PEACE CONFERENCE.

During the last Hague tribunal the world stood aghast at President Roosevelt's strenuous advocacy for a universal peace and his apparent indifference to the shocked nerves of a pomp inflated royalty.

A Portland policeman arrested a young couple for plucking a single rose from a bush. It seems deplorable that the "Rose City's" star-adorned gentry can not meet with more success among the thugs so numerous during the exposition period.

The Columbia Southern is to be extended from Shaniko to Bend, a thriving town of 800 people, on the Deschutes river. It is highly probable that the road will bend so frequently ere it reaches Bend, traffic will receive a severe setback.

Advices from London are to the effect that the marriage of Princess Margaret Victoria of Connaught and Prince Gustavus Adolphus, heir presumptive to the throne of Sweden, was solemnized at Windsor, in St. George's chapel.

FAIR ADMISSIONS.

Exposition President Goode announces that the price of Sunday admission to the Lewis and Clark Centennial will be twenty-five cents. He arrives at this conclusion after carefully studying conditions and appreciating that all buildings are closed on the Sabbath.

A word to Mr. Goode—in the history of expositions, two have been wholly successful. The Astorian has no desire to place itself on record as predicting the possible failure of the Lewis and Clark enterprise. As a matter of fact it has every hope for the success of Portland's Fair.

Men who have given study to the virtues of expositions trace the success of these enterprises to the popular admission rates. After 7 o'clock in the evening entrance to the grounds was gained for a twenty-five-cent fee.

and a resort recently opened, the people of Portland are offered no places of recreation, excepting the exposition, which is beyond the means of the majority.

COMMENT

In Mullan, Idaho, a cow gave birth to three calves. Would Roosevelt have the heart to order the death of such a mother?

We understand that a band at the exposition played Chopin's "March Funebre" to live up to a Portland crowd. That recalls Sellwood where they play dead marches for quick-steps.

Grover Cleveland, as a trustee of the Equitable, figured with two of his colleagues in a star-chamber meeting. If the eminent statesman's inclinations are as of yore, we can expect a large bond issue as a result of the conference.

A Franklin Pa., man visiting Portland, argues that the most effective method of closing saloons is to promulgate the virtues of prohibition. Traveling through Oregon he claims that in nearly every sawmill town he saw saloons. It is to be presumed the gentleman who, by the way, is a "gas" operator, has traveled through Pennsylvania.

Washington has been selected by the Far East Belligerents as the city to which to hold a peace conference, with the object in view of ending the present Russo-Japanese strife. The illustrious father of our country uttered the immortal phrase, "In times of peace, be prepared for war." Heeding this, Nicholas will undoubtedly order several new battleships, to be used later as targets by Togo.

The much booted "open door" question apparently has migrated across the Pacific. Secretary of War Taft favors Chinese immigration. He avers it is better to disregard the unreasonable demands of the deeply prejudiced people of the West, rather than to continue attempts at apprehending coolies, with the result that Chinese of culture are often humiliated.

"The big stick seems to be bearing the olive leaves of peace," says the New York Tribune. The comment is worthy of reproduction.

The opinion prevails that the English sense of humor is dull. The following from "Punch" are convincing that such is not the case: He.—I was an intimate friend of your late husband. Can't you give me something to remember him by? She (shyly).—How would I do?

"Father, it is raining." "Oh, well, let it rain." "I was going to, father."

Clergyman.—And how is your husband this morning, Mrs. Marley? Mrs. Marley.—Thank ye, sir, e's no better. The doctor's afraid morality'll set in.

It is a noticeable fact that the newspapers kicking about the Lewis and Clark fair represents a constituency that always has its mit out when the legislature is in session.

If Norway becomes a republic why may we not expect to find Iceland some day quitting Denmark and applying for admission to the United States

Wouldn't that give Canadian statesmen the shivers?

President Roosevelt may not force a railroad rate regulation bill through his special session of congress, but he will force a lot of slippery statesmen to come from cover.

Interment and internment mean so nearly the same thing for the Russian warships at Manila that the confusion of the words by several newspapers is, not altogether strange.

When Mayor Dunne has succeeded in giving Chicago immediate municipal ownership he may receive an invitation to visit Glasgow and tell how it was done

Let us hope that the Japanese will refrain their enthusiasm and not get Togo into trouble by giving him a house or coaxing him to run for president.

The man who wrote that if the world were flat, there would be a dude on each corner, should have added, "standing in front of the saloon."

The Eugene Guard is afraid some of its citizens will blow themselves at the Lewis and Clark fair. It never mentions about the state blowing itself in appropriations for the university.

It is said the church influences opposed the people's congress in Russia because of the language necessary to be used in speaking of it. It is called "Gosudvbgk Dshrdmfvyp" and looks too much like profanity.

TALK IT OVER.

With People You Know. With Astoria People.

No evidence can be stronger than the direct testimony of people you know. The public expression of friends and neighbors is the proof of merit we offer. If you still remain a skeptic, talk it over with this testifier.

D. E. Duncan, who is employed with his brother, at the Astoria Soda Works, 426 Duane street, says: "I had been troubled with a weakness of the back and kidneys for a number of years. There was a constant dull, aching pain in the joints and as far up as the shoulders. Not only did my back ache, but there was a weakness from the kidney secretions which was very annoying and disturbed my rest. I heard about Doan's Kidney Pills and one day I stepped into Charles Rogers' drug store and got a box. I found them to be a great relief. After the first few doses I felt better. I know of others who have used them with the same good results."

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

True to Her sex.

Fred—How did she come to accept you the second time you proposed? Joe—Why, you see, her refusal the first time I proposed made me feel awfully cheap, and, womanlike, she couldn't resist the opportunity to secure a bargain.—Chicago News.

His Philosophy.

Young Mother—John, you are simply undoing all my training! You must not give the baby everything in the house. Helpless Father—It's not my fault! If I don't give him everything he wants he yells.—Detroit Free Press.

Blush For Them.

Fuddy—Wonder why it is they always speak of the "blushing bride?" Duddy—Nothing very remarkable about it, considering the kind of men women marry.—Boston Transcript.

No Secret About It.

It is no secret that for cuts, burns, etc., nothing is so effective as Bucklin's Arnica Salve. "It did not take long to cure a bad sore I had, and it is all O. K. for sore eyes, writes D. L. Gregory, of Hope, Texas. 25 cents at Charles Rogers' drug store.

GOLDEN GATE COFFEE

Always the same. Not up—then down. Not good today—bad tomorrow.

J. A. Folger & Co. Established in 1850 San Francisco

Huge Task It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure and by them was restored to perfect health. I recommend the great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by C. Rogers, druggist. Price, 50 cents.
