

### AFTER MANY YEARS

#### Two Long Lost Brothers Are By Chance United.

### HAD HUNTED FOR YEARS

#### Brothers Made Efforts to Locate Each Other—Woman Acquainted With One Brother Meets Other—Mistakes Him For Brother—Developments Follow.

CHICAGO, Jan. 18.—By being mistaken for his brother, whom he had not seen for sixty years, Dr. James E. Morrison has been united with the surviving members of his family not one of whom he has heard from since he left his father's home in Buffalo, N. Y., when he was eight years old.

Since 1845 the brothers have made constant but vain efforts to find each other. The end of their long separation was brought about by their remarkable likeness.

Dr. Morrison lives within five blocks of his brother, John C. Morrison, in Chicago, but neither was aware of the fact until yesterday when the doctor, who was walking near his home, was accosted by a woman who addressed him as "Grandpa."

"You must have made a mistake," he said.

The woman scrutinized him closely. "Why," she explained, "this must be Grandpa's lost brother!"

"I have a brother whom I am hunting," said Dr. Morrison.

"What is his name?"

After explanations had been made the woman, who was Mrs. Christina Morrison, a daughter-in-law of John Morrison, took Dr. Morrison to the home of Martin N. Clark, another member of the family. John was sent for, and the rest of the day the two brothers spent telling reminiscences and trying to grasp the fact that had found each other.

John Morrison has ten children, all

of whom live in Chicago. Three with Mrs. Eliza Newman, sister, Dr. Morrison's three children, Mrs. Franka F. Sim, of Topeka, Kas., Mrs. Hattie Steele, of Chicago and George E. Morrison of Grand Rapids, Mich. and an aggregate of twenty seven grand children, will make up a family reunion which will take place Sunday.

#### Kongo's Salt Marshes.

The salt marshes of the Kongo region are to be found in considerable number in the district of Sambalt, and there are also many of these marshes on the left bank of the river Lufubu. In general they represent a kind of pocket or rift in the soil. The walls of the rift show first a layer of blackish clay mixed with sand and containing numerous quartz and siliceous pebbles, or more exceptionally black and white shells, fragments of oyster and mussel. Then comes a layer of stratified and gray-blue schist. The soil of the depression also contains schist as the greater constituent and is covered by a layer of sandy clay. In order to collect the salt the natives dig a funnel shaped hole from six to ten feet in diameter and about three feet deep. The cavity soon fills up with a warm and clear water, which is strongly charged with salt. It comes up with considerable pressure, and the liquid seems to boil. The salt is partly precipitated at the bottom of the cavity and mixes with the soil to form a blackish mud. The latter is washed out with hot water to extract salt, which is then crystallized from the solution. The product which is thus obtained is of a salty gray color, and its taste is more alkaline than that of European salt.

#### As Up to Date Dream.

"I dreamed I owned a fine automobile." "You must have had a horseless nightmare."—New York World.

### STILL STUBBORN.

#### Bryan not Yet willing to Give Up Old Independence Ideas.

SANDKAN, Borneo, via Manila, Jan. 18.—After leaving the Philippine Islands on his way to visit India, W. J. Bryan made the following statement to the Associated Press.

"My visit to the Philippines has been very interesting and instructive, and I appreciate the facilities afforded me by the civil and military authorities for a thorough investigation of the Filipinos. This has enabled me to collect much knowledge, which I hope to use for the benefit of both the American people and the Filipinos.

"The promise given by the rising generation of the natives to use the English language, surpasses my expectation more than anything else.

"My views regarding the Independence of the Islands have not changed."

### MAKES WORK EASIER.

#### Astoria People Are Pleased to Learn How it is Done.

It's pretty hard to attend to duties with a constantly aching back; with annoying urinary disorders. Doan's Kidney Pills make work easier. They cure backache. They cure every kidney ill.

John J. Keating, painter, of 301 1/2 First street, Portland, Ore., says: "I had dull, aching pains in my back for a number of years. They were often so severe that I had to quit work for two or three days at a time. The kidney secretions were irregular and scalding and I suffered also from headaches and dizziness. My back was always lame and sore in the morning. Physicians failed to help me and no medicine did me any good until I began using Doan's Kidney Pills. They relieved the urinary difficulty and the heavy aching in the back disappeared.

Plenty more proof like this from Astoria people. Call at Charles Rogers' drug store and ask his customers' report.

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Success is stamped on every package. It is the most successful remedy known. It makes you well and keeps you well. That's what Hollister's Rocky Mountain Tea does. 35 cents, Tea or Tablets. Frank Hart, druggist.
