have access to the apparatus of the college and experiment station. The lectures are designed for busy men and women who desire to advance with this progressive age, but cannot avail themselves of the full four-year course of instruction; hence the courses of lectures will come at the most convenient season of the year for combining pleasure and recreation with profitable study. Those familiar with the short course system of lectures speak of it as a rare opportunity for practical men and women to familiarize themselves with the more salient points touching their business, and to gather such general information as will enable them to live that higher industrial life possible to every farmer and housekeeper.
The course in agriculture will begin January 9th, and continue ten days. Some of the subjects to be discussed are horticulture, plant breeding, bacteriology, chemical elements, how plants work, budding of plants based upon plant culture, hints on farming, how to conserve the fertility of the soil, drainage, soil moisture, rose culture, veterinary surgery, rotation of crops, road making, fertilization and how to make the old farm pay.
The course in dairying will commence January 21, and continue six weeks. Students will meet for work six days of the week. The mornings will be devoted to practical work in dairy rooms, two days will be devoted to butter making, two days to cheese making, and two days will be spent in the dairy laboratories. In the afternoon of the days except those devoted to cheese making, lectures and recitations will occupy two or three hours. The lectures will treat of soil chemistry and physics, feed and feeding, dairying, bacteriology, breeds and breeding, and chemistry of dairy products.

StOLE 3000 SHEEP.
Remarkable and Successful Theft of a Montana Sheep Herder.
Chicago, Oct. 26.—Junius Wright, of Boise, Idaho, having discovered that 3000 of his finest sheep had been stolen by one of his tenders and shipped to Chicago, came here only to learn that the sheep have been sold for \$7000 and the man has disappeared. The police are working on the case.

CHINESE COLLEGE CLOSED.

Government Stopped Appropriation for Its Maintenance.

Shanghai, Oct. 26.—The imperial authorities at Peking have called off the appropriation in support of the Han Yang college, patterned after western educational institutions, and the school is closed. The college was founded 10 years ago and it was considered the foremost seat of learning in China.

TO CONTEST GOBLE CASE

Former Governor Black Will Make Strenuous Effort to Save Life of Condemned.

CONFIDENT HE IS INNOCENT

If Necessary the Legal Battle Will Be Carried to the Supreme Court of the United States.

New York, Oct. 26.—Immediately after the election of next month, ex-Governor Frank S. Black will go to Frankfort, Ky., where he will enter into a legal battle for which he has volunteered his services with the hope of saving the life of Caleb Powers, who is awaiting execution in that state for complicity in the assassination of Governor William Goebel.
Mr. Black has told his friends that he believes Mr. Powers is innocent and declares he will fight against the verdict of the lower courts and if necessary carry the case to the supreme tribunal at Washington.
The testimony of 300 witnesses, living in all sections of Kentucky, will be taken.

CITY NOT LIABLE.

"Step Off" in Sidewalk not Cause for Damages.

Chicago, Oct. 26.—The appellate court in a decision just rendered, holds that when sidewalks of two adjoining properties meet and the flagging of one is a few inches lower than the other, it is not to be classed as a defective sidewalk, and the city can not be held liable for injuries suffered by persons who fail to exercise due precaution.

The ruling was in the case of Anella Norton, who fell on a sidewalk where there was a step off of two or three inches. She brought suit and a jury returned a verdict of \$5000 upon which the city appealed.
