DENIES STATEMENT

California Surveyor General Denies Land Frauds.

DEMANDS AN INVESTIGATION

Charges Made By Francis J. Heney Pronounced False in Every Particular With an Evident Intention of Working up a Reputation for Himself.

Sacramento, June 12.—Victor Woods, state surveyor general, has declared war on Francis J. Heney because of statements made by Heney to the effect that the state land office is involved in frauds that will surpass in magnitude those that have been discovered in the state of Oregon.

"I positively and absolutely deny that any land frauds have been perpetrated in connection with my office since I have been an incumbent, and I court and demand a full and thorough investigation. My books are and have been open at all times for that purpose.

"It is certainly a queer state of affairs that these insinuations should be put forth after I have openly announced my intention of going to Washington, D. C. for the purpose of having a consultation with President Roosevelt and the department of the interior, on affairs connected with the conduct of my office. I am positively aware of the fact that these alleged frauds were known to the parties who are now making them public long before the legislature had its last session and it seems strange to me that if these parties were in earnest that they did not bring it before that body. Some time ago I learned that this man Francis J. Heney had made the assertion that he intended to get me, and I made it my business to call at his office and ascertain if there was any truth in this report. I was unable to see Heney, although I called twice for this purpose; but he sent me word that he had never criticized my public or private actions, knew nothing of the manner in which my office was conducted and had never authorized any criticism of my affairs.

"Over a year ago I received some anonymous letters threatening me with exposure, that I have never been able to trace to their originator, and since I announced that I intend to go to Washington I have received others, stating that I would be indicted as soon as I arrived in that city, should I attempt to either use the president or the authorities of the interior."

MILL CLOSED DOWN.

Flavel Shingle and Lumber Company Closed by Sheriff.

The Flavel Shingle and Lumber Company located at Warrenton has been closed by the sheriff on a writ of attachment. The mill was owned by Ward, Hardy and Kaski, the latter being manager. It is claimed that the mill has been a paying investment but crookedness is alleged in its management. The total indebtedness of the mill will aggregate about \$5,000, a considerable portion being due to the employees. It is claimed by men in position to know, that Kaski came to Astoria and secured 85 per cent on invoices of three car loads, supposed

to be loaded with lumber and shingles, when as a matter of fact the cars were empty and stood on the track for six weeks. This was the cause of the discharge of the railroad agent at Warrenton. It is also well known that Mr. Kaski shipped two or three car loads of lumber and a part of a car load of shingles to Portland where his wife is erecting a \$6,000 residence, the money represented belonging to the company and should have been used to pay the employees. It is claimed that unless matters are straightened out criminal proceedings will be brought against Kaski, Messrs. Hardy and Ward knew nothing about these transactions as Kaski kept everything under lock and key and refused to allow his partners to inspect the books.

Broke Jail.

Ennos Brenner, charged with burglary in the White Swan saloon, and M. Rookway, a member of the Sons of Rest, who was serving a sentence for vagrancy, broke out of the city jail Sunday morning and made their escape. They were confined in a cell and kicked a plank on the side of the cell and made their exit out of the back door. They went to the office of the chief of police before leaving and took three revolvers and a box of cartridges. One of the revolvers was an old cap gun, about sixty years old, and all of them were taken off of prisoners confined in the jail. They also went to the locker and took what money they had on their persons when arrested. No effort has been made to capture them, the police being satisfied if they will stay away from the city.

A Great Success.

The new policy inaugurated at the Star met with the appreciation of two of the largest crowds that has ever visited this popular place of amusement. The theater was packed at both performances and there was a greater demand for reserved seats than accommodations, showing that the public are satisfied to pay to see a good show. The program as published was carried out and elicited applause for every number. Otto Flecht's Tyrolean Quintet captured the house and was the finest production ever witnessed. It was worth alone the price of admission. The Scaffold goat and dog show was something new for Astorians and was appreciated, especially by the children. The musical Thors was an exhibition of what musical artists can do and it was certainly a great novelty. Kelly and Davis, the greatest comedians in America, kept the audience convulsed with laughter and sustained their reputation of being the best team in the business. The sisters Pearl and Diamant, Parisian singers and dancers, captivated the audience and LaBarr, the contortionist, is a wonder. There were eight acts, requiring one hour and a half, and it can be said without exaggeration that it was the best vaudeville entertainment ever given in the city. There is no doubt that the Star will be packed every night. Manager Gervurtz was overwhelmed with compliments for his efforts which will make the Star the popular play house of Astoria.

There are twenty different cinnamon barks, and they cost from 4 to 55c lb. This explains the market, all but one particular. Schilling's Best is the best with the coarser pieces picked-out; not thrown-away; oh no; they go to some less particular grinder.

Moneyback everything.

STRIKE SITUATION

Teamsters Unable to Secure Any Concessions in Strike.

NO CHANGE IN SITUATION

No Peace Negotiations are in sight every Effort to Conciliate the Warring Factions have been Unavailing and Strike Will Drag along Indefinitely.

Chicago, June 12.—The teamsters' strike probably will be discussed at the third annual convention of the Team Owners of the United States which opens here today. More than 100 delegates representing associations of employers in New York, Boston, Minneapolis, St. Louis, Des Moines, Grand Rapids, and Philadelphia have arrived to participate in the discussions.

With the possibility of extending the strike out of the pay for the present, at least, there was nothing in sight to day to warrant the belief in any change in the situation. No peace negotiations were in prospect, and it looked as though the strike would be allowed to drag along. No new moves of importance were contemplated by either strikers or employers.
