

Sunday Chatter

The Week in Society as Seen by Mademoiselle Yvonne.

This should have been a very gay week which has just passed for it has gone so rapidly, but in reality, there has been very little doing socially. Of course, the Fourth was the gayest day. Innumerable picnics, boating, bathing, and sailing parties made the day pass all too quickly. Elsie Elmore gathered together a jolly and congenial party of young people and took them sailing aboard the sloop "Frank Sanborn." Mr. and Mrs. Swenson Morton chaperoned the party which included Grace Stokes, Bess Reed, Hanna Adair, Elizabeth Schenck, Sue and Floretta Elmore, Harriet Tallant, Mrs. Finch and Mrs. Will Tallant, Jack Allen and Poul Trullinger.

Hannah Adair entertained at Bridge whist on Monday afternoon. The guests were the members of the whist club and Miss Elizabeth Schenck, of Fort Stevens, who has been spending a few days with Miss Adair.

With the coming of summer the members of the Thursday afternoon club, who have been absent during the winter, are returning to Astoria, and on Thursday, when Mrs. Pearl Cole entertained, nearly the entire club was present. There were many guests there also, so the meeting was a large one. Six hundred euchre was played during the afternoon at which Harriet Tallant won the first prize and Olga Heilborn the second, and that reminds me that all the Tallants are exceptionally fine card players and some one of the family is sure to walk off with the first prize whenever cards are played.

The Misses Foard, daughters of Mr. and Mrs. Martin Foard are entertaining quite a large house party this week. Their guests are from their school, Annie Wright's seminary, near Tacoma, and are Miss Lura McFarland and Miss McMartin, of Tacoma, and Miss McClain of Silverton.

Mr. and Mrs. Swenson Morton celebrated their second wedding anniversary last night by giving a large launch party on the "Pilot." About twenty-four guests

were asked and they spent the evening cruising about the river.

Mr. and Mrs. Albert Dunbar have issued invitations for a large euchre party to occur on Tuesday evening of this week.

Misses Reba and Bertha Hobson spent the first of the week at the beach.

Captain Henry Steele, Ninety-third company United States Coast Artillery corps, stationed at Fort Stevens, has been ordered to Del Monte, Cal., to participate in the annual target practice which occurs the last of July.

Miss Charlotte Seely, of Seattle, is visiting Miss Maybel Taylor for the Summer.

Leases Occident Bar.
M. Gorman, of Cathlamet, Wash., has leased the Occident bar and billiard hall from C. W. Wright and will take possession tomorrow. Mike is one of the popular boys and will make a great success in his new venture. He will continue to conduct his place at Cathlamet and Deep river but will reside in Astoria.

PROBATE COURT.
In probate court yesterday Edward Riddebusch, administrator of the estate of Vesta B. Riddebusch, filed his final account and was discharged. The court also approved the loaning of \$5,800 belonging to the estate.

Too Poor to Bury Child.
Brooklyn, July 8.—Henry Harrison, an infant, five months old, died suddenly without medical attendance yesterday at the home of his parents, 129 Park avenue. Dr. Roan, of Park avenue, viewed the remains and reported the case to the coroner. It is said that the parents are too poor to bury the child.

AT WORK ON CENSUS

Enumerators Have Failed to Make Final Returns.

SEVERAL PRECINCTS LACKING

Total population of Precincts Thus Far Reported over Thirteen Thousand. Second Canvass for Picking up Names of Newcomers is Planned.

The Clatsop county census has not yet been completed, two of the enumerators having failed thus far to make their final returns. The missing precincts are New Astoria (officially called Hammond) and Astoria precinct No. 4. All of the other precincts have reported, and it was expected that New Astoria and Astoria No. 4 would be completed some time ago. However, the enumerators are still at work.

The total population of the precincts thus far reported is 13,086. The last federal census gave New Astoria 368 but this year it will show about 700. The federal census figures for the city precincts are not available, the total for the city having been given as 8381. The six city precincts thus far enumerated show a total of 9027, or a gain of 646 over the total for the entire city of five years ago. Guesses vary widely on No. 4, but it is pretty generally believed that it will show nearly if not quite 2500. Some estimates run as high as 3000.

G. W. Lounsbury, who has charge of the work in city precinct No. 4, will also take in the manufacturing plants, canneries, etc. Hundreds of residents of this city are at work at the various seining grounds and fish stations near the city, and Mr. Lounsbury will also visit these locations and get names. His work is an extensive one. It is the intention of Assessor Cornelius to have another canvass made of the various precincts for the purpose of picking up the names of newcomers, and Mr. Lounsbury will also do this work.

After the course is completed the different nationalities will be tabulated and Mr. Cornelius states that he will be able to tell just exactly how many foreign-born persons there are in this cosmopolitan city. The showing will be an interesting one. The enumeration as thus far completed is as follows:

WANTS MONEY FROM FAMILY OF HUSBAND

Better Half Values Her Hubby in Thousands.

White Plains, N. Y., July 8.—For the alleged alienation of the affections of her husband, Thomas Janney, Jr., Mrs. Hattie M. Janney has begun suit in the supreme court here today against Thomas J. Janney, T. Mason Janney and Francis M. Janney, members of her husband's family, for \$100,000 damages. Mrs. Janney alleges in her complaint that she was married to Thomas Janney, Jr., February 11, 1902. In February, 1904, his family learned of the marriage, and enticed her husband away. Since then she has not seen him.

