Multnomah Football Team Anxious to Meet Commercial Eleven at Portland.

OFFERS DATE TO THE LOCALS

Home Team Had Hoped to Meet Portlanders on Astoria Grid-iron and Even Accounts for Recent Defeat.

The Multnomah football eleven will not play a return match at Astoria. The Commercial team hoped the second game would take place at Astoria and there is much disappointment here in consequence. It is believed by local enthusiasts that Multnomah would be defeated on the Astoria grid-iron and felt that Multnomah shares this belief. The Portland Journal has the following to say of the coming match:

"The Astoria football eleven is anxious for another go with the Multnomah team, and if Captain Stockton can see his way clear to bring his squad to this city on December 3, the local clubmen will gladly accommodate the Astoria fishermen. In his letter to Manager Watkins, Captain Stockton stated that owing to the closeness of the Astoria-Multnomah game on October 3 another game would prove which eleven was really the better one, inasmuch as both teams have improved in playing since the first match. It would be inconvenient for Multnomah to go away from home any more this season on account of the expense and time incurred in the California trip, but the clubmen would be pleased to meet the Astorians once more this year.

"The Astorians lived up to their reputation in the first game and gave Multnomah a hard struggle, and if there were another match the spectators would certainly see championship football.

"Multnomah practiced again last evening and the work was very satisfactory. Harry Corbett was out for the first time and showed up in old-time form at left half. The work last night was fast and the coaches were delighted with the showing."

JAPANESE SAIL FOR HOME.

500 Patriots Called From California for Mikado's Army.

San Francisco, Oct. 27.—Patriotism is a Japanese instinct bred in the bone. Today over 200 Japs sailed on the China to fight in the war. Not one of them, apparently, had a thought of personal sacrifice, yet many left their homes and business interests after ten or twelve years' residence in California to go back to the Orient and fight for Japan. Also they paid their own passage across the ocean or when they could not do this, friends paid it for them.

The emperor had asked for volunteers. Over 500 young men answered the call.

Two hundred sailed today and 300 more volunteers are impatiently waiting for the next steamer to Japan. It has been said that the Mikado's government sent letters to relatives of Japanese in America, requesting them to call the American residents home. But it was stated today that the call

for volunteers came through the Japanese counsel in this city. At the consulate, however, there is a discreet and Oriental silence. "It is a matter for secret," said one of the secretaries enigmatically.

WOULD NOT PRODUCE LETTERS.

Witness in Dolbeer Will Case May Suffer for Contempt.

New York, Oct. 27.—At a continuation of the hearing before a commission appointed by the California courts, of testimony in the contest over the will of Miss Dolbeer, of California, who met her death some time ago at the Waldorf-Astoria hotel, Miss Elizabeth M. Moran has refused flatly to produce three letters alleged to have been received by her from Miss Marion Warren, who fell heir under the will to Miss Dolbeer's millions.

One of these letters, Miss Moran admitted, was written to her from Paris, and contained a reference to the wealthy young woman's health, and attorneys for the contestants declared it had an important bearing on her mental condition, it being the plan of the relatives to show that Miss Dolbeer was not responsible at the time she made her will.

The lawyers were much nettled over Miss Moran's refusal and telegraphed to San Francisco, asking the superior court to give the commission power to punish the witness for contempt.

SPEAKS ON IMPERIALISM.

Finds No Support for Arguments in Its Favor.

New York, Oct. 27.—Ex-Assistant Attorney-General James M. Brecken in an address to the republican club at Princeton university, has discussed the work of the department of justice in enforcing the Sherman anti-trust law, and talked at some length on "Imperialism."

"I fail to find in any portion of the constitution or in any of the traditions of the fathers," he said, "that the Pacific coast was to be 'all and end all' of our national career. He who would forever keep the public in her swaddling clothes should first convince us that if he were president of the most powerful nation in the world that he would advise it to stand aside for lesser and weaker powers."

SATISFIED WITH EDICT

Local Chinese Residents Will Gladly Obey the Order That Queues Be Cut Off.

STEP TOWARD GREAT REFORM

Oriental of Intelligence Regard the Queue as Womanish and Hope to See the Edict Effective.

A local Chinese stated yesterday that the edict of the Chinese Reform Association that queues must be cut off had caused much discussion in Chinatown. It appears that the rule is intended to apply only to members of the association. The information reaches the local Chinese colony through the San Francisco Daily News, a Chinese publication. The reform association numbers many well educated Chinese among its members and the proposal meets with favor among those who were seen yesterday. They all say the wearing of queues is womanish and all would favor short hair. Pending receipt of official advice queues will be worn.

It is said by leading Chinese here that, if members of the association obey the edict, practically all other Chinese will also cut off their queues. The reform association has for its object complete change of administration in China. The present dynasty is non-progressive, and the reformers seek its overthrow. If they ever succeed they will establish a good school system, build railroads and otherwise strive to emulate the internal conduct of the more enlightened powers. The association is made up principally of Chinese living abroad, and they will set an example for their countrymen at home to follow.

"We will be perfectly satisfied to cut off our queues," said a prominent Chinese yesterday. "The queue is too much like the headdress of a woman to suit us, and Astoria's Chinese would gladly welcome the change. Any movement looking to the advancement of China will be encouraged, for it is certain the country will never become great or prosperous until many of the present customs are abolished."

DEFEND THEIR PRESIDENT.

Italian Peasants Make Trouble for Officers of the Low.

Rome, Oct. 27.—Serious riots have occurred at San Pier Vernotico, a village of 5000 inhabitants near Lecce. The disturbances were caused by the arrest of the head of the peasant league on a charge of swindling. The peasants surrounded the prison in which the accused man was confined in attempts to liberate him. In the meantime reinforcements of carabinieri had been sent hurriedly to the scene of the trouble with orders to transfer the prisoner to a larger town. Learning of this, the peasants built barricades and when the carriage containing the alleged swindler appeared, threw themselves in the road in order to stop it from passing. The carabinieri, however, succeeded in removing the prisoner, although stones and other missiles were thrown at them by the mob. The captain of the carabinieri and two of his men were wound-

Release British Steamer.

Nagasaki, Oct. 27, 11 a. m.—The British steamer Sishan has been released by order of the Japanese naval court at Sasebo.

The steamer Sishan, 1351 tons register, owned by Thomas W. Richardson, of London, was seized by the Japanese off New Chwang on October 7. She had sailed from Hongkong and when captured had on board a cargo of cattle and flour.
