SHIPPERS TAKING CHANCE

San Franciscans Do Not Worry Much About the Operations of the "Baltic Fleet" in Waters of the Sea of Japan.

San Francisco, Dec. 23.—When the steamer Mongolla sails from this port next Tuesday she will carry 15,000 tons of cargo, 15,000 of which will be consigned to Japan. Most of this freight for Japan consists of material designated as contraband by the Russian government. The boat will carry 1000 tons of pig iron, together with a large quantity of drugs, steel machinery, foodstuffs, leather and cotton. The steamer Elleric will also take 4500 tons of overland freight for Yokohama.

WANT MORE LAW.

Congress Will Be Asked to Restrain Railroads.

Chicago, Dec. 23.—The need of new national legislation governing the operation of railroads will be considered by a special commission of the five members of the Chicago Shippers' Association, just appointed by President Bartlett with power to represent the association in conference with committees from kindred organizations.

The committee will hold its first meeting next Tuesday. Resolutions passed by the board of directors recite that "the transportation question is one of such great and far-reaching importance as to command our earnest and immediate consideration and action. We endorse President Roosevelt's course in bringing the subject to the attention of congress to bring about equitable relations between shipping and transportation interests with justice to both."

HOLY SMOKE.

Professor Discovers Something Pretty Fierce.

Berkeley, Cal., Dec. 23.—Dr. Jacques Loeb, head of the department of physiology of the University of California, has just published the results of further experiments on "heterogeneous hybridization in echinoderms. Where once it was deemed possible to bring about the fertilization of eggs of one species with the sperm of the same species, Dr. Loeb has, in his original experiments, been able to cross the various species of the same family, and now, as the latest biological marvel, he has been able to hybridize the individuals of different zoological families, bringing about relationship and breeds that were once considered utterly impossible from a scientific standpoint.

STEAMER DESERTED.

Passengers All Left at Once—Some Were Hurt.

New York, Dec. 23.—There was a wild rush for shore among the 450 cabin passengers when the gangplank of the great liner Deutschland was lowered at her pier in Hoboken early today. Among the travelers were many from the west and south, anxious to get the earliest train today for home for Christmas. Men and women struggled together and though they knew that there was at least an hour's wait on the pier for the baggage inspection, every one seemed imbued with the one idea of getting ashore first. Women's dresses were torn and many men lost their hats. Half a dozen men in the front were sent sprawling when they gained the pier by the rush of the crowd behind them.

PLAY WITH DOLLARS.

Trustee in Bankruptcy Out After Lined People.

Chicago, Dec. 23.—Suit involving over \$369,000 has been begun by Max H. Whitney, trustee in bankruptcy of the National Linseed Oil Company against the American Linseed Oil Company and the Central Trust Company of New York. The action was begun in the United States district court.

Mr. Whitney charges that the American Company holds two agreements releasing it from payment of \$286,000 owed the National company. He declares these are fraudulent and wants them set aside.

The court is asked also to order the Central Trust Company to turn over \$15,907 of preferred and common stock valued at \$67,322, to the National company.

NELSON DREAMING.

Murphy Says He Had a \$10,000 Vision Yesterday.

Stockton, Cal., Dec. 23.—"Ted" Murphy, who is accused by Battling Nelson

of the larceny of \$10,000, was arrested here at midnight on the Santa Fe train and taken into custody. Two hundred and fifty dollars was found on Murphy by the police.

Murphy was greatly surprised at his arrest. He said that he did not have Nelson's money and that Nelson had bid him good-bye at the depot when he left San Francisco.

SENSE OF DUTY.

New Yorkers to Be Waked Up by Society.

New York, Dec. 23.—A society designed to promote the welfare of the people of New York and to engender a lively sense of civic obligation, regardless of political affiliations and social conditions, has just been organized, under the name of the Association for Public Duty. It is patterned after societies with similar objects which have in recent years spread throughout France. Well known citizens make up the list of officers and is headed by Theodore Sutro as president.

CHOKED GRANDMOTHER.

Then Young Scoundrels Rob Her of Her Money.

New York, Dec. 23.—Wearing cartridge belts and having their pockets filled with dime novels, two boys have been arrested in Harlem on charges of feloniously attacking their grandmother, strangling her into unconsciousness and then robbing her of jewelry and money amounting to more than \$25.

Several pawn tickets were found on the youths, together with a signed resolution that they should never part and that they would never marry.

Destructive Fire.

New York, Dec. 23.—The four-story laundry building on Blackwells island was destroyed by fire early today. Sixty-five laundresses were on the top floor of the building when the flames broke out, but all escaped without injury. The loss was only \$40,000.

Cured of Terrible Cough on Lungs.

N. Jackson of Danville, Ill., writes: "My daughter had a severe attack of La Grippe and a terrible cough on her lungs. We tried a great many remedies without relief. She tried Foley's Honey and Tar, which cured her. She has never been troubled with a cough since."

Consumption Cured.

Foley & Co., Chicago. Dana, Ind. Gentlemen:—Foley's Honey and Tar cured me of Consumption after I had suffered two years and was almost desperate. Three physicians failed to give me any relief and the last one said he could do me no good. I tried almost every medicine I heard tell of without benefit, until Foley's Honey and Tar was recommended to me. Its effect right from the start was magical. I improved steadily from the first dose and am now sound and well, and think Foley's Honey and Tar is a God-send to people with Throat and Lung Trouble. Yours very truly,

MRS. MARY AMBROSE.
