### His and Her Work.

"Woman overworked? Fudge! Think of the men!"  
 "Ah, but you know the old saying, 'Woman's work is never done.'"  
 "I know it, and that's the reason she oughtn't to complain. A man has to do his work or lose his job."

### The First English Regatta.

T. Doggett, the comedian, has been regarded as the founder of aquatic sports in England, since he first instituted, in 1716, annual prizes for rowing, and these rowing matches have been continued until the present day. But in the winter of 1774 Lord Lyttelton and the Savoir Vivre club determined to hold in the following year a "regatta" which should rival any ever held at Venice.

This was arranged for June 23, 1775, and on that day the whole river from London bridge to the Ship tavern at Millbank was covered with pleasure boats, both sides of the water assuming the appearance of a splendid fair. Two races were rowed, and at the conclusion of the sport the invited guests proceeded to the rotunda at Ranelagh, where supper was served at 10 o'clock, after which a ball was given in the Temple of Neptune, a temporary structure erected near the rotunda, the company including the Dukes of Gloucester and Cambridge, the lord mayor and several ambassadors.

### Finnan Haddies.

"The great American public is often bunked in buying finnan haddies," remarked a man in the fish business. "When you buy finnan haddies nowadays you may get a finnan haddie, which is a smoked haddock, or you may not. You may get a smoked cod-fish instead, but you will pay the real finnan haddie price for it just the same."

"The haddock is a fish of the cod family and resembles the cod very much. But the haddock has a black lateral line, while that of the cod is white, and if you will only look for the color of these lines, which is not changed in the smoking, you can tell readily enough whether you are getting what you want or something 'just as good.' For myself, when I buy finnan haddie I want finnan haddie. It may be no better than finnan cod, but I like to think I am getting what I want."—Providence Journal.

### Cured After Physicians Said He Had Consumption.

E. H. Jones, Pastor M. E. Church, Grove, Md., writes: "About seven or eight years ago I had a very severe cold which physicians said was very near pneumonia, and which they afterwards pronounced consumption. Through a friend I was induced to try a sample of Foley's Honey and Tar, which gave me so much relief that I bought some of the regular size. Two or three bottles cured me of what the physicians called consumption, and I have never had any trouble with my throat or lungs since that time."

 The 50 cent size contains two and one-half times as much as the small size and the \$1.00 bottle almost six times as much.
