Tuttle Amendment.

DEMOCRATIC [BULLDOZING]

Threats Made by the Boss That Improvements Will Be Stopped If the Tuttle Charter Is Passed and the City Left in Darkness.

In order to ascertain the opinions of the prominent citizens and taxpayers of Astoria on the proposed amendments to the city charter, a representative of the Astorian interviewed over 50, and with but a single exception, the position taken by the Astorian was indorsed. The interviews were not confined to republicans, but included many prominent democrats. Everyone interviewed was in favor of changing the time for the general election from December to June. Several of them were in favor of abolishing the January 21, 1905. police commission entirely, but all, with one exception, favored the appointment of a police commission composed of one democrat and two republicans to hold until the next general

It is a well known fact, said a prominent business man, that the police have taken an active interest in local politics, while the rules of the department prohibit it. What Astoria needs is a police force removed from politics and this is impossible under the present administration. Not only do they take an active interest in city politics, but county politics as democratic party in power,

Resolutions.

Resolutions in regard to the death of Prof. H. S. Lyman, adopted by the Astoria City Teachers, Association,

In view of the fact that the late H. S. Lyman had been for several years closely associated with the schools of Astoria and the state of Oregon, and had rendered valuable service to the teachers and people of our county as superintendent of schools, and further, since he had enriched the literature of our state by his masterly historic stories and poems of the northwest, therefore, be it

It seems strange that a city as large as thority to prepare a city charter. That Astoria has never really had a store of the above character.
