BOMBS IN EVIDENCE

Revolutionists Continue to Kill Governors.

DESTROY EMPEROR'S PICTURE

Governor General of St. Petersburg Skillfully Handles and Is Managing a Difficult Situation in Combating the Revolutionists.

St. Petersburg, April 13.—The summary closure of the lawyers' congress in St. Petersburg yesterday, in the midst of the opening session of what promised to be a repetition of the Moscow conferenec of doctors, manifests the firm hand with which Governor General Trepoff is managing the difficut situation.

Revolutionaries yesterday contraved an impromptu meeting in front of the Putiloff Iron Works at the hour for beginning work. An immense crowd of workmen was attracted and revolutionary speeches were made, red flags produced and proclamations distrjbuted. Six policemen who attempted to disperse the crowds were roughly handled, but the assemblage scattered at the approach of the police reserves.

The verdict of the commission appointed to investigate the conditions at Port Arthur at the time of the surrender is expected soon.

Anti-Semite proclamations have been issued at Smolensk and Orel and posted at fence corners in that section of Russia, calling upon the people to arise and beat the Jews. The effect of this revolutionary incitement on the peasant population in the present condition of affairs in the rural disericts is feared.

Nine shots were fired at the governor of the prison at Libau on Sunday night as he was returning to his residence outside the town. The governor was not hurt. His assailants escaped.

During morning prayers yesterday at the high school of Bomny, government of Poltava, a portrait of Emperor Nicholas was destroyed by an explosive which was touched off behind the picture. Four pupils were injured.

RAID GOVERNOR'S STOCK.

Maine Sheriff Seizes Large Quantities of Patent Medicines.

Portland, Me., April 13.—The most sensational seizure that has yet been recorded in Maine as a result of the recently passed Sturgis bill now in law, was made to-day when Sheriff A. J. Tolman, of Rockland, raided the wholesale grocery store of Cobb, Wight & Co., at Rockland, and confiscated a great quantity of patent medicines, taking twenty-four cases of one brand. Governor William T. Cobb is the senior member of the firm.

The Governor was just about to board the train for Portland when the seizure was announced to him. When seen immediately upon his arrival in this city he said that "if his firm sold patent medicines containing more than the proper proportion of alcohol it was only just that it should be prosecuted."

At the same time that Governor Cobb's establishment was raided the Sheriff took $2,000 worth of liquor from the city agency, which was supposed to be exempt.

It is an often expressed sentiment that politics was at the bottom of the whole thing. Sheriff Tolman was a democrat, and it is alleged that before the Sturgis bill passed he had allowed the saloon dealers to run, now that his constituents are shut down on, it is said that he went to the limit of his authority, and to spite a Republican Governor seized his patent medicine.

NO MORE GAMBLING.

Employes of Railways Are Prohibited From Gambling.

New York, April 13.—The public service corporation, which controls the trolly lines of Jersey City, Newark and the eastern section of New Jersey, has posted the following notice in all its car barns:

You are absolutely prohibited from gambling with cards, games of chance or horse races, at gambling places, poolrooms or race tracks, either by attending such places yourself or through another person. Albert H. Stanley, general superintendent.

The officials of the company explained that the complaints which had been made by wives and relatives who had suffered because of the losses sustained by the men fully justified the action.

CARRIE WILL LEAVE.

Hatchet Wielder Leaves Kansas When She Leaves Jail.

Wichita, April 12.—Mrs. Carrie Nation, who is in jail here, today signed deeds conveying her Topeka property to private parties for $7000, and announced her intention, after serving out her jail sentence, of leaving Kansas and settling in Oklahoma, where she will devote attention to efforts to have a prohibition clause inserted in the constitution when Oklahoma secures statehood.

Mrs. Nation is in prison awaiting decision of appeal to the district court for joint smashing, for which she was fined $150 and sentenced to 30 days in jail. The property sold was that which the Woman's Christian Temperance Union, at the state convention last October, refused to accept as a gift from Mrs. Nation.

BOUND FOR COLORADO.

President Roosevelt and Party Have Finished Hunting.

