

### AGITATOR ARRESTED

**Russians Arrest Former Member of Chicago University.**

### WAS POLITICAL AGITATOR

**St. Petersburg, Police Raid Meeting of Political Agitators and Arrest Former Member of Chicago University Staff—Banished from His Country.**

Chicago, Aug. 22.—The Record-Herald today says: Professor Paul Milyoukov, who was arrested at his old home near St. Petersburg yesterday in a raid by the czar's police was a professor of the University of Chicago until last March, when he returned to his native land to aid in the propaganda of Russian liberty. Professor Milyoukov defied the wrath of the Russian when he returned to St. Petersburg, for 11 years ago he was dismissed from a professorship in the University of Moscow, where he had received his degree and at the same time he was banished from the czar's domain. His expulsion followed his active work toward reform. But undaunted by fate he knew awaited him he faced the old peril again and during his political sojourn in Russia, had been active in carrying out the work he had started years ago.

The agitation of the league and confederation of professional organizations was the work with which Professor Milyoukov was most closely identified in the last few months, and dispatches from St. Petersburg last night said it was while the central committee of these organizations of which he was a member was in session that the police descended.

The immediate cause leading up to the raid was an article from his pen violently assailing the new douma project. All the faculty of the university looked

upon Professor Milyoukov as one of the most brilliant members of that body.

### RAILWAY COMMISSIONERS MAY VISIT THIS CITY.

**Dr. Baylis H. Earle Goes to Portland to Offer Invitation.**

Dr. Baylis H. Earle, medical officer in command of the Columbia river quarantine station, left for Portland last night, where he will meet the members of the National Railway Commissioners' association and endeavor to induce them to visit Astoria. The Railway Commissioners' association is composed of state commissioners of various commonwealths of the American union and following the recent convention at Deadwood, S. D., a party of about 50 are touring the Pacific Northwest with the object in view of studying railway conditions.

It is their intention to remain in the exposition city about three days and as the brother of Dr. Earle, Hon. John H. Earle of North Carolina, is one of the most prominent members of the association, the doctor feels it may be possible to have the entire party come here in their private car, the Columbia.

This morning Mayor Surprenant will back up the request of Dr. Earle with a telegram which he will dispatch as an official invitation to visit here. The coming of the party is practically assured and elaborate means will be adopted to entertain them. The quarantine steamer Electro will be placed at their disposal Thursday and an itinerary planned which will include visits to the forts at the river mouth, to the quarantine station and to the Tongue Point mill.

United States Senator C. W. Fulton and a representative body of citizens will be invited to attend and aid in making the brief stay of the railway commissioners most enjoyable. It is planned to devote the entire day to a trip on the river.

Comforts the heart, strengthens the mind. Is good ill or well. Makes the face bright as the summer morn. That's what Hollister's Rocky Mountain Tea will do. Cures when all else fails. 35 cents at Frank Hart's drug store.

### BIG CONTRACT LET

**Wabash Will Build From Salt Lake to San Francisco.**

**WORK WILL COST \$15,000,000**

**Kennebec & Co. Get the Contract for Constructing Six Hundred Miles of Road Between Salt Lake and San Francisco—Cost Fifteen Million.**

Pittsburg, Aug. 22.—Announcement has been made that William Kennebec & Co., of Pittsburg, with branches in other cities, has been awarded a \$15,000,000 contract by the Wabash railway. The contract calls for the building of 600 miles of road between Salt Lake City and San Francisco.

It will require three or four years to complete the job, when the Wabash, with the closing of the gap between Pittsburg and Bellington, W. Va., will have a continuous line from Baltimore to San Francisco.

### TAILORS MOB KING EDWARD.

**Notebooks and Kodaks Catch Every Change of Costume.**

London, Aug. 22.—Reports from Marienbad describe King Edward as being mobbed every time he leaves his hotel, despite the efforts of burgomaster and police. Among the throng which dog his footsteps is, according to a trade paper, an army of tailors armed with notebooks and kodaks. Each little change in the king's clothes is recorded by these special commissioners, who represent the most fashionable tailoring firms in Europe. These same firms send representatives to England on the occasion of great society functions, such as Scott and Goodwood races and the Cowes regatta.

