HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Eagle Drug Store, 351-353 Bond St., Owl Drug Store, 849 Com. St., T. F. Laurin, Prop. "Special Agent."

TO MEET IN PARIS

Nations Will Send Delegates to Tuberculosis Congress.

GREAT PREPARATIONS MADE

Sessions Will Last From October 2 to 7—Special Exhibits of Pharmacy for Tuberculosis and House Furnishings Will Be Made.

New York, Sept. 15.—Great preparations are being made, says a Herald dispatch from Paris for the tuberculosis congress which will be attended by delegates from all the nations of Europe and America. The sessions will be open from October 2 to October 7. A special building has been set apart for their use with large halls to accommodate the different sections. These are divided into scientific, social, historic, and industrial.

There will also be an exposition of food products permitted and recommended by physicians in tuberculosis cases. Rooms will be fitted up like those in sanatoria, for three classes, those destined for rich patients, those for middle classes, and those for the poor. Special exhibits will be made of pharmacy for tuberculosis and of house furnishings, such as arm chairs and baths for patients. Closing and disinfecting apparatus also will be displayed.

Seven meetings will be held during the week and on October 5 the delegates will visit the establishments of the assistance publique and institutions of charity, hygiene, and veterinary art. The final session will be held at the Sorbonne. The four sections will deliver their annual addresses and the date and place of the next congress will be determined.

TREATED FOR LAZY WORM.

Washington, Sept. 15.—During June, July and August nearly ten thousand patients have been treated in Porto Rico for anemia, popularly designated the "lazy worm" affliction, with cures in nearly every instance.

AMERICAN SECRETARY DIES

Arthur S. Dixey, Secretary to Ambassador to Korea Dies at Seoul.

Washington, Sept. 15.—Under date of July 30, 1905, the American consul general at Seoul, Korea, reports the death in that city on July 26, 1905, of Arthur Sturgis Dixey, private secretary to Edwin V. Morgan, American ambassador to Korea.

TALK IT OVER

With People You Know—With Astoria People.

No evidence can be stronger than the direct testimony of people you know. The public expression of friends and neighbors is the proof of merit we offer. If you still remain a skeptic, talk it over with this testifier.

D. E. Duncan, who is employed with his brother at the Astoria Soda works, 426 Duane street, and who resides at the corner of Duane and Ninth streets, says: "I had been troubled with a weakness of the back and kidneys for a number of years. There was a constant dull aching pain in the loins and as far up as the shoulders. Not only did my back ache, but there was a weakness from the kidney secretions which was very annoying and disturbed my rest. I heard about Doan's Kidney Pills and one day I stepped into Charles Rogers' drug store and got a box. I found them to be a great benefit. After the first few doses I felt better. I know of others who have used them with the same good results."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

LYNCHING NARROWLY AVERTED

Angry Mob Chases Two Men Aboard Ferry Boat and Try to Lynch Them.

New York, Sept. 15.—A lynching was narrowly averted on a ferry boat at the foot of Cortlandt street early today. But for the timely arrival of the police, two men might have been strung up.

The trouble began when three men met in West street, outside the ferry house. They got into an argument and one disputant was knocked down and stabbed. The other two ran aboard the ferry boat with a crowd in pursuit. One of the men was stabbed by the pursuers and a search was being made for a rope when the police came.

After the boat had been held in her slip half an hour the two men were found by the policemen on the hurricane deck behind the pilot house.

TO STUDY SAVAGES

Chicago Professor Will Live One Year With African Tribes.

CIVILIZATION IS UNKNOWN

Natives of Ndombi Are Considered the Most Interesting People on Earth for Anthropological Research—Will Travel Overland.

Chicago, Sept. 15.—Professor Frederick Starr, the university of Chicago anthropologist has been granted a leave of absence of more than a year by the officials of the university which time he will spend among the savage tribes of central Africa. He will leave Chicago tomorrow and expects to sail from New York next Monday.

As the region which he expects to visit in is under the control of Belgium he will go first to Antwerp to make arrangements with the Belgian authorities which will enable him to penetrate the region under the Congo protectorate. He expects to reach Bona, at the mouth of the Congo about October 19, and will go overland to the jungles of Ndombi where he will live with the natives for a year. His headquarters will be 1000 miles from the sea and the only white man who will be with him will be his Mexican photographer, Manuel Gonzalez, a boy whom Professor Starr has educated.

The particular purpose of Professor Starr's visit is to make a thorough anthropological study of the inhabitants of the land of Ndombi. Civilization has not reached this region and little is known of the people. Professor Verner, an American ethnologist visited the country, two years ago and brought specimens of one of the tribes to the St. Louis exposition. It was here that Professor Starr saw the strange people and decided that they were undoubtedly the most interesting in the world for anthropological research.

CONFERS WITH KAISER

Kaiser Would Exchange Professor in German and American Universities.

New York, Sept. 15.—Nicholas Murray Butler, president of Columbia University, has arrived here on the steamship Baltic. He said relative to his conference with the German emperor on educational matters:

"I spoke to the emperor relative to the exchange of German and American professors," said President Butler. "An exchange that was suggested by the German emperor himself about two years ago and we hope to act upon it in the near future."

President Butler said that in the emperor's opinion the United States is held in high regard by all the countries of Europe and that by the making of the Russo-Japanese peace treaty possible, this country has been bound closer than never before to the old world.

TODAY'S WEATHER.

Portland, Sept. 15.—Oregon and Washington: Saturday fair.

NO MORE GAMBLING

Public Gambling in Limits of Chicago Stopped By Police.

CHIEF'S LIFE IS THREATENED

Gamblers Are Driven From the City and Paraphernalia Destroyed—Chief Collins Warned That His Home Will Be Dynamited—Investigation to Be Made

Chicago, Sept. 15.—Gambling in Chicago is nearer extinction than it has been in many years. Public gambling in the city limits is dead.

This is the declaration of the police, and the assertion seems to be borne out by the scattering and disappearance of the men who promote and give their time to it, arrested driven from the city, their paraphernalia shattered, and destroyed, members of the fraternity are said to have made one last desperate stand which portends violence to the chief of police and members of his family if the gambling crusade continues.

This has taken the form on an anonymous letter sent to the office and home of the chief, which threatens the dynamiting of his home and violence to himself and family.

Chief Collins at first was inclined to denounce these "warnings" as "nonsense," but fearing for the safety of his family, he yesterday stationed a guard near his residence.

The chief refused to divulge the nature of the letters save that they were threatening. He declared them of no importance, although he admitted that his home was guarded and that members of his personal staff were investigating the letters.

A tonic that makes rich, red blood. Brings strength health an happiness to the whole family. Nothing equals Hollister's Rocky Mountain Tea as a tonic. 36 cents.

Enjoy Life

Good health makes good nature. If everyone had a sound stomach there would be no pessimists in the world. Do not allow a weak stomach or a bad liver to rob you of the joy of living. Take
