HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

AUTO KILLS TWO

Fatal Smashup Near Leo Champs, France.

MAN'S HEAD BREAKS BARREL

Was Thrown With Such Force Head Went Through Side... Woman Suffers Instant Death... Two Others Sustain Injuries.

New York, July 2.—A fatal automobile accident has occurred on the main road leading from Clermont-Ferrand to Les Champs, where the start for the international cup will be made, says a Paris dispatch to the Herald.

Baron Henri de Rothschild's second machinist, Tomissier, and Joseph Joffre, another chauffeur from the service of the Baron, were returning with two women from Les Champs in a sixty horse power automobile which the baron drives.

The automobile was traveling down one of the long slopes at a tremendous pace when the driver, seeing a turn in front of him, applied the brakes.

As a result the back wheels "skidded" on the greasy surface of the road and the vehicle crashed against the piers of a small bridge. The four occupants of the automobile were hurled out of the machine.

A number of barrels of tar stood near. One of the women struck a barrel with her head, which was crushed in and she died instantly. One of the men was also thrown against a barrel with such force, that his head went through the side.

Persons near at hand ran to the rescue and the man, having been withdrawn from the barrel, was removed to a hospital at Clermont-Ferrand in a desperate condition. Two other occupants who were thrown into the field, escaped with a slight bruising.

The automobile was smashed to pieces.

STRIKING TEAMSTERS NOW SHORT OF FUNDS.

Cannot Pay Benefits and Break in Ranks is Looked For.

Chicago, July 1.—Dissatisfaction is said to exist among the teamsters as a result of an apparent lack of funds to pay strike benefits. Unless the strike leaders are able promptly to solve the financial problem confronting them, a break in the driver's ranks, it was said, might be looked for within a few days. Secretary Charles Sagerstrom of the finance committee of the teamsters' joint council, however, said all payments would be met this afternoon.

TURKISH EDITOR STRANGLED.

Warders Attack Him and Hang Body to Door of Prison.

New York, July 1.—According to a Constantinople dispatch forwarded by the Paris correspondent of the Times, New Zead Bey, chief editor of the Turkish journal Hidmet, published at Smyrna, has been strangled by his warders in the prison of Adana to which he was recently sentenced. It is asserted that the Constantinople correspondent that the warders subsequently hanged the body to the door of the prison, following which a statement was given out saying the journalist committed suicide.

SPECULATORS WORRIED.

War in the East Has Effected Sales of Japanese and Formosa Teas.

New York, July 1.—Speculators who purchased large quantities of Japanese and Formosa teas in anticipation of either an ultimate Russian victory or the indefinite prolongation of hostilities in the Far East, are now having difficulty in disposing of their holdings, says the Herald. Except for two weeks when the Russian North Sea fleet was approaching Japan the exports from that country have not been interrupted and according to men in the trade the new crop of tea is now coming forward in large quantities.

SOLD PRETENDED DECORATIONS TO BELIEVING FOREIGNERS

Former Priest and Accomplices Convicted at Marseilles.

Marseilles, July 1.—Sentence was pronounced today on several of the men found guilty of being implicated in the fraudulent "Advocates of St. Peter" order, which sold decorations of the pretended order to many foreigners. A

former priest named Reynaud, who was found to be an accomplice of Colonel Lauthier, the supposed founder of the imaginary order, and his principals, were sentenced to six months imprisonment. The minor conspirators were given shorter sentences. When Lauthier was arrested he attempted to clear himself by showing that a part of the money taken from the sale of decorations had gone to the Vatican at Rome.

Many American tourists were among the victims of Lauthier, as they thought they were obtaining genuine decorations for a Vatican order.

Fish Warden Makes Arrest.

James Nagle, was arrested at nine o'clock last night by Deputy Fish Warden Webster for fishing without a license number on net and boat. Nagle was caught in the Blind Channel and proceeded to discuss the question. Warden Webster, however, was somewhat reluctant to parley at such an unseemly hour and among such unseemly environment that he towed Nagle's boat four miles and brought the now quieted fisherman before Justice Goodman, who fined him \$10.00 and costs, amounting to \$8.30.

CHINESE ARE ACTIVE

'Frisco Celestial District Placarded With Exhortations.

ADVOCATES REPEAL OF LAW

Appeal to Countrymen to Assist in Opening Doors of United States to Coolie Labor... Want Congress to Act. Funds Being Subscribed.

San Francisco, July 1.—Chinatown is placarded with exhortations to the local Chinese to join in with their fellow countrymen in China for the repeal of the exclusion laws, and a similar notice of concerted movement has been posted on the door of the Chinese consulate in this city. Meetings are being held and money subscribed to further the effort to open the door to coolie labor.

The circular which has aroused most attention is that issued by the General Society of Chinese residing in the United States. This circular proclaims that it is an organization of leading Chinese, both in this country and in China, for the passing through Congress of the act of repeal and states that it has a treasury jointly in the United States and in China, the stock of which will be sold for \$1 a share. All money collected in this way is to go immediately to the promotion of unrestricted Chinese immigration.

Other circulars bring attention to the boycott now declared in several parts of the empire against American merchants, but what action will be taken on these, is left to the Six companies, which arrogate all decisions on all commercial questions to themselves. It is impossible to tell with accuracy from what sources the posters originated.

CHAUFFEUR IS HELD

Responsible for Death of Unknown Woman in New York.

EMPLOYED BY J. H. HILL

Was on Way to Court to Answer Charge of Speeding and Ran Down Woman. Appeals to Hill for Bond but Son of Magnate Pays no Heed.

New York, July 1.—Frank C. Foote, a chauffeur employed by James H. Hill, son of James J. Hill, the capitalist, is under arrest with the connection with the death of an unidentified woman, killed by the ponderous Hill automobile yesterday in Greenwich avenue. Foote was on his way to court to answer to charges of speeding when the fatal accident occurred.

When remanded to the coroner and held in \$5,000 bail, the chauffeur appealed to his employer to furnish bond for him, but Mr. Hill refused, saying that he should leave the court to deal with him, as he had taken out the automobile without permission. The machine was moving very slowly when it ran down the unknown woman in front of a public school and in full view of many pupils.

"When I bought the automobile and employed Foote ten days ago I made only two conditions with him," said Mr. Hill. "The first was that he should never take the machine out of the garage without my permission and the other was that he should never run at fast speed in the city under any circumstances. He violated both rules within a few days. I accepted his excuses and his promise not to repeat the offense. Then he violated the speed rule for the second time when going out of town to meet me. I told him I would wait until I knew how the court regarded his explanation of this incident before I dealt with him. I told him that I would not be in town and would not meet him today. Relying on that he took the machine out again without my permission. I hope the court will deal as severely as possible with him and make an example of him for the sake of those who use the streets and for all owners of automobiles, whose chauffeurs use their names and their property with equal irresponsibility."
