PORTLAND MARKETS

Latest Quotations in the Portland Markets.

Complete Market Reports Corrected Each Day Giving the Wholesale Prices of Commodities, Farm Produce and Vegetables.

Portland, Dec. 18.—Vast quantities of California fruits and vegetables will be shipped to interior points this week, in addition to the supplies needed for the city and suburbs.

High prices prevail as a rule, but these do not reduce the demand this year, said one firm, because the Northwest has had good crops, which sold at high prices, and money is plentiful in the region tributary to Portland.

The poultry market is in a healthy condition and a good demand is looked for in all lines this week. One firm reports: "We want 50 dozen geese for next week, and can place them at good prices. Ducks will sell readily at top prices. Chickens are selling at our quotations, with not enough good hens to supply the demand. We look for good turkeys to sell very well next week. Ship all poor turkeys alive, and do not dress anything but fat stock."
