

COMPANY SURVEYS LINE INTO MORROW COUNTY

Eighty Miles of Construction Is Planned From Columbia South.

Walla Walla, Sept. 20.—Loehr & Winkle have secured the contract to make a survey of 80 miles of railroad in Oregon. G. W. Winkle left this morning to take charge of the work. The line will commence at the most feasible point on the Columbia river and extend back into the timber and coal mines southwest of Heppner. The line will tap the finest wheat belt in the country.

The farmers along the line are enthusiastic over the prospect of transportation and will give it their assistance, both financially and otherwise. The project is backed by Portland capital and when completed will be used as a feeder to the line of boats on the river.

FLOOD IS NEAR CREST

River Will Not Reach the Danger Line at St. Louis.

St. Louis, Sept. 22.—The flood tide in the Mississippi river has about reached its crest, and is still below the danger line. It is expected the water will begin to recede tonight. In the vicinity of St. Charles, 25 miles northwest, the Missouri river covers the bottoms for 23 miles, and it two miles wide. Growing crops are ruined. About 150 families have been driven from their homes to higher ground.

ARRANGE NAVAL ARMISTICE

Admirals Representing Russia and Japan, Conclude Terms.

Gunshu Pass, Manchuria, Sept. 20.—Rear-Admiral Jensen left Vladivostok September 16 on board the armored cruiser Rossia, accompanied by the protected cruiser Bogatyr and two torpedo boat destroyers, to meet Vice-Admiral Kamimura, the Japanese commander, and conclude the naval armistice.

A party of seven scouts who passed out of the Russian lines near Sallunchen recently were ambushed by the Japanese, and all of them were killed.

GOES TO PENITENTIARY WITHOUT A GUARD

Convict Secured His Papers and Buys His Own Ticket.

Nashville, Tenn., Sept. 20.—W. A. Barfield, convicted in Lauderdale county of manslaughter and sentenced to one year in prison arrived at Nashville yesterday and went at once to the penitentiary. He said he had come to serve his term. He donned the stripes and went behind the bars. At Ripley Barfield got the necessary papers committing him to prison, bought his own railroad ticket and came to Nashville unattended. The authorities had every confidence in his promise to come on to Nashville and therefore decided not to send a guard with him.

SKIN DISEASES

Altoona, Pa., June 20, 1903. I was afflicted with Tetter in bad shape. It would appear in blotches as large as my hand, a yellowish color, and scale off. You can imagine how offensive it was. For twelve years I was afflicted with this trouble. At night it was a case of scratch and many times no rest at all. Seeing the good the medicine was doing a friend who was taking it for Eczema, I commenced it, and as a result the eruption began to dry up and disappear, and to-day I am practically a well man. Only two tiny spots are left on the elbow and shin where once the whole body was affected. I have every confidence in the medicine, and feel sure that in a short time these two remaining spots will disappear. S. S. S. is certainly a great blood purifier, and has done me a world of good. I am grateful for what it has accomplished, and trust that what I have said will lead others who are similarly afflicted to take the remedy and obtain the same good results that I have. 125 East Fifth Ave. JOHN F. LMAR.

While washes, soaps, salves and powders relieve temporarily, they do not reach the real cause of the disease. The blood must be purified before the cure is permanent. S. S. S. contains no potash, arsenic or mineral of any description, but is guaranteed purely vegetable.

Send for our book on the skin and its diseases, which is mailed free. Our physicians will cheerfully advise without charge any who write us about their case.

than 50 strikebreakers have been caught by the pickets and put on trains for other cities.

The company now has two out of half a hundred men at work. The fight here, as stated in a telegram from President Lynch, of the Typographical union, is being waged harder than anywhere else. A clash over the injunction is expected.

WOMEN'S SYMPATHY.

Is Proverbial—Astoria Women no Exception.

How much we owe to the sympathetic side of womankind. When others suffer they cheerfully lend a helping hand. They tell you the means which brought relief to them that you may profit by their experience. Read the testimony given here by an Astoria woman.

