## BAD FOR WARDEN

**James is Accused of Embezzling Funds.**

**CHARGES OF SALEM ATTORNEY**

**Claimed That James Appropriated \$2000 and Diverted Other Funds Belonging to the State—Senate to Investigate the Matter.**

Salem, Jan. 25.—An investigation of a startling nature may follow in the wake of a document containing a series of charges, which is at present being privately circulated in the senate chamber, and which is signed and vouched for by L. H. McMahon, a local attorney of Salem, with reference to what he terms the misconduct of affairs at the state penitentiary. While the matter has not yet come publicly to the attention of the state senate, this much is known.

One of the republican senators declared he will introduce a resolution calling for the appointment of a committee with power to subpoena witnesses and take testimony under oath, as to what they know of affairs at the penitentiary. This same senator will also urge that the resolutions be adopted and acted upon. McMahon's specific charge is that Superintendent James applied \$200 from the repair fund to his personal benefit and to the benefit of the warden, and a list of articles alleged to have been purchased with money from the fund for the superintendent and the warden is specified. It is also alleged that groceries and other articles used by the families of the superintendent and warden were charged to and paid for by the state. Receiving presents from convicts, who were later given "snaps" about the institution, is another allegation.

### SAD DEATH.

**Children Keep Lonely Vigil Beside Their Mother's Corpse.**

Salt Ste Marie, Mich., Jan. 25.—John G. Johnson, an Indian, who has been hunting in the wilds of Algoma, beyond the end of the Algoma Central railroad, returned to his home this week and found his wife dead. The couple's three small children were keeping a tearful vigil in the stricken home beside the silent woman who could no longer respond to their cries.

Taken sick suddenly in the lonely house, 100 miles from the nearest town and with the children too small to realize their parent's distress or prove of any assistance, the helpless woman died without anything being done to alleviate her sufferings. The husband brought his three little ones to Sault Ste Marie and alone started back on his long tramp to bury his wife in the woods near the home in which she died. The children have been sent to the Shinwauk home for Indian children. Nobody accompanied the hunter on his homeward journey and he alone will be present at the burial.

### ALPHONSE SPILLED.

**King and His Mamma in Automobile Accident.**

New York, Jan. 25.—Queen Christina, while riding with her son, King Alfonso, in an automobile, on the Prado has, cables the Madrid correspondent of the Herald, met with an accident. She fell to the ground, receiving slight injuries. King Alfonso was uninjured. Others with the party fell out and returned to the palace covered with mud. There was great alarm at the delay of the party in returning. The king went out at 3 o'clock and was expected back early, but did not arrive until nearly 8 o'clock. In the meantime the rest of the royal family remained on the balcony of the palace looking out for the missing ones, and finally telephoned to the police for information.

### OLD MAIDS DRIVVEL.

**Race Suicide and Starvation Are Advocated.**

New York, Jan. 25.—The Women's Society for Political Study has discussed the injustices done to children in large families, where the parents are

unable to support them properly and after due consideration those present came out strongly in support of "Race suicide."

The discussion was started by the reading of the weekly municipal report. It developed that the society desires to secure anti-pauperism laws that shall restrict the propagation of the human species. The speakers expressed the belief that such laws would furnish the solution of the child labor question, of overcrowded schools and all other complaints that hang upon the rapid increase of children.

"We are wasting sympathy" declared one speaker, "upon people who surround themselves with large numbers of little ones when they cannot possibly feed them. Let the parents starve if they bring paupers into the world."

### WOMAN'S ESCAPE.

**Severed Her Windpipe But Will Recover Her Health.**

Chicago, Jan. 25.—The remarkable recovery of Mrs. John Lelendecker, who after severing her windpipe over a month ago is almost completely restored to health, is causing astonishment, not only among her friends, but among medical men. A peculiarity of the case is the apparent removal of the disease which had inspired the woman to take her own life.

For many months Mrs. Lelendecker, who is the widow of the late John Lelendecker, for many years prominent in democratic party councils, had been ill with a chronic stomach trouble which caused her much suffering. Seeing no prospect of relief and crazed with pain, she secured a sharp knife during the absence of the nurse on December 21 and completely severed her windpipe. Within a few seconds after the incident the nurse returned to the room and found the woman lying on the floor in a condition warranting small hope of recovery. An instant call brought a physician who stitched the wound with great care, with the aid of the nurse. The patient has steadily improved until she is able to be up.

### WOMAN CONVICTED.

**Shot a Japanese While She Was in Intoxicated Condition.**

San Francisco, Jan. 25.—Mrs. F. D. Forsythe has been convicted of manslaughter for the killing of W. Noda, proprietor of a shooting gallery, October 18 last. The woman went into the place on the morning of the murder in a semi-intoxicated condition and demanded a rifle of the proprietor that she might try her skill at the target. Noda complied, and, while she was wildly flourishing the weapon in the air it was discharged and fatally wounded the Japanese.

### Merry De Val Dead.

New York, Jan. 25.—Roeffele Merry Del Val, father of the present secretary of state of the holy see, is dead at his home in Rome, according to a Herald dispatch from that city.

Sumner, J. J. Smith, C. L. Stewart, Huber Rusher, T. H. Hare and E. A. Blackmore, all members of the legislature.

Both houses of the legislature have adopted the resolution for a joint conference of the legislative fishing committee for Oregon and Washington, the Washington committeemen were today named as follows: Welsh and Watson from the senate, and Stevenson and Williams from the house. This committee of four will meet and confer with the Oregon committee on fisheries relative to proposed legislation at Tacoma on Saturday.

## A BAD DISORDER

In the fall of 1895 I contracted that fearful disease, Blood Poison. It gained such headway that I was forced to resign my position and seek relief at Hot Springs. After spending all the means I had I went to Memphis. In less than three weeks I was in a hospital, and after nine weeks of suffering I was discharged as cured. In less than a month every bone in my body seemed to be affected and felt as if they would break at the least exertion. Again I was compelled to resign, and I returned to the hospital for a seven weeks stay. When I came out I was advised to try farming. When I first went on the farm I prevailed on the only firm who handled drugs to get me one dozen bottles of S. S. S. At that time both of my hands were broken out with blisters and I was covered with boils and sores. In the meantime my druggist had gotten two dozen bottles of S. S. S. for me and I began its use, and after taking the thirteenth bottle not a sore or boil was visible. R. B. POWELL, East 9th St., Little Rock, Ark.

Of all human diseases, Contagious Blood Poison is the most hideous and hateful. The victim is tortured with eating ulcers, sores and abscesses, unsightly blotches, eruptions and other symptoms of the miserable disease. S. S. S. has been used successfully for nearly fifty years for

Contagious Blood Poison. It contains no mercury, potash or other mineral. Our home treatment book gives all the symptoms of this disease. Medical advice free.
