

NEVADA POSTOFFICE IS SPIRITED AWAY

Mob Takes Matters Into Its Own Hands and Removes Office at Sparks to Another Place.

Reno, Nev., Oct. 22.—In defiance of the laws of the United States, a mob consisting of a hundred persons gathered at the town of Sparks, four miles east of here, at 9:30 o'clock last night and by force tore the fixtures and lock boxes from the postoffice building, piled the packages, letters, papers, stamps and other Government property into two wagons and carted them to what most of the citizens of the railroad town believe is a better location in what is known as the Courtland building, about a quarter of a mile nearer the center of the town.

Postmaster Charles Bemer yesterday received notification that he had been appointed to the office to succeed T. J. Jones, who at once began to prepare to turn over the property to his successor in two weeks.

Neither of the postmasters are reported to have been with the mob last night. The matter is unique in that this is the first instance reported where the people have refused to await orders from the Government before moving Government property. It is not reported whether arrests will be made. The location of the office has long been a bone of contention between residents of different sections of the town.

Whenever the cough troubles her, two or three doses stops the cough, and she is able to be up and well." 25c, 50c, \$1.00. Sold by Frank Hart, druggist.

TOO DIFFICULT In a Pennsylvania town where the friends of a young girl were gathered for a party, she was asked to read a letter from her father. The letter was so long and so full of details that she was unable to read it. She said: "I was so tired that I could not read it." The father said: "I was so glad to hear from you that I did not care how long it was."

WHEN YOU THINK OF A BLOOD PURIFIER THINK OF SSS

The Most Popular and Widely-Known Blood Purifier GUARANTEED PURELY VEGETABLE

This is the season that tests the quality of your blood, and if it is not good, then evidences of it will begin to show as the weather grows warmer. Carbuncles and boils, pimples and blotches, and numerous itching and burning skin eruptions will make their appearance, and are sure indications of bad blood. If spring-time finds you with impure, sickly blood, then you are in poor condition to withstand the strain upon the system which always comes at this time of the year. A failure to look after your physical welfare now, by purifying the blood and toning up the general system, may result in a complete breaking down of health later on, and you will find yourself weak and run down, with no appetite, and a prey to indigestion and nervousness. It is poor blood that makes weak bodies, for it is this vital fluid that must supply vigor and strength to our systems, and upon its purity rests our chances for health. Any impurity, humor or poison in the blood acts injuriously upon the system and affects the general health. It is to the morbid, unhealthy matter in the blood that chronic sores and ulcers are due. The pustular and scaly skin eruptions so common during spring and summer, show the blood to be in a riotous, feverish condition, as a result of too much acid or the presence of some irritating humor or acrid poison in the blood. A large per cent. of human ailments have their origin in a polluted, diseased blood, and can only be reached by a remedy that goes into the circulation and uproots and expels the poison and restores the blood to a healthy, natural condition. If you have any symptoms of bad blood, and are thinking of a blood purifier, then think of S. S. S., a remedy with a long-established reputation and that has proven itself to be a specific in diseases of the blood, and a superior tonic and system builder. S. S. S. contains no mercury, potash, arsenic or other mineral, but is composed exclusively of vegetable ingredients, selected for their medicinal properties and gathered from nature's store-houses—the fields and forests. The thousands who have used S. S. S. and know from experience what it will do in blood troubles, do not need to be reminded of a blood purifier now, for they know no better can be found than S. S. S. If you are thinking of a blood purifier, think of S. S. S., which has been sold for nearly fifty years, while the demand is greater now than ever in its history. No remedy without merit could exist so long and retain the confidence of the people. Write us if in need of medical advice, which is given without charge.

Springfield, Ohio, May 16, 1903. On two occasions I have used your S. S. S. in the spring with fine results. I can heartily recommend it as a tonic and blood purifier. I was troubled with headaches, indigestion and liver trouble, which all disappeared under the use of a few bottles of your great blood remedy, S. S. S. My appetite, which was poor, was greatly helped. I can eat anything I want now without fear of indigestion, and my blood has been thoroughly cleansed of impurities and made rich and strong again. As a tonic and blood purifier it is all you claim for it. MRS. GEORGE WIEGEL, 771 E. Main St.

Wheeling, W. Va., May 23, 1903. I have used your S. S. S. this spring, and found it to be a blood purifier of the best order. My system was run down and my joints ached and pained me considerably, and I began to fear that I was going to be laid up with Rheumatism. I had used S. S. S. before, and knew what it was; so I purchased a bottle of it, and have taken several bottles, with the result that the aches and pains I had are gone; my blood has been cleansed and renovated, my general health built up, so that I can cheerfully testify to its virtues as a blood purifier and tonic.
