A Disastrous Calamity.
It is a disastrous calamity, when you lose your health, because indigestion and consumption have snapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs, and cure headache, dizziness, colic, constipation, etc. Guaranteed at Charles Rogers' Drug store; 25c.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.
The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STREETS THE ISSUE

Whole of Council's Business Given Over to This.

BILLS THE ONLY EXCEPTION

Scarcely Another Phase of Public Business Presents Itself—Bonds, Appropriations, Contracts, Assessments, the Order of the Day—Lat Night's Session

The Common Council met in regular session for the second time in November last evening. The full board of nine was in evidence, with Mayor Suprenant in the chair, Judge Anderson in charge of the records, and the following city officers in attendance: City Attorney A. M. Smith, and Superintendent of Streets J. F. Kearney. After the reading of the minutes the following matters were presented and disposed of, in sequence:

A communication was read from City Attorney A. M. Smith which was, in effect, an opinion from him on the question heretofore referred to him by the Council, as to whether land, which does not abutt upon a street which it is proposed to improve, can be legally included in the assessment district made for such an improvement? Mr. Smith states that the charter, in addition to prescribing the territory specifically abutting upon a street under process of improvement gives the Council the right to assess "such other lands, as in the opinion of the Council, may be benefited by the improvement." In his opinion any lands that are amenable to the proposed improvement, may be included in the assessment, provided the Council shall deem them susceptible of the benefits accruing. The report was filed.

Communications from the following people were read and duly referred:

From C. Norman and eight others praying for the improvement of Birch street, from Fifty-first to Fifty-third street:

From P. R. Davis, in relation to the building of a sidewalk along his property on Irving avenue.

From C. Paulson and others praying for permission to construct a shed, 12 by 12 feet in dimensions, at the slip at the foot of Fourteenth street.

From P. A. Peterson and A. G. Snow, asking for renewals of saloon licenses.

A remonstrance from A. Gilbert in the matter of his assessment for the improvement of Third street, from Duane to Commercial street, was read and referred to the Committee on Streets and Public Ways.

A communication from Clerk G. W. Lounsbury, of the Astoria Water Commission, advising the Council that the commission had no hydrant on hand at present for installation at Exchange and Sixteenth streets, was read and ordered filed.

A communication from Jacob Kasky, complaining of an unjust assessment of his property for the improvement of Hume avenue from Bond to Commercial street, was read and referred to the board of street assessors.

A communication was read from S. C. Norton complaining of the accumulation of lumber at the corner of Fourteenth and Exchange streets, in terms at once forcible and sarcastic, and the matter was referred to the Committee on Streets and Public Ways and the Street Superintendent, for adjudication.

Under the head of reports from committees, the following matters were disposed of as hereinafter indicated:

The protest of Mrs. Badollett against the payment of accumulated interest on delinquent assessments for street improvements, as against certain of her property, was not allowed.

The matter of the purchase of an adding and listing machine, was reported upon adversely and the report adopted.

Bonds were approved in the matter of the saloon licenses, and the latter allowed, in the cases of N. Siemensen, William Bock, Henry Jones, C. H. M. Greenwall and Curtis & Bartelsen.

The following bills were reported back from the several committees having them under reference, as duly audited, and same were ordered paid by the Council:

The following ordinances were then presented from the Committee on Streets and Public Ways, and read first and second times and duly referred:

Providing for the issuance of bonds, in the sum of \$674, in payment of Dill & Young as balance due on contract for improvement of Twenty-sixth street from Exchange to Franklin avenue, the bonds to run for five years and draw 6 per cent per annum.

Providing for the acceptance of the improvement of Columbia avenue from Taylor to Alameda. This, under suspension of rules was read a third time and passed.

The following ordinances were reported back from committee for third reading, were read, and passed by the council:

Providing for improvement of Alameda avenue.

Providing for an appropriation in the change street from Nineteenth to Seventeenth street.

Providing for an appropriation in the sum of \$33.00, balance due W. A. Good in on contract for improvement of Commercial street from Hume avenue to Harrison avenue.

Providing for an appropriation in the sum of \$4667.80, in favor of Dill & Young, balance due on contract for the improvement of Commercial street, from Twentieth to Twenty-third street.

Providing for the issuance of bonds sum of 467.80, in favor of Dill & Young, balance due on contract for improvement of Exchange street, from Twenty-third to Twenty-first street.

Providing for an appropriation in the sum of \$263.25, in favor of Dill & Young as balance due on contract for improvement of Exchange street from Twenty-third to Twenty-first street.

Providing for an appropriation in the sum of \$3491.0 in favor of Dill & Young, as balance due on contract for improvement of Exchange street from Twenty-third to Twenty-first street.

Three ordinances were then passed providing for settlement in full with C. Palmberg, for balance due on contract for improvement of Exchange street, from Nineteenth to Seventeenth street, for bonds, and appropriations, aggregating a fraction over \$2000.

Miscellaneous matters reported back to the Council, from the committees and finally disposed of, were as follows:

Petitions of Johnson Bros., and others for repair of slip at foot of Twelfth street, granted:

Certificate as to completion of repairs on Engine House No. 3, adopted.

