

\$10 REWARD

We shall give \$10.00 in gold as a first prize, and \$5.00 as a second prize, to the boy or girl under eighteen years of age writing the best poem of two or more verses, using the MONARCH RANGE as subject of the poem. All poems to be handed in before 6 P. M. on February 16, 1905

CHARLES HEILBORN & SON

Complete House Furnishers. 590-592 Commercial St.

COMMITTEES AGREE

Joint Fishing Legislation Adopted at Olympia.

A CHANGE IN THE LAWS

License of Gillnetters to Be Raised to \$5, and Licenses on Cold Storage Plants and Canneries to Be Raised—Close Extended.

A meeting of the joint fisheries committees of Oregon and Washington was held at Olympia Saturday night. Astoria was represented in addition to the committee by George H. George, G. W. Sanborn, H. M. Lorensten, H. G. Van Dusen. Senator Tuttle was elected chairman of the conference. The following changes were adopted as to licenses and closed season:

That the first 15 days of the spring close season be eliminated, thus beginning the close season on March 15 and ending it April 15.

That the open season be extended 10 days longer, or from August 15 to August 25.

That the gillnetters' license be increased from \$2.50 to \$5.

That all licenses date from April 1 and expire March 31.

That Washington abolish the law requiring a \$1 individual license, and raise the sealing license to correspond to the Oregon figure.

That both states fix the license schedule on cold storage plants at a rate approximating 90 cents per ton net, and on canneries at approximately 2 cents per case of output.

The report was tonight signed by all the members of both committees, and in general has the approval of the representatives of the industry who appeared before the committee. The report recommends:

All the representatives of the fishing industry who are here express satisfaction over the result, and say that it is the first successful conference of the many that have been held in the effort to secure recommendations for uniformity in the fishing laws. The cannerymen and cold storage men express no dissatisfaction over the increase in licenses, and the Oregon men are particularly well pleased in view of the fact that the licenses named in the house bill that has already passed the Oregon house will be cut down if the conference report is adopted. The figures adopted were those suggested by the Washington committee, the members fearing that too great an increase could not pass the Washington legislature.

HAD NARROW ESCAPE.

Judge Hume's Automobile Goes "Overboard" and Falls on Him.

In an automobile accident yesterday morning Judge William E. Hume, who was driving the machine, and Superintendent McGladry, who was riding with him, were painfully injured, and only escaped death by the narrowest of margins.

The two men started from the Tongue Point mill for the city about 9 o'clock. Judge Hume thoroughly understands his machine and has been used to making brisk runs to town, but this morning the planking of the roadway was covered with frost and in turning a corner the big machine did not hold to the roadway in making the turn and literally slid across the walk and through the railing and fell with a crash on the rocks 16 feet below. When he realized that the machine was going over Mr. McGladry jumped, but he had no chance to choose his footing and dove out onto the sand on the beach, striking on his head. He was badly stunned or a moment or two but recovered quickly and looked for Mr. Hume. He found him under the machine which was upside down, and only one of Judge Hume's legs was sticking out. McGladry tried to raise the machine but it was too heavy and he was compelled to summon assistance. Mr. Hume, cut, bleeding and unconscious, was conveyed to St. Mary's hospital, where it was found that he had a broken nose and jaw, and a number of painful cuts. There was no other serious injury, however, and the

IS STILL SHOWBOUND

New York Car Lines Tied Up By Packed Snow.

ICE FILLS THE FERRY SLIPS

Coal Oil Which Was Used to Thaw Out the Conduits Warps the Slots and Bends the Welded Rails on the Surface.

New York, Jan. 30.—Service on many street car lines operated by underground trolley, suspended because of last week's great storm, has not yet been reopened, although thousands of men have been at work clearing the tracks. The chief trouble has been found in cleaning out the conduits. One of the most important lines still blocked is that on Eighth avenue, passing along the western border of Central park. No cars are running north of Fifty-ninth street, and it is understood these will be out of service for some days to come.

