ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

MARRIED 25 YEARS

Silver Wedding Anniversary of M. and Mrs. Danielson.

A GENUINE SURPRISE PARTY.

Well Known Astoria Couple Most Happily Remembered by Friends—Enjoyment for All Concerned—Music, Toasts, Gifts and Good Will.

Mr. and Mrs. August Danielson, of this city, rounded out the first quarter century of happy married life on Thursday last and to mark the pleasant period had asked a neighbor or two in to spend the evening at their cosy home at No. 615 Irving Avenue. This was as it should be; but others had plans of their own in relation to this honorable anniversary, and while this quiet and pleasurable little coterie was thus engaged at the Danielson home an invasion was afoot.

Friends to the number of over one hundred had assembled at Herman Wise's store and were then marching to the Danielson residence as a surprise on this 25th anniversary of their wedding. Mr. and Mrs. Danielson were almost overwhelmed by surprise.

The committee in charge of the reception had provided ample refreshments which were taken with them to the house, and as soon as the guests had assembled, A. Johnson introduced Judge Olof Anderson, who, in a few brief remarks, apprised the happy couple of the object of the visit and the jolly program of the evening was launched.

Miss Laura Danielson presided at the piano and entertained the assemblage with vocal and instrumental music, and Hon. C. J. Curtis was called upon and congratulated Mr. and Mrs. Danielson upon the occasion of their silver wedding. A pretty incident occurred at the dinner table when a large mock wedding cake which had been provided, was cut, revealed a beautiful silver plate, the gift of friends, upon which Mr. Herman Wise congratulated them, as well as upon their success in life and voiced the sentiments of the large number present for their continued prosperity and happiness.

Messrs. Schimpff and Fred Johnson entertained the visitors with songs and Miss Orlean Johnson, daughter of Mr. and Mrs. Adolph Johnson, recited a poem appropriate to the event and in most acceptable fashion.

The evening was pleasantly spent in social intercourse, games and music and the guests were royally entertained by Mr. and Mrs. Danielson until long after midnight when the party dispersed, everyone wishing the recipients of the surprise party many years of happiness. Mr. Danielson feelingly responded to the words of welcome and assured all present that he and his wife deeply appreciated the kind hospitality and tokens of esteem showered upon them. Many valuable presents were received including the silver dinner set of knives, forks and spoons alluded to and a number of other useful presents. The Astorian, though a bit late, joins in the expression of good will tendered Mr. and Mrs. Danielson and hopes to make full record of their golden anniversary, as well.

GIRL RUNS AWAY.

Portland Miss Finds Home Unbearable and Seeks Brother in Astoria.

Because her home life had become unbearable, Miss Mable Moore, a fifteen-year-old girl, left her home in Portland last Tuesday night, boarded the train for Astoria, and sought refuge in the home of her step-brother, Frank Huber, a marine fireman, who lives at 373 Eighteenth street. Her whereabouts were unknown to her parents for several days, and yesterday they applied to Chief Gritzmacher, in Portland, to assist them in locating the missing girl. Chief Hallock received a communication from the Portland department, requesting him to locate the girl, and yesterday evening she was found by Officer Thompson.

The More girl says she left home because of persecutions, by her older half-sisters. These, she alleges, were jealous because of advantages which they did not enjoy, and rendered her life miserable beyond endurance.

When the Moore girl reached Astoria she insisted she had told her mother where she was going, but this appears to have been a mistake, as her relatives had no clear idea of her whereabouts. Mr. Huber declares his sister can have a home with him as long as she wishes.

BONDS LOST IN TRANSIT MYSTERIOUSLY RECOVERED

Valuable Securities Sent by Express From London Are Missing for a Short Time.

New York, Oct. 27.—In some way \$33,000 worth of Union Pacific bonds were recovered yesterday within an hour of the time in which their loss had been made public, says the Times.

It was ten o'clock when a detective agency sent out notice that forty

\$1,000 bonds were missing, and asking that any one offering them for sale be detained and arrested.

An hour later the agency announced that the bonds had been recovered.

"The bonds," a report to the agency said, "were sent on October 11 from London by express. They disappeared in transit. Just after we sent out the notice we received word that they had been discovered in the office of the express company. We have no reason to believe that there had been any effort at committing a crime in connection with their disappearance."

He refused to give names.

COMMERCIAL LINE-UP.

Team Will Meet Multnomah Eleven on Portland Grounds Today.

The Commercial Club football team left for Portland last evening, where they will meet the Multnomah club on the gridiron today. The attendant crowd of rooters was not very large but this did not dampen the enthusiasm of the players in the least. Dr. J. A. Regan accompanied the team and will act as umpire, and S. P. Platt will officiate as time-keeper. C. H. Abercrombie, who has been coaching the players, was also a passenger, and will watch the game. The line-up of the Commercial will be as follows:

Jack Bays, center; Charles Gammal, right guard; B. S. Englehart, left guard; Ted Sutton, right tackle; Al Minard, left tackle; Wm. Painter, right end; Wm. Hoover, left end; Rosy Graham, quarterback; Higginbotham, right half; C. W. Tully, left half; and Claud Goddard, fullback.

TALKS ON REBATES

(Continued from page one) the young man who thus distributes hundreds of thousands of dollars annually."

He continued: "Stating the gist of the law in a nutshell the railway companies have an absolute monopoly and under the law fix the price upon that which they alone can produce and which every living man must consume (railway transportation) and they law makes it a misdemeanor for the customer to kick. Is that a 'square deal'?"

"It is wrong in principle, but as long as there are competitive railways it is of little practical importance, because unreasonable rates can not be enforced. But in twenty years, possibly in ten years, there will be few if any competitive railways, and it thereby becomes important while we can establish these correct principles by law."

"Experience has proved that no commission can be a disinterested board of arbitrators while at the same time it is engaged in the prosecution of the case at bar. Hence, if the recommendation of the President is adopted the arbitration commission should be appointed for the purpose of arbitrating disputes in respect to rates, should not be charged with the extensive duty of enforcing the provisions of the law, or of their own decisions."

"Mr. Chairman, never before has the American people had a Roosevelt for a President. Never before has a President, in season and out of season, in official documents and from the stump, so courageously stood for the square deal."

Stuckney was followed by Governor Cummings on the "President and the Tariff" and Congressman Bede on the "President and Congress."
