M'COLLOCH ARRIVES

Revenue Cutter Was Anchored in Stream Over Night.

WILL PROCEED TO 'FRISCO

Has Been At Lewis and Clark Exposition for Many Weeks as Marine Representative of Treasury Department. May Return Here.

United States revenue cutter Hugh McCulloch arrived in Astoria yesterday afternoon and anchored off the Callender dock. The McCulloch came here from Portland where she has been for a number of weeks past as the marine representation of the treasury department at the Lewis and Clark exposition. She will leave out for San Francisco at 9 o'clock this morning.

A great many of her crew were given shore leave last night and the "blue jackets" made the best of their few hours respite. They attended the theater or spent the evening meandering over the city. The McCulloch attracted considerable attention, probably owing to the fact that she was a dispatch boat with Admiral Dewey at the famous battle of Manila bay. It will be remembered that the McCulloch, through the unfortunate circumstance of her funnel catching fire gave the snap away. Had it not been for this unavoidable accident Dewey's fleet would have entered Manila harbor without the knowledge of Admiral Montijo or the military officials in charge of the fortifications at Pasig and Cavite.

There is a possibility that the McCulloch may return to this port to participate in the regatta which is being planned. As to her assignment after reaching San Francisco nothing apparently has been divulged, but from remarks dropped by members of her crew, the ship's return here may be hoped for.

Steamer Alliance leaves out this morning for Eureka and way ports with passengers and freight.

Sampson Inspected.

Captains Edwards and Fuller, United States inspectors of hulls and boilers, were in the city yesterday and made a thorough inspection of steamer Sampson.

First Grain Ship Chartered.

French bark La Rochefoucauld has been chartered to load grain on the sound for Europe. She is the first vessel placed in the 1905-06 list from the Northwest. She is now loading at Cardiff for Bremerton and was taken at 25c 3d about two weeks ago, according to advices received from Liverpool yesterday afternoon.

Steamer Sue H. Elmore left out yesterday for Tillamook, carrying a general cargo and passengers.

Traffic on the Naloppta to Ilwaco yesterday was good. On the return trip 200 cases of salmon were taken from the McGowan cannery at Ilwaco.

TRAMP SAVES TWO LIVES.

Stops Runaway and Gets Ten Dollars Reward.

Bridgeport, Conn., July 19.—The bravery of a tramp saved Mrs. Perrault and her daughter from serious injury, if not death, today. Mrs. Perrault is a summer guest at Southport. This morning she and her young daughter drove to his city. In Fairfield avenue the team of spirited horses became badly frightened and started to run.

Mrs. Perrault was unable to control them and the reins were drawn from her hands and trailed along the street under the horses' feet. The carriage swayed from side to side in a perilous manner.

John Murray was sitting under a shade tree. He saw the runaway horses and sprang at the head of one of the horses. His grip was sure and he clung to the horse until the horses were brought to a standstill.

Mrs. Perrault was grateful and asked the name of her rescuer.

"I'm John Murray, a tramp," he replied. He was rewarded with a \$10 bill. He smiled, thanked Mrs. Perrault and resumed his seat under the shade tree to enjoy his rest.

ATTEMPT TO DROWN BOY.

Police Looking for Accomplice for Prisoner Charged With Crime.

Hoosick Falls, N. Y., July 19.—Deputy sheriffs here have arrested August De-

nodeice, accused of attempting to drown the eight-year-old son of Andrew Nugent by throwing the body into the Hoosick river near Whitehouse Bridge.

In identifying the man young Nugent stated that Denodeice was not the one who threw him into the river, but was the one who had told another man to do it. Denodeice is held in the Troy jail and deputies are trying to find his alleged accomplice.

Sicilian Fish Whopper.

Naples, Italy, July 19.—A story which equals the usual warm weather tales of the sea serpent, comes from Messina, Sicily, and has aroused a great deal of interest. A boy of eight years disappeared several days ago and no trace of him could be found. A systematic search was made of the entire neighborhood. Yesterday fishermen caught a dogfish which measured seventeen feet and when the monster's body was cut open the boy's body was found intact in the stomach of the fish. The mother of the boy has positively identified the body as that of her son.

Excellent Train Record.

New York, July 19.—Transportation records of the Baltimore & Ohio show that with one exception, all trains reached their destination on schedule time last week Friday. The same was true the next day of all the Blue Line trains between New York and Washington, in both directions. While this is a commendable record, it is a common one on this road.

Truck and a Car Collide.

Brooklyn, July 19.—Carlotta Graham, 40 years old, was on a trolley car of the Union street line when, at Atlantic avenue and Court street it crashed, yesterday afternoon, into a truck owned by the Congress Brewing Company.

The collision unseated all of the passengers and Miss Graham was knocked into the street. She suffered a scalp

Among other orders one for 400 car loads was recently received.
