SELF HYPNOTIZED

Young Artist Too Successful With the Occult.

SLEPT CONTINUALLY 5 WEEKS

Took a Powerful Electric Battery to Brink Him Back from the Land of Dreams—Chances Good for His Recovery.

Chicago, Jan. 19.—A dispatch to the Tribune from Peoria, Ill., says: Benjamin Conigisky has just been awakened from a five weeks' trance, having succeeded in hypnotizing himself while studying art and the occult at Washington, D. C.

While in Washington and in connection with his artistic studies, he became infatuated with the occult and actually hypnotized himself. He was found in his room soundly asleep and as he could not be awakened, his family at Peoria were notified. A brother went on and brought him back.

Since then he has lain in this same mysterious sleep and was only aroused when a battery was applied to his spinal column. One electrode was applied at the base of the brain and another at the end of the spinal column and the full force of the battery being turned on the patient awakened and the indications are that he will regain his health.

Her Smuggled Necklace.

Women who are the soul of rectitude in all other things will not hesitate to evade the law when it comes to smuggling. For some reason or other they do not consider smuggling dishonest, but rather as an exciting sort of game to play. Every woman who goes to Europe spends hours of her preparation to return in devising means of bringing things in without paying duty.

Men are much more honest about the things they bring in, and not long ago I heard of a case in which a man humored this smuggling tendency in his daughter, but took good care that she should not be discovered evading the law.

His daughter had purchased a valuable diamond necklace in London and announced her determination to bring it in without paying one penny of duty. There was no reason in the world why she should have chosen to do this, as her father was a very rich man and could have paid the duty without noting its absence from his bank account. But she wanted the excitement, and her father agreed to let her have her own way. She brought the necklace in in a small bag, which her father asked her to let him hold for a moment or two, and it was not for nearly a year that she found out her father had declared the ornament and paid the duty on it. At any rate, she had had her amusement.—New York Post.

Young Roscius.

One of the strangest figures of the British stage was Young Roscius. His other name was William Henry West Betty. He lived until Aug. 24, 1874, although he had made his last stage appearance on Aug. 9, 1824, at the age of thirty-two. Theatrical history has no parallel to his childhood. It was this little Irish boy who after seeing Mrs. Siddons had declared that he must die if he did not become an actor. He took Belfast by storm in 1803, when not quite twelve, and nearly stifled scores of Londoners on Dec. 1, 1804. Foot guards and officers were overpowered by the crowd, and gentlemen charged through the boxes and jumped by twenties into the "pit" for places.

Master Betty brought \$50,000 to Drury Lane in twenty-eight nights. William Pitt adjourned the house of commons to let members see him as Hamlet, and his boom lasted until 1808. His adult return to the stage was brief and a failure.

A Royal Accomplice.

One day when Francis I. was in his chapel attending mass with several of his noblemen a well dressed pickpocket went and stood behind the cardinal of Lorraine and abstracted his purse, but unable to do this without the king perceiving it he put up his finger to intimate that the latter should keep silence. The king took it for a practical joke and said never a word. But after the service he asked the cardinal what he had done with his purse. The prelate, not being able to find it, was very much annoyed and took the king to task, who greatly enjoyed the fun, and at length ordered the purse to be restored to the cardinal. The thief did not, however, come forward, and the king discovered too late that he had been tricked.

Sass Costs Money.

When Fanny Kemble spent her summers in Massachusetts she engaged a neighbor to drive her regularly about the country. On their first excursion he began to discuss the crops and the history of the people, when Mrs. Kemble said in her dramatic fashion, "Sir, I have engaged you to drive, not talk." The farmer kept his peace and when the vacation was over sent in his bill. "What is this item, sir?" she asked. "I do not understand it." With equal gravity he rejoined: "Sass, \$5. I don't often take it, but when I do I charge." The bill was paid, and it made a firm friend of Mrs. Kemble ever after.—Christian Register.

The American Eagle.

Our baldheaded eagle, so called because the feathers on the top of his head are white, was called the Washington eagle by Audubon, the great naturalist. Like Washington, he is brave and fearless, and as his name and greatness are known the world over so can the eagle soar to heights beyond others. The eagle was adopted as the emblem of the United States in 1782, since when it has been used on the tips of flagpoles, coins, United States seals and on the shield of Liberty.—Washington Star.
