

FORMER ASTORIAN

Rev. Harry Brown the Victim of a Grant's Pass Cabal.

CHURCH WAR IS HOT AFOOT

Elders Versus Congregation—Trumpet Up Accusation of Unfair Dealing Against Young Minister—No Warnings Given and He Stands Pat.

Grant's Pass, Ore., Nov. 2.—Rev. Harry Brown, who came here six months ago from Astoria to accept the position of minister of Bethany Presbyterian church, has been asked to resign. The trouble is said to have arisen over a mining deal in which Rev. Brown is alleged to have been unfair with a member of his congregation. The elders of the church also state that Rev. Brown is not fulfilling his contract with the church. The affair is causing much comment here, as Rev. Brown and his wife, both of whom are young people, have made a host of friends both in and out of the church during their residence in Grant's Pass.

A special meeting of the membership of Bethany church will be held tonight for final action on the matter. As a number of the members of Bethany church feel that Rev. Brown has not been treated right by the elders, they will insist that the question be brought to a popular vote of the congregation. It is believed that the minister will find more than one-half the church in his favor. He declares he will not resign simply on the request of the elders, but he will abide by the wishes of the congregation as a majority.

It was less than one year ago that the same elders put Rev. W. C. Connell, then minister of the church, out of the pulpit, giving him no opportunity to appeal or defend himself. The same method will be tried on Rev. Brown, but his supporters have rallied about him and in-

sist that he demand a popular vote of the church.

"It is all a surprise to me," said the minister. "It came like a thunderbolt out of a clear sky, with absolutely no warning."

Rev. Holt, the state missionary of the Presbyterian church was here a few days ago, and the elders held a secret meeting with him. It was then the plan of getting Rev. Brown out was devised, and a few hours later, Rev. Holt, who really has no authority to act in such a capacity, so the friends of Rev. Brown declare, notified the young minister that he must resign from Bethany church. No reasons, other than that he is not fulfilling his contract, were given.

One of the older members of the church states that the elders desire Rev. Brown out of the way to make room for Rev. McLane, who was minister of Bethany church several years ago, but who has since been a missionary in South America. Rev. McLane will return to America and to Oregon soon, and as he is a bosom friend of the majority of the elders of the Grant's Pass church, it is their desire that he be returned here, even though the position and the reputation of Rev. Brown be sacrificed.

Though young, and lacking in experience of older ministers, Rev. Brown is an enthusiastic and tireless worker, and his sermons have been classed among the best heard in this city.

Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kans., writes: "My husband lay sick for three months. The doctors said that he had quick consumption."

We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago. Since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c, and \$1.00. Sold by Hart's drug store.

Croup.

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. For sale by Frank Hart and leading druggists.

RENEW CHAPEL WORK

Letter From Rev. L. D. Mahone on This Subject.

MANZANITA SEES DAYLIGHT

Azaronia is En Route to Asia—Telegraph Again on Duty—Falls of Dee Due—Camborne Arrives—Local Boats and Boatmen.

The following communication from Rev. Luther D. Mahone, of this city, puts a new face on the subject of a Seamen's Institute, and one that should meet with hearty concurrence on the part of many in this city, to whom the matter must commend itself by reason of their intimate relations to matters and men marine:

A letter in yesterday's Astorian relative to the Seamen's work might reflect a little on the present Superintendent, Rev. J. E. Forsyth. Mr. Forsyth was appointed temporarily to the work and has been as successful as a man could be under the circumstances. He was endorsed by the Ministerial Association of the city by a unanimous vote and if it had been possible they would have been glad to have seen him retained there permanently, but the work demands a man that can speak the foreign languages. Dr. Hunter, the Secretary of the society came on and he felt that as the people of the city were not taking any interest in the work that it was too much to expect the society to keep a man here. So it is up to the people.

The matter has been placed in my hands and as soon as the people will manifest an interest in the work, I will see that a first class man is appointed. First there must be a local organization and ways and means at once set in motion to provide the fishermen and seamen with a place where they can meet. Some sort of an institute supplied with good reading matter and a place convenient to hold services, entertainments etc. The society from the east will put \$6000.00 year into the work, in the way of salary, and I am led to believe from a letter just received that they will assist in the construction of a building. This society has been putting this amount of money into the city for more than twenty years and it is no more than right that the people should do something in return. Our city is to become an important shipping point, if we are to judge from the statements of the press relative to the railroads that are headed in this direction. A headquarters for the seamen would bring many of them to the city that would not come otherwise. Then the moral effect of such an institution would be of great benefit to the city and to the people that could come here.

Any one that is interested in the matter I would be glad to confer with them and at once put this work upon a basis that will hold the work here for all time to come.

Very respectfully
LUTHER D. MAHONE.

You Never Know the Moment When This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Astoria to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itchiness of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

R. B. Long, harness maker, employed with John Clark & Son, 104 Front street, Portland, who resides at 348 Second street, same city, says: "Early last summer I broke out all over my body with eczema, tetter or itch. I did not know just what it was nor what caused its appearance, but I do know that the torture I endured was something fierce. I was very much alarmed about it, was anxious to know what it was and what caused it. I thought the best thing to do was to go to a doctor for treatment. I did so and was treated by different ones, but they failed to do me any good. When I became the least bit overheated I just fairly clawed the skin off me. Anyone who has never had anything of the kind knows nothing at all about it. I was in bad shape when I noticed an advertisement in our paper about Doan's Ointment being a sure cure for such afflictions. It proved to be all that is claimed for it. Less than two boxes made a complete cure in my case. About this time my younger brother was taken with the same affliction. A box and a half of Doan's Ointment cured him. I know what I am talking about when I say that Doan's Ointment is one remedy which can be depended upon."

Plenty more proof like this from Astoria people. Call at Charles Rogers' drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Bilious Attack Quickly Cured.

A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets, and the next day I felt like a new man.—H. C. In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by Frank Hart and leading druggists.
