DISCRIMINATING LADIES.

Enjoy Using Herpelide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpelide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpelide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpelide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpelide Co., Detroit, Mich.

CLERK IS REMOVED

New York, Sept. 16.—A stack of letters is reported to have been found yesterday by inspectors in the home of Isaac G. Downing, who was removed from the office of assistant postmaster of Yonkers last Saturday by orders from the department at Washington. Mr. Downing had been assistant postmaster for more than 30 years, under all administrations. The inspectors are said to have obtained entrance to his home secretly and were astonished when they discovered the letters. Downing was removed and left the office in response to the following message to the postmaster, received from Washington. "This office is in receipt of an inspector's report in which the removal of Isaac G. Downing, assistant postmaster at your office is recommended at once on a charge of shortage in the money order and postal accounts; of falsifying the records of the office and general incompetency. The charge against Mr. Downing are fully sustained and you are hereby authorized and directed to remove him from the service and to advise him by letter of the reason for the department's action. For several days inspectors have had Downing under surveillance and on gaining secret entrance to his home proceeded at once to make a thorough search. The report was that the mail sack was a regulation one containing more than 250 missives, some of which had not been opened. Some of the postmarks dated back several years. Following the investigation at Yonkers, stories have become public of several mysterious shortages in recent years. It is related that one year ago a former clerk in the office had to make good a shortage of nearly \$600 and died from grief and shame, protesting his innocence.
