

There is Coffee and Coffee and Coffee, but Bakers' Barrington Hall, the STEEL CUT COFFEE

Beats them all and satisfies the most fastidious.

40 CENTS A CAN

Costs no more than any other. Pure Mocha and Java prepared in a new way. The coffee berry is cut up (not ground) by knives of almost razor sharpness into small uniform particles. Thus it is not crushed, as by the old method of grinding, and the little oil cells remain unbroken. The essential oil (food product) cannot evaporate and is preserved indefinitely. This is one reason why a pound of Barrington Hall will make 15 to 20 cups more of full strength coffee than will any coffee ground the old way.

But the real significance of Barrington Hall Coffee is that it can be used without ill effect by those who find ordinary coffee injures them. Try it.

IMPORTANT WITNESS

Hadley Gets Valuable Witness Against Oil Trust.

THROUGH ANONYMOUS LETTER

Receives Anonymous Communication from "Wall Street Clerk," Suggesting John Corkhill as Witness—Corkhill is Subpoenaed and Will Tell all he Knows

NEW YORK, Jan. 12.—Through an anonymous letter signed "A Wall Street Clerk," Attorney-General Hadley of Missouri discovered yesterday a witness whose testimony, it is declared, will probably do more to disclose the secret workings of the Standard Oil Company than that of all the witnesses who have hitherto been examined in the inquiry before Commissioner Sanborn. This witness, John Corkhill, began his business career as John D. Rockefeller's office boy and worked his way up until he was confidential man to W. E. Bemis, manager of the Standard's clearing house, where the relations between the subsidiary companies and the Standard corporation are laid bare. Mr. Corkhill continued with the Standard until John D. Rockefeller's retirement from active management. Then followed a period of retrenchment and he resigned.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 25c. in stamps for sample to The Herpicide Co., Detroit, Mich.

William Rockefeller, and others who have been subpoenaed and not yet placed on the stand, will escape examination.

"I am anxious to get home, but I will permit no personal considerations to interfere with the inquiry. Mr. Rockefeller, Mr. Archibald, and all the other Standard Oil men I can catch, with the witnesses outside of the Standard forces will be examined before I leave New York."

Mr. Hagerman, who has been the head of the Standard attorneys since the hearing before Special Commissioner Sanborn began, had no hesitancy yesterday in admitting that in the event of an adverse ruling by Justice Gildersteeve, Mr. Rogers' case would be taken at once to the appellate division of the supreme court.

"Anything for delay," said Mr. Hadley, when he was first told of this. "No matter how long it takes though, we'll get at the facts."

Attorney-General Hadley and Attorney-General Mayer of this state had a talk at the Waldorf last night. Mr. Mayer said that the meeting had been purely social. He was desirous of knowing Mr. Hadley. The Standard Oil case had been talked over as a matter of course, but there was no possible part for his office to play in it.

It's coming soon.

COMMITTEES MEET

Old and New Football Rules Committees Meet.

THEY FAVOR AMALGAMATION

Yale and Harvard Are Willing to Join Forces With the New National Rules Committee, Toward Instituting Needed Reforms in Football.

NEW YORK, Jan. 12.—Football will, in all probability, reach a crisis tonight, when the old and new national committees meet the one at the New Netherlands Hotel, the other at the Murray Hill Hotel. Of the seven institutions—Yale, Princeton, Harvard, Chicago, Pennsylvania, Cornell, and Annapolis—represented on the committee which for years has regulated the rules throughout the country, Yale and Harvard have proclaimed their attitudes toward the recently organized national committee. Yale has instructed Walter Camp, her representative, to vote in favor of amalgamation with the recently formed body known as the National. Harvard has taken a more advanced step and announced that she washes her hands of the old committee and will send W. T. Reid, Jr. as her emissary to the McCracken body. Pennsylvania yesterday decided not to hamper John C. Bell, her representative, with instructions, although it was "The sense of the committee that its representative shall favor the reorganization of the so-called National Intercollegiate Football Conference."

Cornell and Princeton have given their representatives sealed orders. Of Chicago and Annapolis' intentions nothing is known.

The fact that Yale and Harvard have out the olive branch might be taken as an indication that at least a majority of the representatives of the other five institutions composing the old rules committee have similar instructions.

There has never been any question of the conciliatory attitude of the Nationals.

A Boon to the Bilious

Are you compelled to deny yourself many wholesome foods because you think they make you bilious? Do you know that your condition is more to blame than the foods? Your liver and stomach need attention more than the diet. When you find yourself suffering with a bilious attack, take

BEECHAM'S PILLS

and all annoying symptoms will soon disappear. They settle the stomach, regulate the liver and exercise the bowels. Their good effects are felt immediately. Beecham's Pills mingle with the contents of the stomach and make easy work of digestion. The nourishing properties of the food are then readily assimilated and the residue carried off without irritating the intestines or clogging the bowels.

Beecham's Pills should be taken whenever there is sick headache, furred tongue, constipation, sallow skin or any symptoms that indicate an inactive liver.
