Absurd Conspiracy in Columbia Falls Through.

WAS NO CASUE FOR ALARM

President Reyes Cables Consul General at New York That Conspiracy is of Little Importance and the Conspirators Are Now in Prison.

New York, Dec. 23.—Luis E. Bonilla, consul-general of Colombia, yesterday addressed the press as follows:

Sir: Kindly give publicity to the following important cablegram from his excellency, General Rafael Reyes, president of Colombia, in order that the true condition of the country may be known and confidence in the peace of Colombia assured. President Reyes is well capable of maintaining order throughout the country, being a man of indomitable will and possessing wonderful activity. Moreover, the large majority of the people in Colombia desire peace at any cost. The cablegram reads as follows: "Bogota, Dec. 21, 1905. Colombian Consul, New York: Absurd conspiracy discovered! Those responsible for it in prison. Will be judged by courtmartial. Country quiet. Peace secured. Ex-

change lowering from five to three. (Signed), REYES."

Enrique Perez, editor of The Pan-American Review, also made public a communication in which, after referring to the report that an attempt had been made at Bogota to dispose of President Reyes, he says:

"I am in a position to learn that what took place in the City of Bogota on the 20th inst., was simply a ridiculous conspiracy, discovered in time, and without any serious consequences. The conspiracy did not have the importance given to it by the correspondent of the State Department. There is not the slightest probability of a revolution in Colombia and despatches received from Bogota explain the occurrence as of no consequence whatever.

"While there may have been some local political excitement due to the lack of patriotism of a handful of political discontents belonging to the

party or the family of the defeated candidate in the last presidential election, there is no foundation for the report as it has appeared."

PORTLAND ASHORE.

Seattle, Dec. 23.—The steamer Portland is ashore on Spire Island, 9 miles from Ketchikan. She is leaking badly, and is perhaps a total loss. The waters are now above the boilers. The passengers were removed to Ketchikan in small boats. It is thought the ship struck in a dense fog. She was en route from Valdez to Seward
