But this year there has been speechmaking, no torchlight processions-so dear to the heart of the small boy, especially at crawfishing time-no heated controversies, no reckless betting. Some folks call this sort of thing "apathy," but "what's the would more nearly explain the situation. If the populist candidate surprised.

This is somewhat remarkable, when vice. figures are considered. In the last county election, held in June, every democratic candidate on the ticket, with one exception, received a majority in the city; yet nationally Astoria inclines decidedly toward republicanism. Parker's vote will fall short because of the unquestioned apathy of "citizen" democrats. Such men as John H. there could be between Parker and Roosevelt. They wanted Bryan Hearst or some other radical. Many of those men will not vote, or perhaps they will vote for Roovevelt. Indeed, at the "citizen" convention Saturday night. Representative-elect Laws sald he was told John H. Smith had announced his intention of voting for Roosevelt. Mr. Smith denied this, but it has all along been known that he may properly be numbered among the disaffected.

Senator Fulton, who is home to vote says 30,000 or more plurality will be rolled up in Oregon for Roosevelt. The senator is sanguine, as are all other republicans and if Parker should be elected-welf, it would be necessary to coin a new word to properly express their disappointment. Democrats concede a republican plurality of about 23,000 in Oregon, ne concessions being as high as 25,600. DECENCY IS THE VICTOR

Unprecedented Ordinance for Road Improvement Voted Down by Council Last Night.

DENOUNCED BY MR. BELLAND

Characterizes It as a Piece of Political Rottenness Calculated to Bribe Voters of the West End.

Decency triumphed over politics at ast night's meeting of the council when the ordinance conditionally providing for the improvement of the road around Smith's noint was voted down. in city legislation. It provided for the knowledged necessity-but specified ware, Montana and Nevada, each with that the improvement should be paid for with funds collected in licenses in precinct No. 1. All other street work is paid for by assessment. The ordinance was plainly calculated to induce voters of the precinct to oppose the local option petition there, for four saloons, paying \$1600 yearly revenue, are involved.

Mr. Burns had introduced the bill, and when it was brought up last night he asked that it be laid over. Mr. Burns had never favored the ordinance and his name was attached to it only because he is the head of the street

Political Rottenness.

Mr. Belland-I want to vote on that bill tonight. I regard it as the rottenest trash that was ever introduced in the council of this city. It is merely a bribe for voters to support the saloon element in that part of the city. It reminds me of the biblical story in which is related the action of Satar in taking the Lord on top of a very high mountain, showing Him the magnificent world below and offering to give it to Him if He would fall down and worship at the feet of the devil The saloon element has taken the rerespectable element to a high mounand promised the land to it if it will but fall down and worship the saloons. If the people of the west end want saloons, let them have them; if they want no saloons, then let their desire be respected. The ordinance is an insult to decency.

Mr. Belland's denunciation of the political scheme was scatching. He pointed out that other parts of the city might demand this method of securing that license money would all go for renia Restaurant and Oyster House and pairs. He declared that the ordinance was merely calculated to get votes. He The best oysters and meals in the attacked its regularity, but City At-Astoria will cast 1850 votes and will city. Morton and Han sen wanted the people of the district to have lights, as they have no police or fire protection. Mr. Burns said the committee likewise wanted the people to have lights, but wanted the council to shoulder the responsibility.

"We need 50 additional lights," said Mr. Belland. "But our expenses are becoming heavy and our crime hatcheries are not producing as much revenue as was formerly the case, according to the police reports. It seems that people pay taxes here to liquidate the on the indebtedness, while th crime factories produce the revenue with which we pay for our lights.