Frederick, Okla., April 13.—The president's great wolf hunt in Oklahoma is now at an end, 18 of these animals being the total number captured. The cooks, porters and most of the other help arrived in Fredrick shortly before 6 o'clock and reported that the president would arrive here about 8 o'clock.

Ex-Delegate Dennis T. Flynn, Governor George B. Ferguson and Congressman John H. Stevens of Texas, who arrived last night will be present to show their respects to the president.

All of the president's party excepting C. B. McHugh and John Abernethy will leave with the president at 8:25 o'clock for Vernon. At this point the president's party will be transfered to the Fort Worth and Denver road and he will arrive at his Colorado destination Saturday evening.

WILMERDING MISSED

Granddaughter of Vanderbilt Escapes from Sanitarium.

ACCUSED OF BEING INSANE

When She Was First Committed to a Sanitarium She Was Worth $40,000, But When She Escaped She Only Had 20 Cents Left of Fortune.

New York, April 12.—Mrs. "Jack" Wilmerding, great-granddaughter of Commodore Vanderbilt, escaped for the second time last night from George W. Hill's private sanitarium, in Harlem, where she had been under restraint for some months. She said today she had left a "dummy" in her bed in the sanitarium and "when all was still fled through a window."

Mrs. Wilmerding stated that her fortune consisted of 20 cents at the moment. She visited two lawyers' offices today, to whom she gave details of her escape and then disappeared. Even Mrs. Clara Bloodgood, long her friend, did not kknow where Mrs. Wilmerding was tonight.

Mrs. Wilmerding first called upon Mark Alter at his office on West Tenth street. Alter was her counsel in August, 1902, when she appeared in the Jefferson Market police court and complained that John C. Wilmerding, her husband, had failed to contribute to her support, as had been agreed between them.

Formerly well kknown in society she married Wilmerding in 1891 and they lived together for seven years. In February, 1897, a commission declared Mrs. Wilmerding insane and her uncles John Wallace and Franklin Allen were appointed trustees of her personal estate, then worth $40,000.

Mrs. Wilmerding was sent to Bloomingdale asylum, where she remained more than a year. After a long legal fight, she was set at liberty in December, 1898. Some months ago she was committed to the Hill sanitarium. After a few weeks she escaped and went to Philadelphia, but soon returned and vountarily went to the sanitarium.

WEBBER MUST HANG.

Adolph Webber, Who Murdered His Mother, Sentenced.

Auburn, Cal., April 133.—Adolph Webber was today sentenced to be hanged on June 20 at Folsom prison for the murder of his mother. A motion for a new trial was denied. Webber turned pale when ordered to stand up for sentence. He refused saying "What for?"

He said he wanted the lock produced, alluding to the lock of the bath room, and said it ought to be used in evidence to show that the elder Webber was locked in the room. Webber was finally induced to rise and was sentenced.

A Daredevil Ride.

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like makic. 25c at Chas. Rogers, druggist.

STRIKE IN CHICAGO

Mayor Dunne Unable to Effect a Settlement of Differences.

COMPREHENSIVE TEAMING CO,

Will Be Organized by the Employers of Chicago If the Present Strike Spreads in Order to Carry on Business of Merchants of the City.

Chicago, April 13.—Mayor Dunne again today endeavored to effect a reconciliation and peace between the contending sides in the present labor trouble in Chicago, but at the end of the day, after several conferences with the labor leaders and representatives of the employers, the situation is unchangd.

Mayor Dunne, however, expressed himself tonight as being more hopeful of peace as a result of his efforts and peace negotiations will be continued tomorrow. Montgomery & Ward Co. continued to make deliveries with non-union teamsters. The service was interrupted however by the strikers and their sympathizers, who blocked the streets, making it almost impossible for the caravans to pass through the thoroughfares.

In several instances the large crowds became abusive and demonstrative and it was necessary for the police to use clubs and several disturbers were seriously hurt in the clashes with the blue coats. Should the efforts of Mayor Dunne fail, it is stated tonight that all the employers of the city will organize a comprehensive teaming company in order to carry on the business should the strike spread.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists.
