TO KILL THE DANDRUFF GERM. Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ borrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CREWS TERRIBLE EXPERIENCE

Schooner Charles Levi Woodbury Storm Driven for Five Days With Rigging and Bulwarks Gone Reaches Port After All Hope Had Fled.

Honolulu, Sept. 12.—A dead man held the wheel of the schooner Charles Levi Woodbury during several hours of the night of August 8 on her trip from Laysan Island. He was a Japanese member of the crew and died clutching the wheel. He was found still holding it and the vessel, though greatly damaged by the hurricane which is supposed to have caused his death from over exertion, reached port in safety.

The Woodbury is the schooner for which the United States tug Iquois recently left here to search, when she was long overdue from Laysan. It was found that she had put back Farris, who was in command, says that his vessel was swept along at the rate of nine knots an hour without a stitch of canvas on her. He gave up hope of saving her and said good-bye to Captain Schlemmer of Laysan, who was a passenger. Bulwarks were knocked away to keep the decks clear of water and oil was poured on the ocean. The schooner ran for five days and nights helpless in the gale without the captain being able to take an observation by either sun, moon, or stars.

The Japanese who died complained of feeling unwell when he took his place as seaman and he took his companion to stand by him for awhile. No one saw him die. He was found dead and stiff, holding the wheel as has ever been thought of, and certainly was holding her course fairly well.

POLICE MAKE NO PROGRESS.

Murder of Jacob H. Thompson Still Remains a Mystery.

New York, Sept. 12.—Although a dozen detectives have been continuously engaged on the case, no progress has been made in running down the murderer of Jacob H. Thompson, a veteran exchange editor of this city who met his death Thursday night. How a man without an enemy could be brutally assaulted and robbed in a quiet hotel; one where Mr. Thompson lived and without attracting the slightest attention from occupants of rooms on both sides of the apartment in which the tragedy occurred is something which puzzles the police.

Something in the nature of substantiation for the theory that the murderer was merely for the purpose or robbery and that the deed was done by some one familiar with the inside of the house was learned last night that within the last six weeks two robberies occurred in the hotel.

MOTERMAN ESCAPES

Held Responsible for New York's Fatal Train Wreck.

WAS FORMER STRIKE BREAKER

Passengers Had Protested Against Reckless Handling of Train Before the Accident Occurred—Assisted by Sweetheart in Making His Escape...

New York, Sept. 12.—Detectives continued to search the city during the night for Paul Kelley motorman of the night for Paul Kelley motorman of the jumped the track yesterday at 53rd Street junction and caused the death of a dozen people in the second car and several injuries to a large number. To all appearances Kelley has made good his escape. A story reached the police late night that his sweetheart had managed during the afternoon to draw Kelly's money from a savings bank.

The motorman was a strike breaker who entered the company's employ six months ago. He came here from St. Louis. According to some of the passengers on the ill-fated train things went wrong with the motorman from the beginning of his trip down town. At 125th Street it is said that he started the train with such a jerk that a woman carrying a baby was thrown down in the aisle of the first car and the baby was hurt. Kelly came out of the motor box to see whether she was badly injured, and a number of men passengers spoke to him about the roughness, which he resented. The passengers assert that the train continued its course down town with sudden stops and starts which caused much alarm long before the accident.

No additions to the casualty list were reported during the night. There remained in Roosevelt Hospital 12 injured and in Bellevue Hospital five. Twenty two others had been treated and sent to their homes.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." Chas. Rogers, druggist, sells and guarantees them, at

Home Coming of Komura may Result in Riots.

Seattle, Sept. 12.—That Baron Komura, the Japanese peace plenipotentiary with his party may be met with a hostile demonstration on the arrival in Japan is the opinion expressed last night by Rev. H. Kozaki, a prominent Japanese minister, who arrived in this city yesterday to attend the meeting of the American Board of Missionaries.

Rev. Kozaki says, however, that if the class of people who are responsible for the present uprising learn the true conditions before the arrival of Baron Komura, that he may not be molested.

Rev. Kozaki also states that unless Japan receives the amount agreed upon as reimbursement for the expenses of taking care of Russia's prisoners that economic depression may result for a year or so. If this money is received within a short time, however, this danger will be averted.

"ARMLESS WONDER" DEAD

Walks in Front of an Electric Car in Chicago and is Killed.

Chicago, Sept. 12.—A one legged man known in the down town district as the "Armless wonderer," was run over and killed early today by an electric car. Evidently he did not see the approaching car and he stepped in front of it.

Several persons not knowing the man had no arms, searched the vicinity of the accident for his arms and left leg. Thousands of persons in the down town district had seen the cripple perform feats with the stubs of his arms. He is said to have lost both of his arms and his left leg in a railroad accident years ago.

Th police did not learn his name.