In an effort to thaw out the frozen underground conduits gangs of trackmen poured great cans of coal oil into the slot and set it afire. The blaze thawed out the conduits to perfection, but at the same time warped the slots so that in places it may be necessary to replace the metal. To add to the damage the pitch between the Belgian blocks, being inflammable, burned out and made a heat so great as to warp the rails that are welded together.

Among the most serious effects to the commerce of the city is the vast amount of ice that is floating down the rivers with the tides, only to float back again and pack the ferry slips and docks. River pilots assert that a few more days of freezing weather may tie up ordinary shipping.

Vesuvius Frozen Over.

Rome, Jan. 28.—Severe cold prevails and Mount Vesuvius is covered by snow. At Palermo, Sicily the first snow fell in 20 years.

physicians and witnesses of the accident unite in saying that his escape was miraculous.

McGladry was badly shaken up, but was able to attend to business as usual. It is expected that Judge Hume will be able to leave the hospital today.

CLAIM BRIBERY.

Donnelly Has Grievances Against the Chicago Packers.

Chicago, Jan. 30.—In his first official statement since the ending of the great stock yards strike, President Donnelly of the Amalgamated Cutters and Butchers' workmen, has attacked the packers on the ground of bad faith. Violations of the settlement agreement discrimination against union men and attempts to dethrone Donnelly from control are among the charges registered.

President Donnelly asserts that wages have been reduced arbitrarily and that additional hardships have been imposed upon the union employees. He also refers to a bribe offer from one of the packing companies with the comment that he is prepared to furnish proof.

Condition Satisfactory.

Potsdam, Jan. 30.—Prince Frederick slept well and perspired freely during the night, according to a bulletin issued at 9:30 a. m. His temperature is 98 and pulse 76. The inflammation of the right lung has extended and the inflammation of the pleura has diminished. Pains in the left side have been more severe since yesterday, but the prince's general condition is satisfactory.

Stabbed to Death.

Chicago, Jan. 30.—After being stabbed to death early today, the body of John Schranman, 22 years old, was placed on a pool table in a billiard hall. According to the police Schranman was attacked by two men while he was on his way to his home from a wedding. His assailants then carried his body into the billiard hall and left it there.

Important Notice.

We have made another progressive step. We now carry at our branch store in the Flavel brick building on Bond street a complete line of oil clothing and rubber boots. Fisher Bros. Company.

Sickenings Shivering Fits

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. S. Munday of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At Chas. Rogers' drug store; price 50c, guaranteed."

QUICKLY CURED BY

Foley's Honey and Tar

There is no case on record of a cold resulting in Pneumonia, or other serious lung trouble, after Foley's Honey and Tar had been taken.

It will cure the most obstinate racking cough, and heals and strengthens the lungs.

Foley's Honey and Tar has cured many cases of incipient Consumption and even in the last stages will always give comfort and relief.

Foley's Honey and Tar gives quick relief to Asthma sufferers, as it relieves the difficult breathing at once.

Remember the name—Foley's Honey and Tar—and refuse substitutes that cost you the same as the genuine. Do not take chances with some unknown preparation.

Contains no opiates.

Cured of Terrible Cough on Lungs.

N. Jackson of Danville, Ill., writes: "My daughter had a severe attack of La Grippe and a terrible cough on her lungs. We tried a great many remedies without relief. She tried Foley's Honey and Tar, which cured her. She has never been troubled with a cough since."

Consumption Cured.

Foley & Co., Chicago. Dana, Ind. Gentlemen:—Foley's Honey and Tar cured me of Consumption after I had suffered two years and was almost desperate. Three physicians failed to give me any relief and the last one said he could do me no good. I tried almost every medicine I heard tell of without benefit, until Foley's Honey and Tar was recommended to me. Its effect right from the start was magical. I improved steadily from the first dose and am now sound and well, and think Foley's Honey and Tar is a God-send to people with Throat and Lung Trouble. Yours very truly,

MRS. MARY AMBROSE.

Three sizes—25c, 50c, \$1.00. The 50 cent size contains two and one-half times as much as the small size and the \$1.00 bottle almost six times as much.
