## J. N. GRIFFIN

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once become infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Eagle Drug Store, 351-353 Bond St., Owl Drug Store, 549 Com. St., T. F. Laurin, Prop. "Special Agent."

## THEORY DISPROVED

Creation of the Universe Is Explained.

## LAPLACES THEORY WRONG

So Says Professor Moulton of Chicago University Who Discredits Universally Accepted "Ring" Theory of Laplaces and Substitutes Theory of Own.

Chicago, Aug. 17.—Laplace's "ring" theory of the nebular hypothesis for the creation of the universe, which has stood service for more than a century, was torn to pieces yesterday by Professor F. R. Moulton of the University of Chicago, who believes that he has made the real solution of the evolution of our solar system.

Assisted by Professor Thomas Chamberlain, Professor Moulton has been working for more than five years to disprove the "ring" theory, and to set up what he terms the "spiral" theory. The results of their researches were made known late yesterday in a lecture were adopted late yesterday in a lecture on the evolution of the solar system, delivered by Professor Moulton.

"The 'ring' theory was brought out by Laplace in 1796 and has been accepted almost universally up to the present time," declared Professor Moulton.

"The theory which Professor Chamberlain and myself hold is the spiral theory. We believe a second sun—a disturbing sun—moved down near our sun and caused on our sun enormous tides, thousands of miles thick. The tides were similar to the tides of the sea. One tide was at the point nearest the disturbing sun and the other tide was on the opposite side. The latter shot toward the disturbing sun. Ordinarily it would have been straight up, but the disturbing sun moved around in an elliptical sort of orbit. Consequently all the masses thrown off were in a special direction, one after another, which accounts for the orbits of the planets. The swollen masses were attracted to the large nucleus, which made them into planets."

## PRICES HOLD STEADY IN IRON AND STEEL.

All Plants Crowded to Capacity—Orders Still Coming.

New York, Aug. 17.—In pig iron, the week has been rather quiet, taking the country as a whole, says the Iron Age. Purchases by the United States steel corporation will probably not be made until early in September. In the East there has been a further moderate movement in basis pig, one interest taking 10,000 tons at a concession, while another buyer took 4,000 tons in addition to previous purchases of 8,000 tons. In the Pittsburgh district a leading maker of cast iron pigs has bought 10,000 tons of gray forge pig, while in the Chicago district one foundry is in the market for 15,000 tons.

In the East, there has been a little wavering as to prices, one large producing company offering iron at somewhat lower figures.

Steel billets are scarce and the situation is rather acute, particularly in the Chicago district. At some points accessible to tidewater, small lots of foreign billets have been sold.

Orders for steel rails for 1905 delivery continue to roll into the works. The Harriman roads have just placed 75,000 tons. It is not known whether this system accepted the offers for Pacific coast delivery made by works in Eastern Germany who are not associated with the other German mills.

The pressure upon the structural mills is exceedingly heavy and the payment of premiums for prompt delivery and the importing of occasional lots of foreign shapes seems to foreshadow an upward movement.

During the week car builders have gathered in additional work.

It is expected that an order for 12,000 steel cars will be in hand either

When a piano of the tone and style you prefer costs from \$50 to \$100 less at Eilers Piano House than the same grade of instrument can be purchased anywhere else, it is to your interest to make your purchase here.

We can guarantee you just such substantial savings on whatever your selection may be.

We carry the Chickering Piano of Boston, the Weber and Steck of New York and the Kimball of Chicago, the three finest and most widely known pianos in the world, also such famous makes as the Hobart M. Cable, Crown Orchestral, Hazleton, Lester, Story & Clark, Haddorff, Schumann, Krell-French, Clarendon, etc., etc. All the leading makes, well known and relied upon everywhere.

Our policy is low prices, our practice, economy in every department of our business.

When you consider that the "Eilers Piano Houses" are the leading piano concerns in all the prominent cities on the Pacific Coast you can get an idea of the magnitude of our business and judge yourself of our standing and ability to buy at greatest factory discounts.

We cordially invite inspection of our pianos and comparison of qualities and prices. Small cash payments and moderate monthly installments purchases any one of them.

### EILERS PIANO HOUSE,

Local Store, Nos. 422 and 424 Commercial Street.

Home of the Metrostyle Pianola, Pianola Piano, Aeolian Orchestrelle, the standard music roll instruments of the world.

this week or early next week.

In nearly all the heavy lines the tonnage on the books is enormous and further work cannot be taken in many instances from sheer inability to meet even distant deliveries.

In the lighter lines, the most important development is that a heavy buying movement has set in all along the wire trade. The tonnage in sheets, too, is picking up but the merchant pipe trade is afflicted with sharp cutting of prices.

In bars, the agricultural implement-makers and other consumers who contract for their requirements for six months and a year ahead have now pretty well covered up. The aggregate tonnage has been very large.

### AGED BROKER RESCUED FROM POORHOUSE.

Niece Will Provide During Remainder of His Days.

New York, Aug. 17.—J. T. Raplee, an aged broker, said to have been once worth \$500,000, and who recently obtained refuge to West Chester poorhouse, after having lived up to his fortune, was rescued yesterday by a stylishly dressed woman, who said she was his niece. The woman told the officials that she had made arrangements to keep him for the remainder of his days.

"My uncle has no excuse for being in the poorhouse," said she. "If he had taken care of his money he could now be living in a mansion on Fifth avenue."

### CITRUS FRUIT CROP BREAKS ALL RECORDS.

Upward of Thirty-five Thousand Carloads Certain.

Los Angeles, Aug. 17.—From recent estimates made of the citrus crop for next year the indications point to a record-breaker. That there will be upward of 35,000 carloads is certain, and the aggregate may reach 40,000 cars. The current year ends October 31, with shipments that will total more than 30,000 cars, and the daily average now is about 20 carloads.