Certificate of completion of Drain on Thirty-fifth street, adopted.

Certificate of completion of contract for improvement of Columbia avenue from Taylor avenue to Alameda avenue, adopted.

Petition of S. C. Welch for permission to pay for assessed cost of improvement of Exchange street from Twenty-third to Twenty-first street, in monthly installment, ordered placed on file.

Resolution establishing grade on Birch street from Fifty-first street to Fifty-third, 30 to 75 feet above the base of grades, adopted.

Resolution to improve Eleventh street, from the North line of Harrison avenue to the South line of Kingston avenue, with sidewalks, etc., adopted.

Resolution directing the city board of assessors to establish an assessment district for the improvement of Columbia avenue from Taylor to Alameda, involving a cost of \$1300, etc., was adopted.

Resolution providing for the improvement of Birch street from Fifty-second to Fifty-third street, adopted.

A belated ordinance providing for the acceptance of drain at Sixth and Exchange streets, was read first and second times and referred.

The matter of the claims of Mrs. Helen Hood for relief in the matter of street assessments, was referred back with request that they be presented in writing.

City Surveyor Tee was directed to make and file a report in the matter of the improvement of Kingston avenue from Eighth to Eleventh street.

A requisition was presented and allowed in the matter of some minor repairs needed in, and about, No. 3 Engine house cementing the bell tower bases, building a hayshed, etc., etc., in the sum of \$90.00.

The Council then adjourned until council in course.

JAPAN IN CHARGE

Will Protect Korea Until Latter Is Strong

KOREAN EMPEROR OBJECTS

Loudly Protests Against the Demands of the Mikado and Conflict Between the Civil and Military Authorities May Result—Jap Troops at Hand.

Seoul, Nov. 20.—The conference between Japanese envoys, headed by Marquis Ito, after nearly a week's effort, has secured the consent of the Korean cabinet, to the Japanese demands for the appointment of a Japanese administrator to govern Korea under the emperor. Japanese administrators at all Korean treaty ports, and the transfer of Korean diplomatic affairs to Tokio, and there will be no arrangements with foreign powers, without the consent of the Japanese.

The ministers of foreign affairs and agriculture will continue to hold out. The conference between Baron Hayashi and the Korean cabinet Friday, led to an argument of so violent a nature as to attract attention in adjacent avenues. It resulted in the foreign ministers dramatically denouncing the proceedings and seceding themselves with the emperor, who ordered all ministers who consented to be assassinated. A conflict between the civil and military authorities is now expected, and Baron Hayashi has already sent out a strong circular to all Japanese consuls to administer justice impartially. About 30,000 Japanese soldiers are billeted on the people.

Japan in Charge.

London, Nov. 20.—The Tokio correspondent of the Standard says that under an agreement by which the Japanese will exercise suzerainty over Korea, she will take charge of all the foreign relations of the country, until Korea is strong enough to maintain independence, and internal affairs have been confided to the Japanese governor general. The correspondent of the Telegraph adds that Marquis Ito has assured the Korean emperor that the progress of Korea will determine the length of the suzerainty.

GOOD NEWS.

Many Astoria Readers Have Heard it and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Astoria are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. People are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. J. O. Stearns of Mt. Tabor, Portland, Oregon, living on West Washington block, on Morrison street, says: "The merit of Doan's Kidney Pills is beyond question. My husband procured a box for me and their use relieved me of backache and other symptoms of kidney complaint, which had given me considerable annoyance for some time. Any one suffering from this most prevalent ailment, judging from my own experience and from the benefit I received, will consult their own health and comfort by giving Doan's Kidney Pills a trial."

Plenty more proof like this from Astoria people. Call at Charles Rogers' drug store and ask what his customers report.

MRS. M. A. OXFORD DEAD.

The death of Mrs. M. A. Oxford, occurred at her home on Duane street, at an early hour this morning. Spinal meningitis was the cause of death.

Adulteration goes full length in spices and flavoring extracts—you think it isn't worth while to cheat in such trifles—four-fifths of "vanilla" is tonka; cost's one or two cents for "\$1-worth". Schilling's Best are entirely pure; at your grocer's.

A Word About Yorkshire Suits

Wise is the only man in Astoria who has them; as a rule fine houses in the largest cities carry these clothes.

Each clothier selects his own name, some call theirs "The Chesterfield," "The Buckingham," I call mine the "Yorkshire." These clothes are made by Sturte, Mayer & Co., Chicago; who do not advertise at all, but they are known by all clothing men as the makers of the highest grade clothing in the United States.

Suits to sell from \$22.50 to \$40.00 and there are not a dozen tailors in all of the largest cities who can equal their work; a big boast but a true one.

The Benefits of Modern Plumbing.

One of the most generally approved ideas of modern plumbing is that of installing one-piece lavatories supplied with hot and cold running water in the sleeping apartments and dressing chambers of the individual members of the household.

The benefits derived from this arrangement will not only be found necessary to modern living, but also prove a source of convenience and comfort to the occupants.

Send for a copy of booklet "Modern Lavatories," which shows the complete line of "Standard" One-piece Lavatories with approximate prices in detail.
