COMMON DECENCY.

Another Story.

There is another story now in connection with the shooting of Joe Nick. Constantine Lemon stated at first that Nick was flourishing a revolver and in attempting to take it away from him is was accidentally discharged. The new story is, that Lemon had the rewoiver and was going to shoot T. K. Johnson and it was accidentally discharged wounding Nick. It is a crime to have a revolver and a crime to point it at any one, whether loaded or not, and ought to be a cime to have such a disposition.

Accused of Adhesiveness.

George B. Thomas, formerly of Asteria, but for several years a resident of Portland, where he became a labor leader and succeeded in getting on the port of Portland commission, has been indicted on a charge of accumulating \$500 without rendering any ligitimate services therefor, or what is euphonlously designated by politicians as "grafting." Robert Wakefield and J. B. Bridges are also indicted as accessories before the fact, in other words, for getting part of the swag. With the exception of the women and children, nearly all the men in Porthand have now been indicted and the law octupus will now reach its fangs out into the utermost recesses of the state, for more converts,

I had used almost everything said to be a cure for weakened kidneys and bladder, but nothing ever gave me the satisfaction I received from Doan's Kidney Pills. They are easy to take, have no effect upon the stomach or bowels and act directly on the kidneys. I thoroughly believe from the results I received and also from observation that Doan's Kidney Pills are one preparation on the market which acts

directly as represented." Emphatic endorsement can be had