### RACER GONE LAME.

Schenectady, N. Y., Aug. 22.—Mohawk II, of whom there were huge expectations for the Futurity, which is to be run on Saturday at Sheephead Bay, N. Y., has gone lame, and is not likely to be among the contestants in that event. He sprained his left hind ankle.

### DAYS OF DIZZINESS.

**Come to Hundreds of Astoria People.**

There are days of dizziness. Spells of headache, sideache, backache, Sometimes rheumatic pains, Often urinary disorders. All tell you plainly the kidneys are sick. Doan's Kidney Pills cure all kidney ills.

J. Carson, employed at the Portland Lumber company, foot of Lincoln street, who resides at 366 First street, Portland, Ore., says: "I was feeling miserable with a depressing lameness around the small of my back all last summer. At first I did not pay much attention to it, but it continued to grow worse and finally became so bad that I thought I would have to lay off work. To bend or move quickly caused severe twinges. I was often attacked with dizzy spells, specks appeared before my eyes and I had no ambition or energy. In the morning I arose as tired as when I went to bed. In fact, I had all the symptoms of a very severe case of kidney trouble. When I was suffering the worst I read about Doan's Kidney Pills and procured a box. I soon noticed an improvement in my condition, and the pain and aching across my back soon disappeared. About six weeks ago I was laid up with a siege of the grip for two weeks. Symptoms of kidney complaint made their appearance again and I resorted to Doan's Kidney Pills a second time. They just as thoroughly freed me of the trouble as in the former case. I cannot express what a change they have made in me. I simply feel like a different person."

Plenty more proof like this from Astoria people. Call at Chas. Rogers' drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

### Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at Chas. Rogers' drug store. Price 25c.

### SMITH ESCAPES.

F. N. Smith, the congenial and effusive special man of the Eilers Piano house, broke his halter and squeezing through a knot hole shook the dust of Portland from his heels Monday night before detective Joe Day was aware of his escape. Smith says he simply had to get away; that his stay in Portland was compulsory and during his sojourn he was ever imbued with a consuming desire to return to his beloved Pianola-planner.

### PHILOSOPHER RETURNS.

Hon. J. C. Clinton, County Clerk, Secretary of Astoria Lodge, B. P. O. E., politician and philosopher, returned Monday from doing the fair at Portland, and is the last one of the bunch of Elks to return home. Couch says he put in two days and two nights on the Trail, and knows every plank between the Blue Grotto and Bismarck's. He don't go much on the foreign exhibits but Luna the Maid of the Moon is a wonder.

### JAPANESE SAY

### NO COMPROMISE

**Claim Demands are Moderate and Will Uphold Them.**

The Ji Ji commenting upon the proceedings at the Portsmouth peace conference today says:

The cession of the island of Sakhalin and the reimbursement of the cost of war, are the vital points of our demands and leave no room for any compromise. The moderation and reasonableness of these demands will be admitted, even by France. Should the attempt to promote peace fail, the responsibility will rest with Russia, not with Japan. If the Russians refuse to accept the proposed terms, it will be advisable for our delegates to withdraw and tell them that the next meeting will be in Tokio.

"The Asahi says: 'The war has won a constitution for the Russian people.' It declares that Japan is fighting the Russian government and does not entertain any ill feeling toward the oppressed subjects of the Russian emperor. It expresses the belief that all true Russians must hold some appreciation for what Japan has accomplished for them."

In it he states that he is leaving that day, July 21, for Centishier river in the McKinley mountains where rich discoveries have recently been made. He expects to be gone a year, and takes provisions along for that time. In order to get there he goes down one river in a small boat 150 miles and then poles the boat up another 100 miles. He is well and in good spirits.

### HALLOCK'S NEW HEADQUARTERS.

**Chief of Police Will Hold Kaffee-Klatch for Friends.**

Chief of Police Ed Hallock is now ensconced in his new offices at the new city hall and the quarters are decidedly an improvement on the old. The private office of the chief is not only roomy but sunny and a concrete floor prevents the mosquitoes from squeezing in and bothering his excellency while delving into the intricacies of criminology.

The general office of the police headquarters adjoins and is fitted with ten policemen's lockers and sufficient chairs and desks to give it quite a metropolitan appearance. Chief Hallock says the patrol will be along shortly. As yet, he is not quite decided as to whether he will have an automobile or just an ordinary vehicle, such as small cities like New York and Skamokawa use.
