### DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### IMAUM GIVES PROOF

Her Officers Admit Reliable Knowledge of the Pilots.

### HER KEEL TELLS THE TALE

Good Pilot, Quiet Sea, Flood Tide, Fair Wind, Smooth Bar, All Were Hers, Including Eighteen Inches Too Much Draught.

The British steamship Imaum is on the high sea, bound for Japan. She left the lower bay here yesterday morning at 10 o'clock in charge of Captain Leighton, of the Columbia River Bar Pilots Association, and reached the bar at noon, and at the slack of high tide. The bar was smooth, only the ordinary seas swelling over it, and every condition was perfect for getting her out in safety.

She struck the bar twice. She was drawing practically 26 feet of water and was under slowest possible movement, and struck both times as she sank to the hollows. The impact in each case was no gentle intimation of a touch, but good, honest jolts, that everyone on board knew about. But she passed over without damage and her pumps on being worked, in deep water beyond, told she was dry as a bone. Everybody here is glad she is en route to Japan in good shape, and wishes her a prosperous voyage. Captain Pemberton and his officers are good fellows and had the honesty to express their regret that their vessel should have been the one to cause the hubbub lately raised by the Portland press about the water depths on the Columbia bar.

The fact of her striking led Captain Pemberton to candidly confess to Pilot Leighton, that the word sent him recently, at Portland, that "a draught of 24 feet was the safe limit in crossing the Columbia bar at this season of the year," was correct, and that his own vessel had proved it conclusively. This was the message sent him by the Pilots Association of this city and bar, in answer to a direct inquiry filed by Captain Pemberton in relation to this very projected trip out.

Thus is the Oregonian, and its press echoes around Portland town, put out and down. They started the unwise and insolent campaign against the bar pilots here, and the gag medicine is ready at hand for them. A careful and capable pilot, a fair day, a quiet sea and a flooding bar, everything on earth favorable for her, and the Imaum, loaded to 25.7 feet, struck twice, under slow bell, in moving across the barrier that lies athwart the mouth of the Columbia river. Who shall doubt the practical knowledge and good sense of the Astoria pilots when they put the draught limit at 24 feet? Perhaps the agitated newspaper pilots in Portland will see the expediency of putting the big government dredger Chinook back on the bar to do some more of the only real work ever done on it; and perhaps they will endorse an appropriation for a north jetty to help the south jetty to sluice out the bar sands; perhaps they will, but they WONT.

### RICH STRIKES ARE MADE

Good Showing of Mines in the Baker Mining District.

Baker City, Oct. 13.—Many new strikes are being reported in different mines all through the Elkhorn, Greenhorn, Granite and Bourne camps, to the west of Baker City, while to the east in the Cornucopia district there continues to be uncovered rich ore in the Union-Companion, Mayflower and Queen of the Forest.

The newest strike reported is the find of rich ore in the Black Bear, a very promising prospect, lying just north of the United Elkhorn mines, about 16 miles west of this city. The property belongs to John Deerman and associates; and they brought in some samples of the ore yesterday, which is of the same character as the Elkhorn ore and very rich. The owners report that they have uncovered a large

ledge and are very much pleased with their find.

O. C. Johnson has just returned from the Rich Creek placer mines, on the lower edge of Baker county, near Malheur and reports that the boys have done well this season. They have already made two clean-ups and had a good head of water; they are still working the mine.

The company owning the Monarch mines, situated on Rock Cr., about 16 miles west of the city yesterday redeemed the property from sheriff's sale by the payment of \$650. The president of the company being Roland Hughes, Superintendent Bagnell, it is understood, will resume operations in the near future.

### GIVES UP THE FIGHT

George D. Collins, California Bigamist Will Return for Trial.

Victoria, B. C., Oct. 13.—An Ottawa dispatch states that George D. Collins, who is wanted in San Francisco will abandon the fight against extradition. He says his acquittal is almost certain.

### SLASHES HIS NOSE

Hood River Man Uses a Knife in Reckless Manner.

### SLABWOOD CAUSES QUARREL

Sheriff Goes After the Culprit, But the Latter Takes to the Woods Armed With a Winchester—Injuries of the Wounded Man Painful, Not Serious.

