

### DIAMOND ROBBERS

No Trace of Missing Diamonds Stole from Tiffany.

WERE VALUED AT \$90,000

Police Imagine They Have a Clue to the Robbers, But Are Unable to Locate Them or Discover What Was Done with the Valuable Jewels.

New York, May 22.—No trace has been found of the three diamonds worth \$90,000, reported as having been stolen about May 4 from Tiffany's workrooms. All the detectives and police officials engaged in the case are maintaining the closest possible secrecy but it has been learned that their efforts thus far have been in the direction of closing all the markets here and abroad where the thief might seek to dispose of the gems.

After gathering up the loose ends of the case and examining the results, the police are understood to have reached the conclusion that the theft owed its inspiration if not its actual execution, to a professional.

#### City Hall Building.

Emil Schacht, the architect of the new city hall building, was in the city yesterday on an official tour of inspection of the work being done. He expressed himself well pleased with the good workmanlike manner in

which the hall is being constructed. It was expected to have the building completed by June 1, but owing to delay in securing the finishing lumber from Portland it will not be completed much before July 1. A fire was started in the new furnaces yesterday and they worked all night. Mr. Schacht has been at Seaside where he is superintending the construction of a number of buildings.

### YOUTHFUL CRIMINAL

Break into Brooklyn Church and Ruin Organ.

STOLE LEAD AND SOLD IT

One of the Boys, 14 Years Old, Gives Police Officer a Merry Chase and Then Jumps Through a Skylight, Followed by the Officer.

Brooklyn, May 22.—There were no services in the Ocean Hill Baptist church at Rockaway avenue and Somers street yesterday, as the church organ was out of tune. A young man named Gobel was arrested Saturday afternoon by Detective Sheridan as he emerged with another boy from a junkshop. His companion escaped. Baron, proprietor of the junkshop, told the detective that Gobel sold him 100 pounds of lead pipe, freshly cut. The boy was taken to the station house where he confessed as to how the church was entered by forcing a rear window. The organ in the church is probably worked with hydraulic pressure, for Gobel told him how all the lead pipe that was inside the organ was cut away. He said his companion was Charles Gordon, 14 years old.

Detective's Sheridan and Mulroy started out to look for Gordon and found him at Stone avenue. The lad spied the officers first, however, for he darted into an alleyway. He was followed by Mulroy, who kept close on his heels, though he vaulted over eight back yard fences, then climbed on a fire escape and ran over several roofs. On the corner house he jumped through a skylight, carrying the sash with him. Mulroy jumped too, and caught the lad and locked him up.

A Bride at the Grocer's And the Young Macaroni

"AND I think," added the sweet little bride, "that you may also send me a package of young macaroni."

The large, red grocer looked puzzled. "Young macaroni?" he said. "Why, yes. Don't you know what I mean? There's a special name for it, but I've forgotten it." The bride's tone was one of annoyance.

"Excuse me a minute, ma'am," said the grocer. "There's something I forgot to tell my partner about."

### IMPORTANT DECISION

Cannot Do Business Without Resident Manager.

AN INDIAN TERRITORY CASE

The Territory Governed by the Laws of Arkansas and Corporations Cannot Make Binding Contracts Unless a Representative Lives There.

Muskogee, I. T., May 22.—Judge Raymond, in the court of the western district has rendered a decision which will affect nearly every foreign corporation doing business in Indian territory.

The case is that of the T. H. Rogers Lumber Company, which brought suit against A. S. McRee to collect for material furnished by the company to build a house for the defendant. The attorney for the defendant raised the point that the company is a foreign corporation and had no one at South McAllister to represent it as required by law. Judge Raymond sustained the point and dismissed the suit.

Under the Arkansas law, which governs Indian territory, a foreign corporation that wishes to do business in Indian territory must keep a representative in the town where the incorporation papers were filed, upon whom services may be had. If the corporation fails to do this, all contracts are void in case suit is brought upon them.

The plan of establishing co-operative mining and smelting enterprises is one of the important matters to come before the convention.

The executive board, which has been in session for several days, has completed its work of auditing the accounts of the treasurer and financial secretary, finding the federation to be in a satisfactory financial condition.

Framed Picture Bargains

A large manufacturer over-estimated his sales. As result he had a large amount of pictures left on his hands—and couldn't pay his bills for material of which they were made. He sent out circulars to all the retail stores offering his stock at less than cost to manufacture. We rushed in a large order, but several hundred other dealers were ahead of us and we got less than sixty pictures, but they are beauties—at about 1/2 usual price. We have put the whole stock in the window—prices on them. When they are gone we cannot get any more. Come early Monday morning.
