Portland Chamber of Commerce Looks Over Jetly,

WORK FOR FUNDS

Commerce Commission Returns to Portland and Speak Pleasantly of Their Trip Say Half a Million Dollars Should Be Appropriated for Columbia.

Portland, Dec. 22 -After having viewed the work done on the jetty at the mouth of the Columbia River and secured a comprehensive insight into the channel question through a consultation with the cicerones who look after the welfare of ships at the entrance, a committee representing the Portland Chamber of Commerce returned to the city last night with a determination to labor barder than ever for more funds to aid the improvements.

Those making up the party were: George W. Boschke, chief engineer of the Harriman lines in the Northwest; C. F. Adams, treasurer of the Port of 000,000. Portland Commission, and S. M. Mears. A. H. Devers and J. N. Teal, of the Chamber of Commerce. At Astoria they were met by Brenan Van Dusen and Gerald Bagnell, the latter being the United States engineer in charge of the improvements.

The Portlanders spent some time on the trestle, learning what had been accomplished and the difficulties under which operations were carried on. The entire works were inspected, and the though they had been given a thorough Frank Hart and leading druggists. insight into the project. While at Astoria they were in conference with the pilots, and secured the views of the "salta" regarding the mouth of the river, the channel from Portland to the needs in the interest of navigation and commerce.

"The plan proposed for the deepening of the bar and improvement of the lower harbor-will bring results, and it in St. Louis. Rev. Alexander Mann, recis only a question of securing the money tor of Tripity Church, officiated. Burial needed," said J. N. Teal today. "The was in Walnut Hill Cemetery, committee believes, after examining the work that it will stand for a continuing appropriation, say about \$500,000, for covering the expenditures up to July lat, and then a continuous amount so that the jetty can be completed. A forty-foot channel is assured if the project is carried out.

"The work that has been done on the about 500,0000 tons of rock dumped sale by Frank Hart and leading drug- his friends in the committee moved to there, and so far as the undertaking gists, has progressed it is in first-class shape. By the end of the year the amount of work authorized will be finished. The \$400,000 appropriated under the rivers and harbors bill has been spent, butrock is being delivered by the contractors on certificates which are payable when the \$300,000 provided for continnous contracts is available, under the sundry civil bill. When operations are suspended the plant will be left in such shape that it can be immediately started again, if we are successful in getting the neened funds."

The committee has not compiled the data secured on the trip, but this will be included in a report to be filed later, and it is said the fight for an appropriation under the sundry civil bill will be made as strong as possible. The idea of having money provided to insure operations until July, and then a provision for completing the work meets with favor among all directly interested.

Spirited Fight Between Two Republican Recriminations Indulged in by Members-Peace Is At Last Restored.

New York, Dec. 22.—During a contest which continued from 9 o'clock till nearly 4 o'clock this morning, marked at times by bitter recriminations, but concluding with mutual pledges of support, Central Committee was wrested from the adherents of Ex-Governor B. B. Odell by the faction headed by Herbert Parsons.

In reorganizing for the coming year the committee elected Herbert Parsons to the presidency in succession to William Halpin and chose other officers named by Parsons' friends.

The officers elected are: Chairman, Herbert Parsons; first vice-president, Senator Alfred R. Page; second vicepresident, Julius G. Kramer of the No Opium in Chamberlain's Cough fourth district; treasurer, George Blagden; sergeant-at-arms, Edmund Bodine.

The election of Mr. Parsons was secured at 2:35 o'clock this morning. It was made by acclamation and was reimmediately congratulated Mr. Parsons and in a brief speech promised him his hearty support. Mr. Parsons replied, Salt Lake City of the regular line of thanking the committee for his election. sleeping cars promises to be an atafter a lively fight in which he defeated travelers. Samuel Strasberger by a vote of 330 to 240. Mr. Strasberger voted to make the election unanimous and this was done. The other officers were chosen unanimously by acclamation.

Tactics of delay were adopted by the Odell faction as soon as the committee met and these continued for several hours. It is said that the motive for delay was to await the result of the speakership fight. Mr. Parsons and his friends did not propose to wait and announced their intention of organizing a committee if it took all night.