WOMAN IS KILLED IN WILD RUNAWAY

Harness Breaks and Frightened Horse Bolts With Fatal Result. Yonkers, July 8.—In a runaway last evening Mrs. Alexander Stephenson was

instantly killed and her husband and 10 year old daughter, Margaret, received injuries of a serious nature. Mr. Stephenson with his wife and daughter, left his home in Dobbs Ferry for a drive. While returning home a part of the harness broke, frightening the horse, which ran away. At Storm street and Ashford avenue the horses turned suddenly, upsetting the wagon and throwing the occupants out. Mrs. Stephenson landed on her head, fracturing her skull and breaking her arms. She was killed instantly. Mr. Stephenson and daughter were thrown on the grass at the side of the road, which undoubtedly saved their lives.

Stock Complexion.

New York, July 8.—The week's speculation on the stock exchange has continued active in spite of considerable profit taking at intervals. The abundance of money in its continuance has constituted the broad underlying basis of the speculation. The large and increasing world's production of gold is much dwelt upon as a stimulation to higher prices for commodities and capital shares, while the fixed interest-bearing securities have consistently lagged.

Immediate developments regarding the crops, coming retirements on the money market bank failures in the West and the quiet iron market have had little consideration.

Makes Assignment.

New York, July 8.—The Zimipan mining & smelting company, engaged in mining ore in Mexico, has made an assignment to William E. Ellis, William Wiggins is president and Henry A. Dickinson secretary. The company was incorporated on October 26, 1901, under New York laws with a capital stock of \$500,000.

Armistice Unlikely.

Pekin, July 8.—The American exclusion question is still in status quo. It is generally considered here that an armistice between the Japanese and Russian forces is unlikely.

CRUISER UMBRIA

Drops Anchor For Few Hours And Leaves Out.

GOES TO BUENOS AYRES

Steamer St. Paul Arrives in Taxed to Fulllest Capacity. Carries Huge Crowd of Passengers on Way to Portland Exposition.

The Italian cruiser Umbria arrived down the river yesterday from Portland and after a brief stay departed for San Francisco. She will leave shortly for Buenos Ayres, where she will join the Italian fleet. The Umbria enjoys the distinction of being the first modern foreign vessel of war to enter the Columbia river. The last time a foreign warship came into the Columbia she did so for the purpose of impressing upon Astorians the very unpleasant fact that this was British territory. The Umbria was anchored off Eleventh street for a while yesterday and a large crowd went down to the docks to see her.

Coast Traffic Continues Heavy.

There has been no let-up in the coast traffic and every incoming and outgoing steamer is taxed to her utmost capacity to handle the crowds. The steamship St. Paul, arriving yesterday, brought as many passengers as she could care for. Practically all of them were bound for the Portland exposition. The St. Paul also brought a full cargo of freight. She proceeded up during the afternoon.

No Crew for Jennie Stelia.

Schooner Jennie Stelia cleared yesterday for San Francisco with 360,200 feet of lumber which was loaded at the Oregon & Washington lumber company, at Vancouver. She is experiencing considerable difficulty in obtaining a crew, in so far as it is said the schooner is leaking and is not seaworthy. There is the possibility that the crew may be induced to sign by additional money and then the Jennie Stelia may proceed.

The steamer Elmore arrived in yesterday morning from Tillamook with passengers and freight.

The steamer Kilburn arrived in yesterday from San Francisco and way ports. She had a full cargo of freight and all the passengers her capacity would allow.

Steamer Redondo is scheduled to sail this morning at 5 o'clock for San Francisco.

Steamer W. H. Kruger, Captain Martin, master, is due to arrive this morning. She will load lumber at the Oregon & Washington lumber company at Vancouver for California.

Steamer Northland with a cargo of lumber will sail for San Francisco this morning.

German ship Arthur Fitger, started up the river for Portland where she will discharge her cargo of cement.

Schooner Fred E. Sander has finished loading at the Tongue Point Lumber Co. and will probably go to sea today. Her cargo consists of 700,000 feet of lumber.

Goes to Penitentiary.

Sheriff Linville left last evening for Salem with Abe Leniohen who was sentenced to one year in the pen for stabbing James Wilson.

of statistics of the department of agriculture, Secretary Wilson today made public the official report, in which he states that Edwin S. Holmes, associate statistician, is guilty of "juggling" the official report. Holmes has been dismissed from the service of the department.

Act as Secretary.

Washington, July 8.—Mr. Adee, second assistant secretary of state, who has just returned to the United States from France, through which country he made a tour on a bicycle, today assumed the duties of acting secretary of state.

Lion Tamer Rescues Woman.

Portland, July 8.—Wrapped in the folds of an enraged boa constrictor, Labelle Carmen was nearly crushed to death today. "Trail" Sampson, a lion tamer, crushed the reptile's head with a crowbar, saving the woman's life.

The warm wave continued during the night. At an early hour this morning there was little difference in the temperature from that at 10 o'clock last night.
