Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." 25c, 50c \$1.00. OPERATED A FISH TRAP.

Charles Elander Alleged to Be a Violator of the Fish Law.

Several days ago officers discovered that a fish trap near the old Seaborg cannery was being operated without a license and Charles Elander, the man in charge of the trap, was placed under arrest. Elander claimed that he was employed by Peter Anderson of Cathlamet and that he knew nothing as to whether a license had been obtained or not. The officers were satisfied that Elander was telling the truth and he was allowed to go, but the facts in the case were kept quiet so that Peter Anderson might be placed under arrest as soon as he showed up on the Oregon shore.

Apparently Anderson had been given a tip for he failed to visit Astoria and on Saturday Elander took out a license for the trap. After doing so he was seen by an officer and asked to appear before Justice Goodman and explain his conduct. He failed to do so and was arrested yesterday on a bench warrant and allowed to go on \$75 cash bail until, Thursday, when he will have a hearing. Anderson continues to show a decided preference for the Washington shore as a place of residence and the officers feel that the only way they can reach him is through his employe.
