SCULLY FILES HIS PETITION

Persistent Rumor in Circulation that Commission Will Reduce Chief of Police Hallock to Ranks—Robinson Runs for Councilman in Second Ward.

Eighty registrations at the Auditor's office yesterday brings the total to date, to 279. This is a meager showing but by the end of the twelfth day hence, the total will prove an adequate expression of the composite voting strength of the city.

Some of the principles laid down by the registering citizens are amusing in a way, and do not always indicate the partisan preferences of the people who place them on record. For instance ex-Auditor K. Osburn yesterday entered his predilection for "an open door and miles of new streets," thinking, perhaps, that "an open door," otherwise an "open town," would furnish the necessary income to build the desired streets. Another citizen subscribed himself as in favor of a "wide open town," thus placing himself squarely against things as they are. He may find solace later in the fact that he is but one of the few.

Dell B. Scully's petition as candidate for republican councilmanic honors in the First Ward was filed yesterday. There were people mean enough to insinuate, yesterday evening, that Dell's republicanism is not of a genuine sort, but this is only one of ten thousand such rumors, hints, idle suggestions and paltry back-handers incident to campaigns big and little.

CLAIM IS FILED

Julius Strauss of This City Asks the O. R. & N. for Damages.

Julius Strauss, the well known merchant of this city, one of the passengers on the wrecked St. Paul, yesterday filed with the Oregon Railway & Navigation Company, his formal claim for damages sustained by reason of his interrupted and incomplete voyage between the ports of San Francisco and Astoria, and the consequent personal expense he was put to by detention at Eureka and San Francisco and the loss of time incident thereto, and including the cost of transportation between the Bay City and home.

Mr. Strauss declines to give the figure of his claim, and says it is not large, the safe inference being that it amply covers all the unexpected items of expense to which he was subjected by reason of his wreck inclusive of the time he lost.

Secretary of State and Mrs. F. I. Dunbar, were in the city yesterday, having come from the Capital City to attend the funeral of young Ernest Edward Ferguson, a nephew of Mrs. Dunbar's, which took place yesterday afternoon. They returned to Salem on the 6:10 express, via Portland. Mr. Dunbar had nothing of unusual interest to report from the State House, save that all departmental work was progressing in good shape and that but little was observable as to the men and issues incident to the primary and general elections due in April and June next.

The Astoria National Bank suspended business yesterday afternoon—for fifty-nine seconds. It was done in order to secure a good photograph of the room, equipment and staff of the concern. However good the picture may be, it will be incomplete because of the absence therefrom of the pleasant countenance of the genial cashier, J. E. Higgins, who is out of the city on a brief vacation.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00.
