### COME TO OREGON

Where Tonadoes and Blizzards and Snow are Unknown.

### RANCHES NOT BLOWN AWAY

The Finest and Most Salubrious Climate in the World and Thousands of Acres of Land for Homes for the Enterprising Home Builders.

The dispatches from the east announce terrific tornadoes and cyclones that have caused devastation and ruin to large sections of the country and hundreds and thousands have been killed and injured. These severe cyclones are becoming of frequent occurrence and every farmer in the middle west has to build cyclone cellars to have his life and the lives of his wife and children. When a cyclone strikes one of the sections of the cyclone belt it destroys houses, barns, outbuildings, cattle and crops, and there is no possible inducement for people to locate there. In other sections blizzards, floods and droughts destroy crops and ruin farmers.

Clatsop county affords relief for these storm ridden states and offers inducements to the farmers of the east to come here and locate upon its fertile lands where crops never fail and where cyclones, blizzards, thunder and lightning are unknown. There are thousands of acres of the finest agricultural lands in the world awaiting development. There is an opportunity not only to make a good living, but to save up enough money in a few years to make every farmer independent. While it is true that some little exertion is required to open up some of the land and to clear it for cultivation, yet when it is in condition, there is an independent fortune for every farmer, every dairyman, every stock raiser. One of the finest markets for the sale of farm products can be found in Astoria, and in many of the larger cities by river or rail. There is not a pound of farm produce, accessible to the markets, but meets with a ready sale at a good price.

Clatsop county possesses one of the finest climates in the world. The winters are mild and vegetables grow the year around. The summers are cool and delightful, and no more healthful climate is to be found anywhere. Malaria and fevers are almost unknown; contagious diseases are a rarity and there are fewer deaths from disease in Clatsop county than in any county of its size in the world. With all of these great advantages it seems strange that farmers will risk their lives and property in states where they have no assurance of raising a crop after it is planted or that they will be alive the next morning, and if alive, they wake up and find some tornado has blown down their houses and barn and leveled their crops to the ground, leaving them oftentimes destitute and penniless and dependent upon the charity of others.

None of these conditions exist in Clatsop county. When a crop is planted, a good crop is a certainty. When a farmhouse or barn is built, it will remain for all time. Cyclone cellars are not necessary to protect life. Lands can be purchased as cheap in Clatsop county as in the middle west and they are more fertile and productive. Efforts should be made by some of the local organizations to bring these facts to the attention of the people of the east and especially in the cyclone belt, as no doubt many of them could be induced to come here and locate. The trouble is that the grand natural resources of Clatsop county are not known. The city and county has never been properly advertised. No inducements have ever been offered the farmers of the east to come here and locate, while every other section is using every effort within their power to induce immigration. Hundreds of these people will visit the Lewis and Clark fair and no arrangements have been made to provide them with literature of Clatsop county. Every other county in the state will be represented, both by representatives of the county, but by copies of their local papers. Nearly every county in the state has had a special edition of their local paper and these will be placed in the hands of every person visiting the fair, and yet not one of these localities can offer such beneficial inducements for intending settlers as Clatsop county.

Going East!! Cutting Clothing Prices!! Wise!!

Will Appear Tonight.

Owing to the fact that the baggage of MacIntyre, Fletcher and MacIntyre did not arrive in time for last night's performance at the Star, this popular team did not appear. Their baggage arrived on last night's train and they will appear at the matinee today and at every performance during the week.

The Brewers were also handicapped by the non-arrival of their baggage, but they went on. The entire program, which is one of the best ever given, will be given in its entirety tonight. What was lost by the former was made up by A. J. Elwell in picture melodies, it being his first appearance and so well was it rendered that he received an enthusiastic encore which he responded to. He is certainly the best vocalist that has ever appeared in Astoria.

SHAKE IT OFF.

Rid Yourself of Unnecessary Burdens. Don't bear unnecessary burdens. Burdens of a bad back are unnecessary.

Get rid of them. Doan's Kidney Pills Cure bad backs; Cure lame, weak and aching backs; Cure every form of kidney ills. Lots of local endorsement to prove this.

Lee W. Mohr of Clackamas, Clackamas Co., Oregon, writes: "I have used four bottles of Doan's Kidney Pills for kidney and bladder trouble from which I had suffered for 50 years. It was the first medicine I ever used during that time that gave me any relief. It has rid me of a severe pain in the bladder which caused me a great deal of suffering, and also has regulated the action of my kidneys. Plenty more proof like it is from Astoria people. Call at Chas. Roger's drug store and ask what his customers report."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

### WHY HE CUTS PRICES.

Mr. Wise feels like apologizing for cutting prices on clothes at this time of the year. He knows it is against the rule, because January is considered the proper month to cut prices, but Mr. Wise wishes to go east about June 10 for the purpose of buying his fall stock and in order to make cash talk while east he feels himself justified in making these cuts. Of course the buying public will get the benefit of these great reductions. Mr. Wise says that people will save enough on a suit to buy their wives a new bonnet or a pair of shoes.
