GEORGE FOX SHOT.

Soldier at Fort Canby Struck in Leg by Spent Ball.

George Fox, one of the old and trusted servants of Uncle Sam and an officer on the engineering staff at Fort Canby, met with a most peculiar accident yesterday while in the discharge of one of his many duties. While carrying the bag of mail from the postoffice to the steamer he was struck on the calf of his right leg by some missile, which turned out to be a spent rifle ball fired by some unknown hand. His numerous friends will be glad to hear that his wound is not of a serious nature, but will keep him confined to his room for several days.

SEASIDE RAISES ONIONS.

An illustration of what can be accomplished in the line of raising vegetables in the sandy soil along the coast, is shown by some green onions brought to the city today by A. W. Utzinger, who raised them in his garden at Seaside. The onions are of unusually large size, weighing 11 ounces each.

Other vegetables raised in that section are said to attain a size in proportion to the onions.

BASEBALL TODAY.

The national game will be represented in this city by a double-header this afternoon at 2 o'clock on the A. F. C. grounds between the West Astoria nine and the Cathlamet nine in the series for the lower Columbia river championship.

The local nine asks every fan and those that are not fans in the city, to come out and see them win both games, while the visiting nine, standing on their past reputation, will put up a game that will at least convince the locals of their ability to put up the real article in the baseball line.

TO SOUND RECALL.

Chief Foster issued an order yesterday which will be much appreciated by the people of this city. Hereafter after a fire is out or the danger passed a recall will be sounded by giving three taps of the bell at No. 2 and No. 3 engine houses. This is a regulation that has long been needed, especially at night when people are anxious as to the outcome of a fire in a distant part of the city.

FIRST PAPERS ISSUED.

First citizenship papers were today issued to Sam Larkilla and Antti Makiela, both natives of Finland.

PACK WILL BE SHORT

Estimates On This Year's Run of Salmon Low.

SEINERS PREPARING TO QUIT

Run Is Light—Another Run Predicted But Receipts from Traps and Gillnets Do Not Support Statement—Cold-storage Estimate.

Although there was a slight improvement in the run of salmon last night and the gillnet fishermen in the lower harbor made good hauls, the prediction of another run this season is not borne out by the receipts from the traps and seines.

In fact, many of the seiners are preparing to cease operations while those who will continue are only calculating on making expenses.

That the Columbia river pack will fall considerably short of last season is an assured fact, with the estimates ranging from as high as 125,000 cases, made by J. Walter Seaborg, to as low as 100,000 cases, by S. Elmore.

In speaking of the situation yesterday Mr. Elmore said:

"Some of the packers would deliver 75 per cent of their sales, while others would deliver not more than 50 per cent. Mr. Seaborg believes that the packers of the Columbia are too hasty in selling their fish, and declared today that, as the demand for Columbia river salmon always exceeded the supply, he could not understand why the packers persisted in selling at such prices as \$1.45 for tails, \$1.55 for flats and 95 cents for halves. It is estimated that the cold-storage product of the Columbia plants this year will be in excess of 7,000 tierces. The tierces average about 1,000 pounds each, some weighing 1,200 pounds, and others 800 pounds. The cold-storage output represents more than 25,000 cases of salmon. Most of it has been sold to representatives of German firms coming to Astoria and personally superintending the work of pickling the salmon. Packers report that first and third grade fish are always oversold, although the second grade salmon does not move very readily. It has been more than five years since there was any hold-over high grade fish."

CIRCUS IN TOWN.

John Corno and Spirited Equine Give a One-ring Show.

John Corno received a horse yesterday morning from Grays river and in getting it from the Lurline dock to his barn furnished as much amusement to the crowd of spectators as a three-ring circus. The horse was not used to bustle and glare of city life and it took John up Eleventh street on the end of a long rope at a lively rate. Finally they got reinforcements and as the horse was making a sharp turn fell down. After it was down it refused to get up, so it took the united efforts of the crowd to get it on its feet, and after a hard tussle was landed in the stall.

RANNELS BODY RECOVERED.

The body of the late J. A. Rannels, who was drowned near Sand island a few days ago, was recovered this morning near the scene of the drowning. His funeral will be held today at 10:30 o'clock from the First Presbyterian church, the services being conducted by Rev. W. H. Layson and the interment will be at Greenwood cemetery.

BUSY AT KNAPPTON.

The Columbia mills are manufacturing lots of lumber now days, but are somewhat handicapped for vessels to ship it. The schooners Novelty and Coloma are loading there and the former expects to sail Monday or Tuesday.

TO OPERATE CANNERY.

Samuel Ness has taken out a license to operate his Prosper (Ore.) salmon cannery this fall and leaves for there with a crew and supplies about September 1.

Cheap Tickets to Philadelphia and Return.

The O. R. & N. will sell round trip tickets from Astoria to Philadelphia, Pa., on September 7-8-9-10 at a rate of \$89.50.

For further information inquire of G. W. ROBERTS, Agents.

The official veterinarian of the Western Jockey association, A. H. Fehl, was in the city yesterday performing operations on several horses.

BRIGADE LEAVES TOMORROW.

The Rev. L. D. Mahone announces that the Boys' brigade will leave for Portland Monday morning at 7 o'clock on the Harvest Queen.

The boat leaves the O. R. & N. dock promptly at 7 o'clock, but it is safe to say that none of the boys will require the services of an alarm clock in order to be there on time.

Everything has been arranged, and the boys can have the trip of their lives. The camp will be in an ideal place, across from the Government building. The boys will be as safe in camp as they are in this city, for they are inside of the fair grounds and cannot get out unless they have a pass from Rev. Mahone or have their parents with them. The expense of the trip for the entire week, including going and coming, will not exceed \$5 per boy. Each boy will take a blanket and a lunch, everything else being provided for.