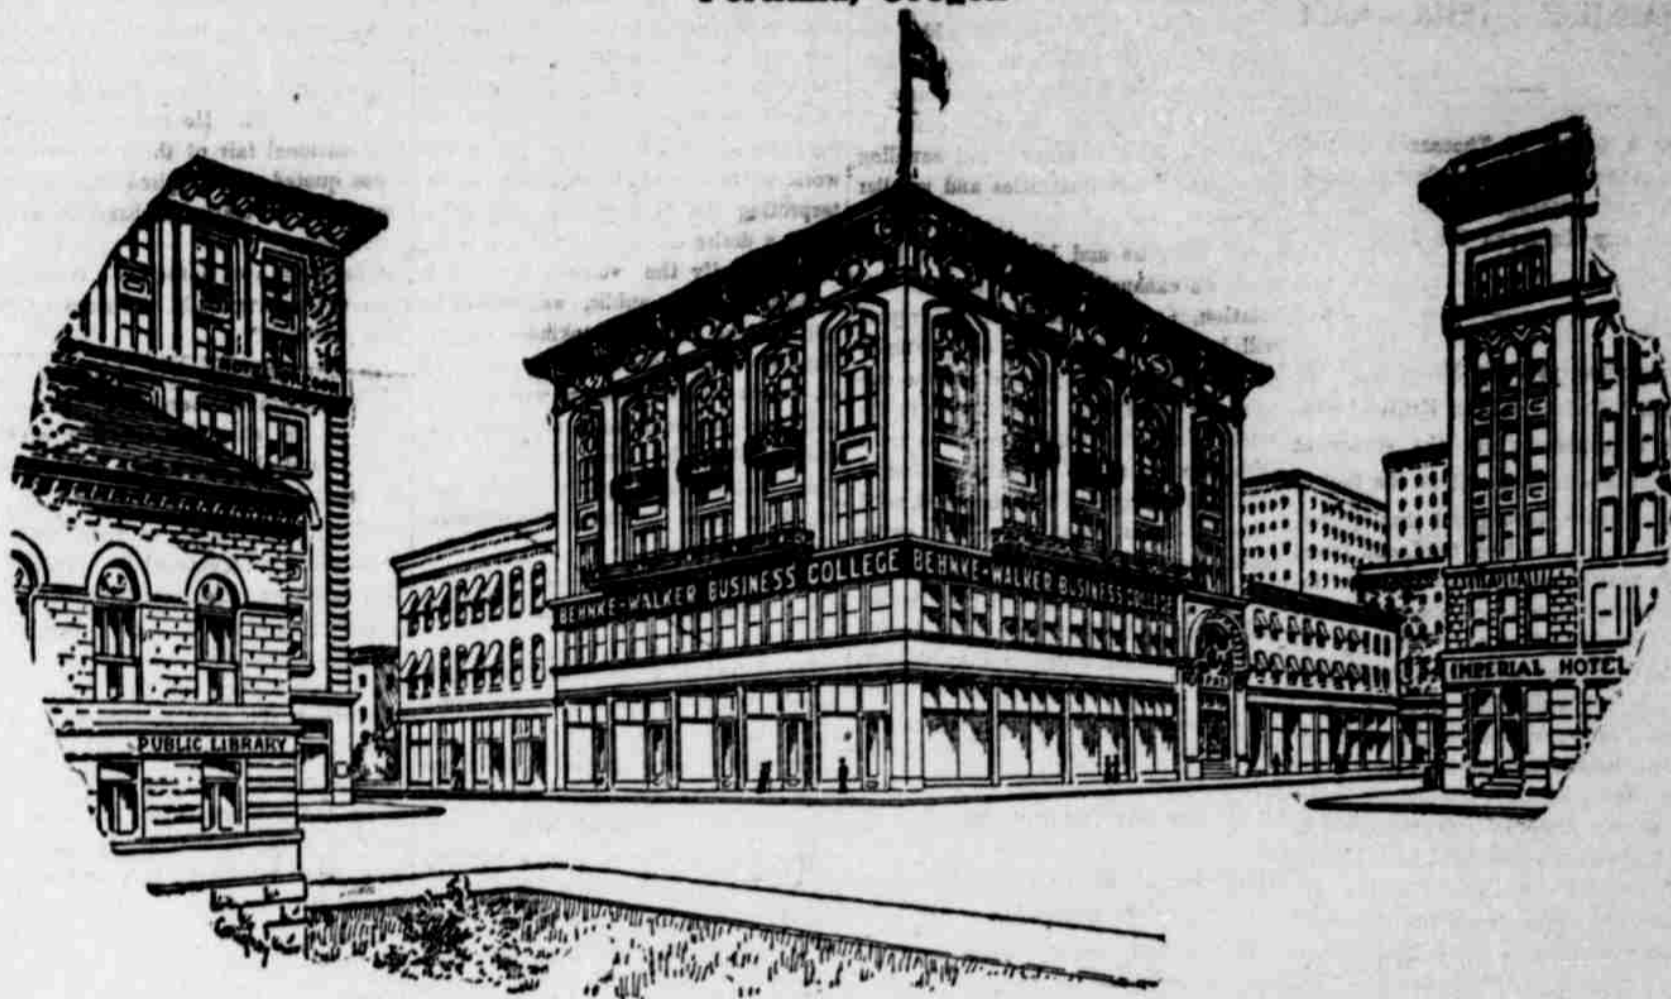

Mrs. Close, wife of John Close, night engineer at Lindenburger's cold storage house, foot of Eighth street, residing at 230 Commercial St., says: "About a year ago we moved here from Portland and as I had a great deal to do I overdid myself, and the result was I brought on kidney trouble. My back began to ache and as time rolled on it kept getting worse instead of better. It finally grew so bad that I could scarcely stoop or straighten after stooping. When I did any work requiring bending I could hardly get up, and I had headache, dizzy spells, and at times everything before me blurred. I was just about to start to the store for a plaster to put on my back when I read about Doan's Kidney Pills, and as they were so highly recommended for kidney trouble I made up my mind to try them and procured a box at Charles Rogers' drug store on Commercial street. They went right to the root of the disease and helped me from the start and before I had finished the box I was cured. Everything is changed with me now and I have no symptoms of kidney trouble whatever."