If the estimates given prove correct the crop next season will break the record by fully 5,000 cars, as the present season is doing by about 3,000 cars. Returns for the shipments this season show that the Southern California fruit exchange will have distributed \$7,000,000 to growers for fruit shipped for its members. Close calculations upon the output for next season place the net amount that will come to the growers at about \$12,000,000.

### EMPEROR WILLIAM AND KING EDWARD TO MEET

Interview Arranged Through Offices of Emperor Francis Joseph.

New York, Aug. 17.—An interview between Emperor William and King Edward will take place when the king is returning home after the cure in Marienbad, says a Times despatch from Berlin. The interview is said by the correspondent to have been arranged through the friendly offices of Emperor Francis Joseph.

## FEVER IN BROOKLYN

### Laborer Shows Symptoms of Yellow Jack.

### HE ARRIVES FROM PANAMA

Doctors Believe Case of Laborer Will Develop Into Yellow Fever—Is Now in Isolated Ward—Try to Find Steamer on Which He Arrived.

New York, Aug. 17.—A yellow fever scare was caused in First avenue, Brooklyn, when a doctor summoned to a tenement, found John G. Murphy, a laborer, violently ill. In a lucid moment he said he came from Panama a few weeks ago. At the Norwegian hospital the physicians agreed that Murphy had a mild case of fever. The health department was notified and its agent reported that he had certain symptoms of typhoid malaria and had suspicions that his fellow physicians were right in their opinion that Murphy has yellow fever. He ordered Murphy placed in an isolated ward. An effort will be made to find out what steamer brought the man here.

### MARINE GUARD DOUBLED AT BROOKLYN NAVY YARD.

Result of Feud Between Marines and Gang of Toughs.

New York, Aug. 17.—The guard of marines at the gate of the Brooklyn navy yard has been nearly doubled this week on account of the feud existing between the marines and a gang of roughs in the neighborhood.

The feud dates back to the night of February last, when Private Lawrence T. Milton, who was on sentry duty, shot and killed a man who was attempting to steal copper from the yard.

The thief was a member of a gang that frequents low saloons in the vicinity of the gates and his comrades recently have attempted to make good their threats of revenge by attacking the marines whenever they appeared along outside the gates.

### Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at Chas. Rogers' drug store. Price 25c.

Sea Side's Most Progressive Firm

## F. Dresser & Co's Mammouth Store

Groceries, hardware, tinware, glassware, plumber and builder supplies. Hay, oats and grain.

EDWIN C. JUDD, Manager. Seaside, Oregon.

# Regatta Notes

One For All, and All For Astoria.

(BY THE COMMITTEE.)

Since last report we have received from the Anchor saloon \$25; H. J. Langoe, for Allen & Gilbert Piano company, \$10; the Rising Sun restaurant, \$10, and A. G. Long of Portland, \$5.

The parade committee, consisting of Messrs. H. J. Wherity, Dr. B. Earle, James O'Connell and William A. Sierman, have charge of both the street parade and night marine parade, which insures the success of both affairs.

One for All, and All for Astoria.

A petition is being circulated and signed by leading firms agreeing to close all places of business at 1 o'clock on Tuesday, the 29th inst., the first day of the regatta, in order that everybody may turn out in the parade and take in the sights.

One for All, and All for Astoria.

There will be a free balloon ascension and parachute jump every day of the regatta, also a free exhibition of fancy rifle shooting near the grandstand by Colonel Case, the noted Indian scout.

One for All, and All for Astoria.

Hon. George Noland Lewis and Hon. T. Smith Clark are up nights studying in ghos to make up and act their respective parts.

Chief Mike Concomly of the Clatsops, Skamokawas and Cathlamets is rehearsing his redskins in the war dance. Whoop-la.

Don't forget to enclose a regatta card in every letter you mail. Secretary Johnson has lots of them and you can have them free of charge.

One for All, and All for Astoria.

The mirror maze is one of the attractions on the Regatta boulevard. After you get inside the maze you can't find your way out until shown by the attendants.

Look out for the Parisian girls on the boulevard; they are said to be a great team.

And don't forget the merry-go-round. Toot, toot.

Talk about snakes, you ought to see the latest one on the boulevard regatta week.

The stadium will be different this year, too: "This way for the boulevard, ladies and gentlemen."

One for All, and All for Astoria.

The Cuban girl is said to be one of the boulevard attractions. Who or what she is, we don't know, but she's on the program, and only 10 cents to see her.

One for All, and All for Astoria.

If you can't boost, don't knock or kick. Don't growl or scowl. Come, be a brick!

They'll come from near, They'll come from far, To have some fun At the A. S. R.

One for All, and All for Astoria.

Good evening, Princess Sacajawea.

You're a beaut, all right, all right.

Don't ask, will we have a good regatta? Say we will have a good regatta. Get the habit.

One for All, and All for Astoria.

The soldier boys will be with us again, and sure, Mike, we are always glad to see them. They are useful in peace as well as in war. "Our Soldier Boys, Soldier Boys."

The committee has decided to make arrangements with the famous Brown's band to furnish some music during the regatta.

There is considerable rivalry between the log rollers in this vicinity, and the championship is said to lie between three experts in different camps.

Farmer Dell Scully of Happy Hooligan ranch has been engaged as manager of the country dance.

Farmer Scully says the crop of strawberry blondes on his ranch is promising.

The committee has secured the lower floor of the new Copeland Bee Hive building for the country dance.

When any Astorian goes away from home let him or her register "John Brown," or "May Smith, Astoria Regatta, August 29-31."

One for All, and All for Astoria.
