conception of enterprise, makes haste his name there is almost always always to take advantage of an opportunity a title connecting him with one of Great

is upset, she is placed before her countrywomen in an absurd light and subjected to the ridicule of that element which delights in eagerly devouring stories of this particular character. The truth about the affair and as the Assoelated Press carried the story briefly we believe this ruler at Jolos did propose to Miss Roosevelt—is had enough. Not content with the intelligence that Miss Roosevelt was grievously insulted, the yellow press, enlisting the services of a reporter whose imaginative prowess easily takes precedence over that of a By carrier, per month ...... 75 Verne, offers a detailed account of the incident, a story which we judge, without the slightest hesitancy, a canard. The Associated Press frankly admitted L/ mall, per year, in advance ...\$1 00 that its story was alchayed in transmission. Now it seems indeed strange that the representative of the longest "least" wire service, or the correspondent of a service corporation of like ilk could have been on the spot at the precise time the sultan of Sulu-waxed so presumptuous and was yet subjected to anything o discouraging as delay in dispatching his story. Surely the yellow journalists are losing their enterprise when they permit the Associated Press to file news ahead of them or even at the same time. But we are not estimating the relative merits of the Associated Press, the Hearst special service, the Publishers' Press, or the Scripps-Mc-Rae corporation. We are satisfied the the thermometer are furnished by the story printed in the Monday Journal Las Vegas (Nev.) News. The town was written in New York city. We of Las Vegas shows up fairly well with contend that it would not be amiss to a record of 120 degrees in the shade, give the request of President Roosevelt, but that figure is eclipsed by other ad- that his daughter's name be respected. jacent points, thus: Rioville, 126; El some consideration. -the peace of mind of an American girl Britain's oldest and proudest families.

Nearly a third of the population of algary, it is claimed, is from the United States, and a very large proportion is from Illinois and Iowa. A Minnesota land company is getting ready to introduce the the new irrigated lands, partieularly to the irrigation farmer of the United States.

It is not planned to limit the holdings. but a rent will be charged for water annually, whether the land is worked or not, and it is expected that this annual charge of 50 cents an acre will have the effect of preventing the holdings of lands for speculative purposes, The average price of the land at the

eginning will be \$15 an acre. There is a marked absence of the "bad man" and the rough element, male and female, usually found in the Canadian outposts of civilization. There are no gambling joints, no red light districts, and no saloons except the bar which is run in the connection with a hotel. In Calgary no less than \$200,000 is invested in churches.

### WEEEKLY CROP SUMMARY.

Light showers occurred during the fore part of the week in the lower portion of the Willamette valley and in the northern coast counties. Elsewhere throughout the state dry weather prevailed. The temperateures in western Oregon averaged normal, while the weather east of the Cascades was slightly cooler than usual, especially at night

The rain somewhat revived vegetation. but as a whole, the amounts were too small to do any good, and gardens corn, potatoes and pastures are suffer ing for want of moisture.

Grain is about all cut and in the stack. The yields in the Willamette valley ontinue disappointing, but in the Columbia and the Grand Ronde valleys the returns are very gratifying. Hops are making seasonal progress, and where spraying was thoroughy done the lice have about disappeared. Corn is earing ing and filling nicely and a good crop is indicated. Stock continues to lose

Plums and some varieties of prunes are ripe and being gathered. The yield of most fruits will fall below the average, both in quantity and size. Apples and pears are small and dropping more than usual. Peaches are plentiful and of good flavor.

Clatsop, Clatsop county, There have been several light rains this week, and vegetation now wears a much brighter color; with a little more rain fall pastures will be assured and the turning crop much increased.

"U. S. Department of Agriculture. Climate and Crop Bulletin of the Weathending Monday July 21, 1905.
