Full of Tragic Meaning.
are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. SLOWLY BUT SURELY

Primary Campaign All One Sided Thus Far.

REGISTRATION IS NORMAL

Books Will Remain Open Until One Week From Tuesday—Line-up Due at Same Time—Essence of Campaign Not Determinable.

Registrations for six days, 478. Eight days remain for registering for the primary election.

Following are the petitions on file for nominations upon the republican ticket, for the respective offices:
Mayor, Samuel Elmore.
Auditor and Police Judge, A. B. Dalgetty.

Treasurer, John Nordstrom.
Surveyor, Alfred S. Tee.
Street Superintendent, J. F. Kearney, and E. M. Houghton.

Councilman, First Ward, Karl Knobloch.
Councilman, Second Ward, R. M. Leathers, J. J. Robinson, R. E. Carruthers.
Councilman, Third Ward, C. A. Leineweber.

Police Commissioner (three to elect), Capt. John W. Babbidge, W. C. Laws.

Apropos of this last named office, it is understood that Chairman Belland and his colleagues of the Council committee on Ways and Means, have sought opinion on the subject of electing all three members of the municipal police commission, instead of one, as has been contended by the Astorian, and these opinions will emanate from the well-known local attorneys, Judge F. J. Taylor, J. F. Hamilton, and George Noland. The conclusions of these gentlemen were to have been filed with Police Judge Anderson last evening, but that they were, and what they were, could not be ascertained at a late hour last night. And it may as well be remembered that the Republicans of Astoria will contend to the last ditch for the principle of the rightful, election choice of the people in the filling of their offices as against the lingering reign and claim of past appointees, who, under the present rules may hold office interminably or see that their friends succeed them.

There is no political organization of this city squarely out in the open save the Republicans. They are dodging nothing, reserving nothing, nor hedging, fencing, shirking, or disguising anything. It is first in the field and calmly waiting the line-up of the opposition. Get together, gentlemen; there's business ahead.

Del Scully has abandoned his aspiration for conneituanic honors in the First Ward, for the sufficient reason that he did not desire to hamper the Republican interest and success there by a contest in the primaries, within party lines, and his judgment is as commendable as his unselfishness.

By waterproof cloths we do not mean rubber goods or mackintoshes, that are so objectionable to the wearer. But regular woolen cloths that are especially prepared and proofed by the new process that does not change the fabric, but leaves the cloth as porous and healthful as the original piece.

The Young People's Society of Uniontown is preparing to erect a twelve thousand dollar building. It will be 110x65 feet in size, and two stories high. The lower story will be fitted out as a modern opera house, and the upper floor will be used for hall purposes. The site has already been secured, and Architect J. E. Wicks is preparing the plans.

It is reported that the thriving town

of Hammond has \$1500 in its treasury. Some want the money expended upon a local dock; others want it paid out for fire apparatus, still others would like to see it used in a salary to some competent town marshal. If all shall fail in their desires, and outside suggestions will be of value and avail, most any reporter on the Astoria press can tell them where it will do the most, real good.
