THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

BLOODSHED IS PREVENTED

cess of their propaganda among the army and navy, if they should get credit for saving the lives of the mutineers, and if they force the Government to recede from its position regarding Poland, they would have it by the throat.

Renewal of Panicky Feeling.
At strike headquarters tonight, reports are being received and leaders refused to admit that the question of abandoning the strike had yet been raised. The situation has caused a renewal of the panicky feeling among the inhabitants whose nerves are already shattered by the events of the last fortnight and hundreds of persons, just returned, are again leaving for Finland. The foreign residents are becoming more and more alarmed, and many are hastily preparing to go abroad for the winter.

In case the Finnish Socialists join their Russian comrades, and tie up the Finnish railroad, the only egress will be by water, and the freezing of the Gulf of Finland, a fortnight hence will close the last exit also. The foreign embassies share the alarm and the British embassy is advising the removal of women and children.

Rumors of Interference.
All sorts of rumors about interference by foreign powers are in circulation and the Gazette prints a report that all the great powers are joining to notify Russia that they intend to interfere to prevent anarchy. This is as false as the story circulated that Eddy, American Charge d' Affairs, had telegraphed for a warship, and that the cruiser Minneapolis is now proceeding hither. The American embassy has not expected a warship and has not been advised by the state department, that one is coming. Witte and his council were in session, this afternoon and evening discussing the situation and a number of prominent Liberals were called in consultation.

Employees of the St. Petersburg & Tsarkoe Selo railroad joined the strike late tonight.

Jerome Didn't Spend a Cent.

New York, Nov. 15.—William Travers Jerome, district attorney, yesterday filed his declaration of election expenses, which he says amounts to nothing, he having personally spent not one cent to obtain his election.

PORTLAND RABBI SPEAKS.

New York, Nov. 15.—Joseph H. Choate presided at the Sixth New York State Conference of Charities and Correction last night. YOUNG CRIMINAL CONFESSES

With Older Companions He Admits Complicity in Many Crimes.

Marysville, Cal., Nov. 15.—Sheriff Wilson and Deputy Sheriff Cannon this afternoon brought from Sacramento, William A. Sprout and a 15 year old boy named Edward Whalen. They are charged with an attempt to rob the Farmer's Co-Operative Union bank, of Yuba City, Thursday night, and the boy confessed to this and four other crimes committed in Montana, Idaho, Washington, and Oregon, since last April. Whalen says he met Sprout last April in Montana. Sprout and the boy traveled as father and son and claimed they were going North.

NOTHING AMUSING IN IT.

Certain people are endeavoring to make fun of the proposition of Sheriff Thomas Linville making an error in calling G. C. Linquist, the artist, up on the carpet for answering every description appertaining to the party who assaulted Mrs. Belle Farrell (nee Broemser) on Sunday night. There is nothing amusing about it, the man furnished every atom of detail required; the officers had a perfect right to investigate him; that he was not the man wanted, is his good fortune; that he was beyond suspicion, in fact, as a decent citizen, is his greater fortune; that the sheriff called him to an accounting, under the circumstances, is proof of that officers attention to business and proves him more efficient than the chief of police who has not even questioned, suspected or called up any man, good, bad or indifferent. Certainly Mr. Linville is entitled to the credit of having tried to trace the bound down, even if he did err in one instance. The police had a full, accurate description within the hour of the scoundrel's appearance on Sunday last, and he was in the city the whole day, but they couldn't or wouldn't, find him. The sheriff takes what credit has yet accrued from the case and is likely to keep it, for all the police are doing in the premises.

HARRIMAN TELLS HIS DEALS

(Continued from page 1.)

\$500,000, to a fund to help him hold it. That if he thought it advisable to turn it over to the Equitable Society without any pay for it, Harriman thought others could be induced to do the same thing. Harriman did not recall that Hyde had made any answer to that suggestion.

Not Sure Whether Odell Wrote.

Harriman was asked whether Odell wrote a letter to the President or the Secretary of State, advocating the appointment of Hyde as ambassador, shortly or immediately after the settlement of the Mercantile suit.

"I am not sure about that, Mr. Hughes. When you speak of it, I believe there was some conversation," replied Mr. Harriman.

Harriman said he never heard of any arrangement whereby a letter should be written by Odell, if the suit was settled. Harriman said he told Hyde, when Hyde asked him to become a director in the Equitable that he (Harriman) did not think the method of the management of the society was the right one, and that Hyde said he intended to change it.

