

**CIVIC IMPROVEMENT**

**Some Yards in Astoria That Need Renovating.**

**SHIVLEY SCHOOL PROPERTY**

**Thousands of Visitors Will Be in Astoria This Summer and Impressions Are Created by the Appearance of the Homes and Lawns of the People.**

It is presumed, from statements made, that the civic improvement adjunct of the Woman's club have made some effort to secure the beautifying of the city. It is well known that they have served notices on a number of property owners requesting them to remove the debris and old shacks from their property, and it is also well known that nine out of ten of these property owners who have promised to do so forgot all about it ten minutes later. The Astorian believes it can be of some use to the ladies of the civic improvement league by occasionally pointing out residence and business property that would be improved by the removal of unsightly shacks, old piles of lumber and rubbish. Some time ago attention was called to the sight of tomato cans, old clothing and other refuse laying around loose in some of the yards, but most of these have been cleaned up and probably thrown into the sewers as the city has been to considerable expense of late clearing and repairing these sanitary adjuncts to the city.

Sunday thousands of people, and not a few visitors were out for a walk enjoying the beautiful Easter day. Compliments and criticisms were profuse, according to the appearance of residence property. Several uncomplimentary remarks were made about the condition of the yard of the Shivley school. There are a few tons of old rubbish accumulated and a hideous pile of wood. The school yard should be planted to flowers and shrubbery and the young children interested in beautifying the yard. In its present condition it is one of the most unsightly yards in that section of the city. The residence property adjoining is being beautified. Instead of the old, dilapidated fences, stone walls, some times surmounted with a hedge, have taken the place of the fence. The lawns are beautiful, scattered full of beautiful flowers and shrubbery that makes it look like the home of the refined and enterprising citizens.

In one section of the residence portion of the city, where all the residences present a neat appearance is the old, tumbled-down shack, formerly the home of Judge Milton Elliott. The building will never be occupied again and ought to be removed. In the rear of W. N. Smith's plumbing store on Duane street, now being improved, are old tumbled-down shacks that are an eye sore to the public. They should be declared a nuisance and removed. It has been suggested, and the suggestion is a good one, that instead of having board fence between yards that either a hedge be planted or a wire screen or fence put up. They are inexpensive and make a better appearance than a board fence, each alternate board having been whitewashed years ago. A row of trees or rose bushes between yards would be an innovation. It only requires a little exertion and very little expense to make the yards of the residences of Astoria more beautiful and inviting.

The new improvement of macadam or crushed rock, with cement sidewalks is a great improvement and gives the people residing along such streets an opportunity to discard their old fences and build low stone walls, also to set out shade trees, of which there are very few in Astoria. These improvements are permanent and lasting. There is one thing very noticeable in Astoria. One can always discern the difference between property owned by people of enterprise and modern ideas, and that owned by the oldest inhabitant. This is a remark frequently made by people while out walking. The time for spring cleaning has arrived and the fact that thousands of visitors will visit Astoria this summer should be an inducement for people to put their property in at least a sanitary condition. Eastern people are not accustomed to living with hog pens in the front yards and rubbish piles in the back. A very little effort will make a transformation in many of the homes and residences of Astoria.

**THE WHOLE TRUTH.**

Tom Williams Relates a Little Experience That is Familiar.  
Tom Williams, once a kingpin "gam" of Portland, knows "what's the matter with gambling in this town." Williams, who made his first stake as a Columbia river fisherman, and later joined Fortune's sordid priesthood as a "dealer," to encounter the ups and downs

of the game in Portland, and at last to be Tom Worded out for the count in this county, departed for Olympia some months ago and opened a little game over there during the late season.

A well-known Portlander tells of having encountered him at the Washington capital, and relates the interview as follows:

"What the matter with gambling in Portland?" I asked Tom.

"He squinted from under his hat brim for a moment and replied:

"You know and I know that a gambler is an outlaw. He's engaged in an unlawful business, and he is in a big luck if he's allowed to sneak off on some side street and open up a quiet game and keep it quiet. But when he gets to struttin' out on the street corners in fancy togs, throwin' out his chest and tryin' to run politics, why—people ain't a-going to stand for it. And that's what's the matter with gambling in Portland."—Oregonian.

**The New City Hall.**

Messrs. Huston & Ferguson are pushing the completion of the new city hall and expect to have it completed by June 1. The work is being done in a first-class workmanlike manner, particular attention being given to every detail. When completed it will be the finest city hall in Oregon. It is conveniently arranged, with large, airy offices, plenty of ventilation and good light. On the lower floor will be the police court room, auditor's, water commissioners' and treasurer's office. On the second floor will be the council chamber, surveyor's and attorney's office and the public library and a committee room. The heating apparatus has been completed and work on the interior will be commenced in a short time. The interior will be finished in natural wood, oiled and polished, and the floors will be oiled. It will require about two weeks to complete the oiling and polishing and it is probable that the first meeting of the common council will be held in the new city hall the first Monday in July.

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schule of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Spthes and heals burns like magic. 25c at Chas. Rogers, druggist.

**Notice.**

Mrs. Maglar Hedrick has rented and will open the second floor of the new building being erected by Dr. T. L. Ball on Commercial street as soon as finished and will have a number of nicely furnished rooms, also offices.

**HEAD SOLID SORE**

**Awful Suffering of Baby and Sleepless Nights of Mother.**

**CURED BY CUTICURA**

**Skin Fair as a Lily with no Scar to Recall Awful Sore Writes Mother.**

"I herewith write out in full the beginning and end of that terrible disease eczema," says Mrs. Wm. Ryer, Elk River, Minn., "which caused my babe untold suffering and myself many sleepless nights. My babe was born seemingly a fair, healthy child, but when she was three weeks old a swelling appeared on the back of her head, and in course of time broke. It did not heal but grew worse, and the sore spread from the size of a dime to that of a dollar. I used all kinds of remedies that I could think of, but nothing seemed to help; in fact, it grew worse. Her hair fell out where the sore was, and I feared it would never grow again. It continued until my aged father came on a visit, and when he saw the baby he told me to get Cuticura Soap and Ointment right away.  
"To please him I did so, and to my surprise by their use the sore began to heal over, the hair grew over it, and to-day she has a nice head of hair, her skin is as fair as a lily, and she has no scar left to recall that awful sore, and it is over eight months and no sign of its returning."

**CURE PERMANENT**

"Your letter of the 19th inst. received, asking in regard to the cure of my baby some six years ago. Well, the disease has never returned to her head which at that time was a solid sore on top and down the back."
