

PARKER REBUKED.

Democratic Newspaper Raps the "Blatherskites" for Inciting Filipinos. Memphis, Nov. 1.—The hardest slap yet administered to Parker was from the hand of an ultra-democratic editor. There is in the southland no more rabidly democratic newspaper than the Memphis Commercial Appeal, yet an editorial leader in that paper reads:

"Those distinguished blatherskites who have been blathering about Filipino independence and corollary inanities claim to be helping to elect Judge Parker.

"Governor Wright, who is on the ground and who knows, informed this government that all these declarations were being translated and published in Tagal newspapers and that they are having a deluding and deleterious effect on the natives.

"Now comes the report that the old agitators and professional patriots who have been in enforced retirement and whose henchmen are the head hunters and bandits from the mountains, and the bolo men from the bamboo thickets in the valley have come forth and propose holding public 'independence' meetings in Manila.

"If these fiery exhorters arouse their half-tamed fellows to disorder and rapine by their perverid utterances, and if the task of governing the islands is rendered more difficult and expensive, our home-bred Tagal-Americans will find that they are supporting Judge Parker with a knife.

"This country is engaged in the solution of one of the most difficult problems that ever confronted a civilized people and it is bending every energy to solve it wisely. Every word uttered calculated to embarrass it will be resented by the spirit of the nation which stands for—right or wrong, our country."

In the democratic platform and in Parker's letter of acceptance will be found that "blathering about Filipino independence and corollary inanities," of which the Memphis Appeal complains. Mr. Parker emphasized his desire to have it known that he demands the giving of an immediate promise of independence to the Filipinos.

The Japanese for the first time replied to the Russian bombardment, which has been frequent for several days past.

INCORPORATION FIGURES.

New Tobacco Concern Represents Capitalization of \$180,000,000.

New York, Nov. 1.—New incorporations during October in the eastern states reached a grand total of \$215,500,000 for companies capitalized at \$1,000,000 or more. Of this sum the new tobacco consolidation furnished \$180,000,000. Otherwise the total would have amounted to only \$35,500,000. This is close to the August figures of 32,960,000 the low water mark for a number of years. However, not since May, 1903, when the total was \$307,666,000 have last month's returns been exceeded.
