THE NON-ADVERTISER.

The advertising man is the successful man. This does not mean that he must use every medium at hand nor exhaust his revenues indiscriminately.

THE HANDY DOLLAR.

The dollar in circulation is the man-maker, the city-builder, the business antidote, the commercial dependence, the up-holder of the market: The hidden dollar, the dollar in reserve, on deposit, silent, inoperative, and innocuous, is worth its face as a mere possession, perhaps, but contributes nothing to the movement of life and its correlative activities.

THE PASSING VETERAN.

The youngest of the veterans of the civil war must now have attained the three-score mark of life, many have passed it, and are slowly moving to limitations that every human must face, and drifting into the shadows.

for, and with, the sires that saved the land and made it the refuge, the pride the glory, of all men.

THE FUN MAKER.

This would be a sorry world without the fun-maker: He is the safety-valve that eases off the burdens of business life and keeps the vision clear and the mind relaxed.

EDITORIAL SALAD.

Many a reigning society bell does not know enough to go in when it rains.

If a man is attentive to his wife it is either because he loves her or is afraid of her.

Maybe it was impunity instead of immunity which Commissioner Garfield assured to the beef packers.

Women may be able to make cake according to directions, but they can't manage husbands that way.

That mysterious lot of unlisted bonds in the Yerkes estate probably constitutes a part of the water reserve.

The human face is like the pocket-book—it is not the outside beauty, but the value within that counts.

Senator Ben Tillman becomes leader of the administration forces in the senate by virtue of senatorial courtesy.

Japanese women in the past had to marry. If they were single at 20 husbands were selected for them by law.

In the stock margin business "A Traders' Market" means one of which the suckers are scalded instead of being skinned.

The next great international event in Washington will be the egg-rolling festival on the White house lawn, in respect to the younger children.

There is a lot of argument in the plea of the oleomargarine manufacturers that if the honest dairyman did not color his butter the dishonest oleo-maker would not find the practice necessary.

Rev. Anna Howard Shaw, of Philadelphia was elected president of the Woman's National Suffrage association. "Give me the first seven years of a child's life," said a wise man, "and you may have the rest. These are the ones that count."

The president say he wants to shoot elephants and tigers. The insurgents make him feel that way—and they better watch out. First thing we know congress will be handed a big bill by some damaged citizen.—New York Commercial.

Susan B. Anthony, the famous suffragist, was 86 years old Thursday.

As chairman of the committee on the Potomac River Front, Senator La Follette should at least reassure us oc-

asionally with a report that all's quiet along the Potomac.—Washington Post. It is reported that President Roosevelt wants to go to Africa to shoot hipopotami. Inasmuch as that is impossible, he might wrestle with Secretary Taft as a substitute.—Baltimore Herald.

Consumption Increasing

Average Now Is Four Hundred Deaths Per Day.

Does the reader of this paper realize that this very day, in this country alone, our hundred homes are each made sad by the death of a victim of consumption? Tomorrow will be a repetition of today's calamity, and so it will go on until the people come to realize the fact that a very large number of these deaths are entirely unnecessary.

Consumption is both a contagious and curable disease in its first stages. Yet many intelligent people do not realize this fact.

As our druggist, Charles Rogers says, "drugs and cough syrups for bronchial and lung troubles are only palliative and do no permanent good; they may deaden the cough and stimulate the patient for a time but they do not cure, and they usually upset the stomach and have a bad-after effect.

Eminent physicians, however agree that when the symptoms of lung trouble first appear, if the patient will obtain all the sunshine by day, and fresh air by night possible, eat sound bread-stuffs, good meat, eggs and milk in abundance, and take the best cod liver preparation to be found they will employ the surest means known for a cure.

The undersigned will guarantee Vinol to be the best cod liver preparation. It is not a patient medicine as everything in it is printed on the bottle and it contains in a highly concentrated form all of the curative body-building, medical elements of cod liver oil actually taken from fresh cods' livers, but no oil to clog the system, upset the stomach and retard its work. Any one can try Vinol on our guarantee to refund their money if it fails to give satisfactory results, Charles Rogers, Druggist.

S. L. Apple, ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and I do not hesitate to recommend it as the best cough syrup I have ever used." 25c/50c and \$1.00. Sold by Hart's drug store.

Taken as directed, it becomes the greatest curative agent for the relief of suffering humanity ever devised. Such is Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. Sold by Frank Hart.

Consults A Physician

But does NOT Tell Him All.

Few women confide fully in a physician. They simply will not tell him all. That's why many doctors fail to cure female diseases.

Every woman dreads the ordeal of the physician's consulting room. A sensitive, refined woman shrinks from the searching questions and the physical examination!

It is not so in writing to Mrs. Pinkham. Thousands of women owe their present health and happiness (yes, and their good looks, too) to the fact that they have told all their physical troubles to Mrs. Pinkham and followed her advice and been cured of female diseases.

Lydia E. Pinkham's Vegetable Compound

Cures more women every year than any other medicine in the world. If you are in doubt about your case, write in perfect confidence to Mrs. Pinkham, Lynn, Mass. You will receive in reply a personal letter of advice free.

DEAR MRS. PINKHAM:—For three months I was sick in bed with female trouble and had four doctors, who all agreed that I must undergo an operation. My sister advised me to try Lydia E. Pinkham's Vegetable Compound before I submitted to an operation. I did so and am very glad to say that after I had used five bottles I was restored to perfect health, which I have enjoyed ever since. I am only too glad to recommend your medicines, as they saved me from an operation which might have proved fatal. Mrs. M. KUTNER, 556 South Main St., Los Angeles, Cal.

Mrs. Hayes also profited by Mrs. Pinkham's advice.

DEAR MRS. PINKHAM:—Sometimes ago I wrote you describing my symptoms (fibroid tumor) and asked your advice. You replied and I followed all your directions carefully and to-day am a well woman. 22 Ruggles St., Roxbury, Mass. Mrs. E. F. HAYES.
