Americans in Hock.

Robert Findlay and Charles Grant, sealers who were captured by Russians when on the Japanese sealer Hokusei Maru confirm the report published some months ago that C. T. R. Thompson, of San Francisco; Edward McNeill, of Victoria, and Joseph Knapp of Washington, as well as a native of Guam, are in prison at Khabarovsk, on the Amur river. Their schooner, Kyochi Maru, was seized and destroyed. They were captured by the cruiser Lena on August 16, 1904, when on the rookery at Robbin island. They had clubbed 240 skins when arrested.

Eskason's Master.
 The British steamship Eskason arrived in Portland harbor Wednesday afternoon and tied up at the Southern Pacific dock, south of the steel bridge. The remains of Captain Townsend, who was killed by falling from aloft while the vessel was rounding the Horn, were taken to Holman's chapel, whence they will be removed to Cape Breton, Canada for interment. Services will also be held in Holman's chapel under the auspices of the Masonic fraternity.

Sea Wolf Again.
 It is reported that Captain Alex. DeLean, who has been called a sea wolf by an author longing for advertisement, is about to purchase the small schooner Ella G., now in the upper harbor, which vessel he intends to use for halibut fishing. Within the last few days Captain McLean has asked several sealers if they would join a halibut fishing vessel. Captain McLean could not be located yesterday to confirm or deny the story. The Ella G. is a small schooner which formerly hailed from Seattle. She went ashore at Clayoquot, on the Vancouver Island coast, and was sold by her crew to Stockham & Dawley for \$280.—Victoria Colonist.

Latest From Roanoke.
 San Francisco, Nov. 30.—The Merchants Exchange has received a report from Point Arena, Mendocino County, stating that at 3 o'clock this morning a steamer with another steamer in tow passed that place, bound south. The vessel in tow is supposed to be the steamer Roanoke which lost her rudder off Eureka on Tuesday morning.

Urinary troubles, diabetes.

Doan's Kidney Pills cure them all.

J. Blake, whose place of residence is 525 Market street, Portland, says: "I bought several boxes of Doan's Kidney Pills and I scarcely think if the first had not proved satisfactory that I would have tried the second and third. I have used almost everything said to be a cure for weakened kidneys and bladder, but nothing ever gave me the satisfaction I received from Doan's Kidney Pills. They are easy to take, have no effect upon the stomach or bowels and act directly on the kidneys. I thoroughly believe from the results I received and also from observation that Doan's Kidney Pills are one preparation on the market which acts directly as represented."

THE SOLDIERS QUIT

Football Game Ends in a Dispute Over Rules.

NO SCORE IN FIRST HALF

At Beginning of Second Half Ball Goes Over Side Line and They Want to Kick it Over—Umpire Decides Against Them and Stevens Refuses to Play.

(By C. H. Abercrombie)

For just one half Fort Stevens played hard ball, then their tails went up, the yellow crept up into their necks, their feet became chilled and the brawny soldiers of Uncle Sam walked off the field for all the world like 11 great big babies, the hoots and jeers of the crowd attending them. Manager Cooper, and Captain Watson were the first to holler quit, and the rest of the aggregation were not slow to take up the cry. It takes nerve to play football, that is the reason the soldiers refused to play longer. The army men were so confident of winning, that when they found things were not coming their way so easy, they forthwith looked sharp to save them from defeat. Watson, their captain said before the game, "We will win fair is possible, foul if we must; if we can't win that way we will quit." Result was they quit.

The game started off with Stevens kicking to Commercial. Higginbotham got the ball, advanced it 15 yards, Painter on the first play went over tackle for 40 yards, Blair netted 5 more. Goddard then went through center for seven yards. Painter again trips tackle for three, Blair makes two over center. Gammal four over left guard, and Painter again goes outside of tackle for five. By repeated masses in tackle the ball is carried to the soldiers 15 yard line where it is lost on a fumble.

The soldiers started pounding the line with Hoover carrying the ball; by short

gains they carried to ball to Commercial's 30 yard line, where the soldiers were held. Again the march for the Stevens goal was taken and the center of the field reached, and Stevens held. Stevens failed to gain and were forced to punt. Tully got the ball for no gain. By a succession of heavy mass plays Blair, Painter and Higginbotham carried the ball to the center of the field, only to lose it on downs. Stevens made one play for no gain and time was called.

The second half started with Commercial kicking to Stevens. The kick was poor, going only 15 yards, one of Steven's men tried to catch the ball but fumbled, the ball going out of bounds. Mathena fell on the ball, and it was Astoria's ball. Stevens commenced to argue. Referee said play ball. Referee took ball in 15 yards, and on first play Commercial scored a touchdown, from which a goal was kicked. Stevens said: "We won't play" unless the ball was started from the center of the field, which Commercial very promptly refused to accede to, so the "brave boys in blue" went home to ma.