Hood River, Oct. 13.—During a quarrel over the possession of a few sticks of slabwood, Allen Hart cut De Hart in the face with a pocket knife, nearly severing the nose from his face. The affair happened yesterday at Viento, six miles west of here.

Deputy Sheriff Olinger went in search of Hart, who, when he sighted the officer, took to the woods with a Winchester. He is still at liberty. The wounds of De Hart are painful but not serious.

### WALTER SCOTT STILL HUNGERS FOR NOTORIETY

Cowboy Miner Anxious to Race Harriman Across Continent for \$50,000.

Los Angeles, Oct. 13.—Walter Scott, who has come to be known as "Scotty" wants to race E. H. Harriman, the railroad magnate across the continent on a wager of more than \$50,000. Late this afternoon he telegraphed Harriman making him an offer. He is willing to take the Santa Fe and let Harriman take any of his lines he may choose. "Scotty" will consent to either an actual race or to a speed contest against time, and says he will win either.

"Scotty" returned from Death valley this afternoon. He brought another "sack" with him and is looking for more notoriety. He wants to give Harriman the benefit of the shorter distance between San Francisco and the east.

### BANK CASHIER INDICTED.

Loekport, N. Y., Oct. 13.—The United States grand jury yesterday reported an indictment against Fred R. Green, cashier of the Fredonia National bank, of Fredonia, N. Y. There are 35 counts charging false entries and misappropriation and abstraction of funds.

### SUSPECT ARRESTED

Supposed Train Robber Is Captured at Billings Montana.

### HAS PECULIAR SHAPED NOSE

Officers Making Arrest Feel Confident That They Have the Man Who Held Up a Northern Pacific Train Between Tacoma and Puyallup Last June.

Billings, Mont., Oct. 13.—The police have arrested a man giving the name "Tom Jones" on suspicion of being implicated in the holdup of the North Coast Limited on the Northern Pacific, between Tacoma and Puyallup, Wash., last June.

Jones was caught prowling around the railroad yards, and his description is so identical with that sent out by the Washington authorities that the Billings police have no doubt of their having the right man. His peculiarly shaped nose led to the suspicion that he was wanted for the Washington holdup.

The prisoner declares he can prove an alibi, but before he was made aware by the police that he was thought to be one of the fugitive train robbers, Jones told a fellow prisoner he supposed they would hold him for some time holdup.

### MERCHANTS ARE SENSIBLE

Advertising in Programs and Circulars Tabooed and Newspapers Used.

Oakland, Oct. 13.—The annual agreement of the merchants of the city in regard to abstaining from advertising in programs and by circulars, reserving their advertising for regular newspapers and magazines of general circulation, has again been entered into, this time for two years.

This is a matter in which the Merchants Exchange has taken great interest and it is with much satisfaction that the agreement and signatures were read.

### JEWISH RABBI CENSURES INTER-CHURCH COOPERATION.

Characterizes Action as Unenlightened.

Portland, Oct. 13.—Rabbi Stephen S. Wise, D. D., of Temple Beth Israel, of Portland, in a sermon to his congregation tonight censured severely the action of the executive committee of the Inter-church Conference on Federation, in excluding the American Unitarian association from the forthcoming conference.

Lamenting what he termed "unenlightened and intolerant decision," he advised the proposed conference, instead of choosing its high sounding title to "have the courage and candor to call itself by its right name, the sectional division of trinitarian or triteistic churches."

### NEGROES LYNCH A NEGRO.

Bainbridge, Ga., Oct. 13.—News has just reached Bainbridge of the lynching of a negro eight miles west of here by a mob of his own race. The negro had assaulted a negro girl and had attempted to assault another, when she cut him in the breast.

Take nutmeg; one is not as good as another. Schilling's Best in nutmeg, is ground fine from difficult nuts to grind, because full of oil; the oil is their virtue. There are dry nuts; there are wormy nuts. We are no more careful in nutmegs than all through.

Out of Date Plumbing is Unhealthy

If your plumbing is out of date, the members of your household are constantly risking their health. Defective plumbing generates germ-bearing sewer gases which pollute the atmosphere and cannot help but be breathed by the occupants.

Let us examine the condition of your plumbing, correct defective piping and install the best sanitary fixtures made, namely "Standard" Baths and One-piece Lavatories. Our illustrated booklet "Modern Home Plumbing" sent free upon application.

J. A. Montgomery, Astoria