While a director Harriman attended the quarterly meetings and heard the statements of the officers, in which they extolled the conduct of the officers and congratulated them on the prosperity of the society. He had nothing to do directly with the management of the Equitable.

Did as Was Requested.

When asked what he said to President Roosevelt about the French ambassadorship, Harriman said he told him he had been requested to suggest the appointment of Hyde, that Hyde was located in Paris, and as he understood it, had a good position there, and that he had done what he had been requested to do.

Hyde was recalled after Harriman, and denied that he suggested the settlement of the Odell suit. Re-affirming his testimony of yesterday on that point he said he had nothing to add. Hyde said Odell never said anything to him about the proceedings against the Mercantile Trust Company, other than legal proceedings.

On Hyde's statement that the reputed attack on the charter came during the recess of the Legislature, Rogers wanted to know how danger was possible by legislation could have influenced him. Hyde replied:

"There is going to be another session."

"But," said Rogers, "Governor Odell is going out of office December 31."

"People out of office are sometimes more influential than people in office," responded Hyde.

The reply created much laughter and it was some time before order was restored.

With today's session the examination of both Hyde and Harriman was completed. The next witness awaited with much interest is Governor Odell, who has requested that he be examined.

Japanese Are Suspicious.

Victoria, B. C., Nov. 15.—A report by the Canadian Government, from Alex. McLean, Canadian Trade Commissioner at Yokohama, says the recent agitation of life insurance matters in New York has seriously affected the Japanese business of both American and Canadian companies.

WANT TO JOIN THE FOLD

(Continued from page 1.)

with Cuba was fomented by the American club. Sixty members of the club met last week declared themselves a territorial convention and took steps to organize a government. A recess was taken until Saturday.

More than 200 persons gathered at Nueva Gerone, when United States Secretary of State Elihu Root, General Leonard Wood and others concerned in having the Cuban banner raised, were denounced. It was decided to have a Legislature of eleven men two from each district and one delegate at large.

Like Southern Mass Meeting.

"It was like an old style Southern mass meeting, all enthusiasm," said S. H. Peary to the Herald correspondent yesterday. Mr. Peary is vice president of the Isle of Pines Company, which controls 150,000 acres out of a total of about 700,000 on the island.

"We are fighting for justice," he continued. "Wood sold us out, lock, stock, and barrel, for two coaling stations, after he had assured us the island would be maintained by the United States. Cuba's only interest in the island is to afford snug berths for a few officials. There are about twelve offices on the island, all filled by carpet baggers, as no native has one. The Cuban Government has spent nothing and collects the taxes."

"Personally I have just lost \$1000, as flour and other merchandise, which I brought from Mobile, had passed through a warehouse without a roof and nothing to protect the goods from rain. They refused to repair the dock or roads. We claim rights which were guaranteed us. We have set up an American territory and purpose to maintain that status. Any person who has in his blood the spirit of patriotism and liberty shown by those in the Boston tea party, will sympathize with us in our effort for freedom."

"ANTOMOBILE CRIMINALS"

New York Pastor Protests Against Lawlessness.

Chicago, Nov. 15.—The Rev. Father P. J. McDonnell of St. Mel's Roman Catholic church ended an appeal for the most stringent action against "automobile criminals," made to the West Park Board yesterday, by declaring that a man would be justified in killing "the criminal autoist, who would crush out his life."

Father McDonnell's appeal was made when he headed a delegation of church members, property owners, and aldermen, who appeared before the Park Board and presented a petition in which a demand that radical actions be taken against autoists.

"That is a strong doctrine to preach, but radical action is needed in dealing with these criminals," said Father McDonnell. "We are here to say that there is a power in this community which is not dependent on mere suffrage and that is every man's right to act in self defense. Let us hope that nothing of this sort will become necessary, but unless other than the usual means of dealing with these offenders are not devised this strong action may be resorted to."

If you knew the facts about Schilling's Best, you wouldn't bother with anything else in those six lines at all.

The Benefits of Modern Plumbing.

One of the most generally approved ideas of modern plumbing is that of installing one-piece lavatories supplied with hot and cold running water in the sleeping apartments and dressing chambers of the individual members of the household.

The benefits derived from this arrangement will not only be found necessary to modern living, but also prove a source of convenience and comfort to the occupants.

Send for a copy of booklet "Modern Lavatories," which shows the complete line of "Standard" One-piece Lavatories with approximate prices in detail.