Such boys' play was never seen on an Astoria field before and we hope never will be seen again. Time and again has the same thing happened to Commercial when they have met Stevens, but heretofore Stevens had always been allowed to have their own way. This time because they couldn't, notwithstanding the referee had decided against them they walked off the field, showing a spirit that can be called anything but sportsmanlike.

Commercial played their usual good hard game, and proved their superiority and would easily have run up a score in the second half if given an opportunity.

Graham, Gammal, Blair, and Painter played a spectacular game, long runs and good hard line smashing. Sutton was slightly hurt in the first part of the game and retired, Tully going from end to tackle and McCronen going in at end, where he put up some fine ball.

The game as far as it went was good; but the disgraceful and babyish conduct of Stevens in the second half, spoiled the game to a great extent.

HOME-LAND SENTIMENTS.

Logan's hall was comfortably filled last night with men and women of Norway, in attendance upon the jubilee meeting called in conjunction with the Thanksgiving holiday. The primary object of the gathering was to take due and loyal notice of the recent great changes that have transpired in the home-land and to celebrate the installation of the new king, as well as the surcease from turmoil and trouble in which Norway has delved for the past year or more. Inspiring addresses were made by the Reverends Malone, Peterson, Haaner and Nanthrup and by Oskar Thompson, while the nation's songs were sung by the Norwegian Singing Society, the whole interspersed with recitations and happy references to the popular subject in hand. The meeting broke up at a late hour and was pronounced a genuine success by those who were present.

 Ottawa, Ont., Nov. 30.—The Dominion government has joined the Quebec government in sending a party to survey the Hamilton river on the Labrador coast. This is done for the purpose of ascertaining if timber has been cut on Canadian territory lease of New Foundland.

FEVER AT THEPO.
 Panama, Nov. 30.—The sanitary department has extended its work to Chepo, 40 miles away, where recently a few cases of fever occurred among the foreigners employed in building the government road. The town has been thoroughly fumigated.

JEWELS FOUND ON PICKPOCKET.
 Buffalo, N. Y., Nov. 30.—Jewels worth from \$3000 to \$4000 were found on an alleged pickpocket by detectives here yesterday. The prisoner gave the name of "Walter Dixon," and boasted that he was well known to the police of the West. The jewelry found on him was stolen from the home of Former Mayor White of Woodstock, Ont., on Tuesday.

Constipation.
 Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla. writes, Feb. 12, 1902: "Having used Herbine, I find it a fine medicine for constipation. Sold by Frank Hart."

MRS. TODD AGAIN

Revival in Activity of Criminal and Civil Suits.

LAWYER WORKING ON CASE

Satisfactory Progress Made, He Says, But Does Not Feel Justified in Divulging Facts or Making Any Intimation of Them.

New York, Nov. 30.—There was a revival of activity yesterday both in the criminal investigation and the civil proceedings consequent upon the death of Mrs. Margaritta Todd, the wealthy New York woman found mangled on the Reading track in Philadelphia on October 27. Theron Davis, one of the attorneys for Mrs. Rosalie Tousey, Mrs. Todd's daughter, spent the day in Philadelphia, following strong clues, which are expected to reveal who the persons were who were with Mrs. Todd on the night of her death, including a man who met her at the railroad station in that city.

Mr. Davis returned from Philadelphia last night. "I made satisfactory progress," he said, "but do not feel justified as yet, in divulging the facts or giving any intimation of them. Such a course would be too likely to defeat the ends of justice. In this city, Ingersoll Lockwood, for many years the intimate friend and legal adviser of the dead woman, produced three documents purporting to convey portions of her property. Two of these were assignments of mortgages, the existence of which was unknown to Mrs. Tousey or her attorneys. They were dated in 1904 and transferred a mortgage for \$50,000 and one for \$40,000 from Mrs. Todd to Lockwood himself.

A copy of the third document was served by Mr. Lockwood upon the Lincoln Trust Company, temporary administrator of the estate, yesterday. It is the deed of trust by which Mr. Lockwood some time ago claimed possession of Mrs. Todd's personal estate, amounting by his own admission to more than \$100,000.

The deed makes Mr. Lockwood trustee of the entire personal estate, instructs him to invest the funds, and from the income pay Jennie M. Paine, at one time Mrs. Todd's maid, \$1000, keep \$1000 annually for himself and turn over the balance of the income to Mrs. Tousey. The trust terminates on Mr. Lockwood's death.
